Board of Adjustment Apr. 29, 2019

By: MJ

Present: Mr. Dan Nye; chair, Mr. Tim Stoker, Mr. Ed Mooney, Ms. Mary Jo O'Rourke and Mr. Cody Birkenbuel.

The Board of Adjustments is a group of appointees that may, in appropriate cases make special exceptions to an ordinance like the zoning document. A permittee with a grievance over a decision rendered may appeal to the Board of Adjustments.

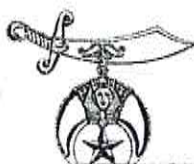

YMCA: The city zoning board approved the application for the expansion of the gym, gym vestibule; summer camp and child watch on the first floor with a running track on the 2nd floor as well as a new group fitness with a requirement that; the Southwest Montana Family YMCA enter into an agreement with the city that the parking areas shall be paved within 12 months of construction completion. *The zoning document requires any parking space over 4 must be finished with pavement, cement...*

Mr. Todd Rouse appeared before the Board of Adjustments explaining that to pave the lot would cost around \$70,000± and this would be a hardship. The entire project cost will be 3.2 million dollars not including the cost of paving parking area. **NOTE:** Rouse explained parts of the improvements would have to be deleted in order to pave the lot. **Example:** Eliminating the climbing wall, children's summer camp... They are looking for grants. Mr. Rouse will bring back to the board a list of projects that may be eliminated to the Public meeting May 3rd @ 7:00 pm at city hall. If you are interested you may want to attend this meeting.

Ms. O'Rourke explained that the gravel lot could not be stripped and she ask that an expert on dust control would be brought in to evaluate the dust problems since 2006 when the lot was created. **Question:** Would it be advisable for the city to acquire an air quality study in order to make better decision by capitalizing on actual facts. **Note:** Anything the wind can blow, whether it comes from Dillon, the county, or out of state, it will have an affect on the air quality of Dillon. **Question:** What about the dirt roads throughout the town that are used daily by the residents?

Mr. Rouse was asked if they would be amenable to using some other kind of sealant? He will have information at the **Public Meeting May 3rd, @ 7:00 pm City Hall.**

Question: What happens if the YMCA does not pave the parking lot? Does the **City Council** close them down? Is this what happens when your regulations are not flexible and don't work with individual projects?

Dillon Lions Club Annual Live Lobster Fundraiser

The Dillon Lions Club is again holding its annual spring sale of fresh, delicious Atlantic lobster!

Have your order form and payment to us by Monday, May 13 at the very latest. These order forms, with more detailed information including price, are available at the Vigilante Electric Cooperative Office near the county courthouse and at Precision Eye Care and Optical at 25 Johnson Ave. immediately north of Safeway.

You can pick up your live lobsters on Saturday, May 18 between 1:00 and 3:30 P.M. at the Vigilante Electric Cooperative parking lot across from the courthouse main entrance. And if you'd like, Lions Club members will even cook them there on the spot for you to take home at no extra charge!

May Art Exhibit at Tendoy Fine Art

Elise Davis will be the featured artist at the Tendoy Fine Art Gallery in Dillon for the month of May. A reception celebrating her work will be held Sunday, May 5th at the gallery located at 120 N. Montana Street from 12:00 to 3:00 P.M. The reception is open to the public and refreshments will be served.

FAWN RIDGE FIRE

by "Swede" Troedsson (Missoula, '59)

On August 3rd, 1959, eight of us, under leadership of Bob Nicol (MSO-'52) were dispatched from Missoula to the Fawn Ridge Fire, located in the Salmon River drainage, on the Bitterroot National Forest. The spotter was Roland "Andy" Andersen (MSO-'52), and the Ass't Spotter was Larry Nelsen (MSO-'56). Bob Nicol's jump log shows that Cookie Calloway was the pilot in the DC-2, N4867V.

The jump spot was on a ridge with huge ponderosa pine trees. Roger Savage (MSO-'57) states that the Master Action Sheets show the following: The fire was jumped at 1800; was reached at 1830; was controlled by 2100; and we left the fire at 1440 the next day.

Bob Nicol further recalls --- "we had the fire pretty much out that evening and started mopping up. The next morning we completed the mop up and stacked our gear next to the trail. About noon we declared it out and hiked down to Lantz Bar."

Bob further states: "Frank Lantz was an older prospector who filed a mining claim where Little Squaw creek runs into the main Salmon River. That was probably in the late 1920's or 1930's. He was a very interesting person and I had heard about him from my father who worked on the Magruder district in the mid 1930s. I don't think he ever had a homestead deed for the property."

Bob further relates from his jump log: "Anyway, as we were not issued a radio, we had not had contact with anyone since the jump and I figured that he" (Frank) "would be on the back country telephone line. And he was. One of the first things he told me was that "Your boat will be here in an hour or so." Needless to say I was pleasantly surprised and so was the crew. I had heard about the new jet boats that were working the Salmon River but had never seen one." Bob Cushing (MSO-'59) recalls --- "the jet boat was the only thing powerful enough to get us up the Salmon River." (A boat ride would save us a 12 mile hike to the Corn Creek boat ramp).

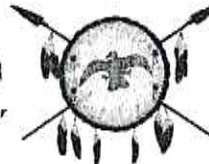

While waiting for the jet boat Frank turned us loose in his beautiful orchard and garden.

Bob continues: "When the boat showed up we piled in and took off upstream. What a deal! Sitting in comfortable chairs, enjoying the ride and the guide even provided us with a big ice chest full of all kinds of nectars."

Bob states further: "In much too short of time we arrived at the Corn Creek boat ramp. That is where the road to the outside world ended and to the best of my knowledge it still ends there. A Forest Service truck took us to the Salmon station where we spent the night. The following morning one of the Johnson Flying Service DC-3s came in and flew us back to Missoula."

Letter to the Editor

One of the high-lighted subjects for the 2020 Democrat presidential campaigners is the matter of climate change. The leader on the subject is New York's "AOC" with her Green New Deal, insisting that we have to end our CO2 emissions in ten years or suffer a catastrophic destruction of Earth! Thus, many are avowing at least eight supportive probabilities, among which is a common saying that "97 percent of scientists agree that catastrophic change is occurring".

A curious author in the April 22 edition of "The New American" magazine decided to learn from what that statistic was derived. In 2009 two individuals from Univ. of Illinois at Chicago sent out a survey, regarding the question of human-creation of climate change, to 10,000 scientists. 3,146 responded with 77 self-identifying themselves as "climate scientists." 75 of the 77 agreed that humanity was doing the "changing." That calculates to that "97.4" percent! But suppose you divide 75 by the 3,146. Hmmm. That's only 2.4 percent! Are we substantially misled???

Any one can go to Internet's "The New American.com" for a copy of that April 22 magazine and check out FACTS on seven others of those acclaimed climate-change probabilities. Expect to be shocked by the facts that lead you to conclude just the opposite of most proposals of propagandists. For instance: (2) Is Earth getting warmer at a dangerous rate? (3) Are rising sea levels threatening destruction? (4) Will the world be flooded by a small amount of warming of polar ice caps? (5) Are Arctic polar bears increasing or decreasing in numbers? (6) What do scientists actually think about the sun's effect on global warming? (7) Are scientists really in agreement about increased global temperatures by the year 2100? (8) Does most CO2 in the atmosphere come from human resources?

It is easy to be misled by those who have an agenda. But clear-headed, honest people can be greatly rewarded with a little diligence in checking the facts as well as they can. It is infinitely more certain that some of mankind will suffer greater in the foreseeable future from GOD-made climate change than that of man-made. Read chapters 15 and 16 of the Bible's book of Revelation. When mankind goes to its final limit of God-rejection, among His bowls of wrath is the 4th one of 16:8,9 when men shall be "scorched with great heat"! THAT should get our best attention!

UMW Road Scholar Instructor Recognized for Dedication to Education

Lee Harry, Road Scholar instructor through the University of Montana Western's School of Outreach, was featured in the March 2019 Road Scholar Newsletter for his commitment and passion to lifelong education through the outdoors and UMW. Harry first got involved with Road Scholar programs about 12 years ago due to his interest in teaching others about nature and the great outdoors.

Road Scholar was founded in 1975 as Elderhostel, a not-for-profit education organization focused on learning by experiencing the world. Road Scholar's mission is as follows:

"Road Scholar inspires adults to learn, discover and travel. Our learning adventures open minds to new ideas and deepen understanding of oneself and of the world's peoples, places, cultures, history, and environments. A true university of the world, not-for-profit Road Scholar's meaningful - often transformational- educational adventures engage people for whom learning is the journey of a lifetime."

Road Scholar and the University of Montana Western began their partnership in 1978 when the Division of Continuing Education became an early Elderhostel sponsor. Under the direction of Susan Jones, the University of Montana Western became a supersite and offered more than twenty programs per year. Today the University of Montana Western continues offering

Road Scholar programs with a focus on providing quality educational experiences throughout the state of Montana and surrounding areas.

Harry teaches several classes each year that typically last for five or six days. These classes explore the Yellowstone and Grand Teton National Parks and offer a selection of different experiences from hiking and horseback riding, to cross country skiing and snowshoeing.

"Each program starts with structured classroom learning — preparing the participants before they set out into the field, reviewing the details of the program. In addition, we discuss the ecosystems, geology and different types of animals they may encounter on the trail. In terms of hiking, the emphasis is not about getting places 'aerobically.' Instead, we take our time to experience what is happening in the world around us," Harry states.

Harry's connection to Road Scholar instructors, staff and patrons inspires him to continue educating and maintain active involvement in the program.

"One of the best parts of Road Scholar is that it brings me into contact with people of very wide interests and knowledge. People who come to Road Scholar programs are pretty intriguing folks. Our mission is to provide a fun learning environment and a chance to bind to a community of people who share those interests."

To learn more about the educational programs and experiences offered by Road Scholar, visit roadscholar.org or call 406-683-7333.

ESTABLISHING A PHARMACY

In response to the overwhelming need from the Dillon community, Southwest Montana Community Health Center is moving forward in establishing a pharmacy in the old Mitchell Drug building at 125 E. Glendale.

"We are very excited for the opportunity to expand our retail pharmacy" services into the Dillon Community. Our staff is dedicated to providing personalized service at an affordable price, as we have in our communities for nearly 20 years," said Tammy Cox, director of pharmacy services for the SWMTCHC.

The pharmacy is expected to open in summer 2019, following a remodel of the building.

In the meantime, CHC pharmacies in Sheridan and Butte are available to assist with medication needs. Call Mac's CHC Pharmacy at (406) 842-7434 or Butte CHC Pharmacy at (406) 496-6001 to discuss options to obtain your prescriptions.

If you need a medical provider, now is the time to establish at our clinic by calling (406) 683-4440 for an appointment.

BARRETT
HOSPITAL & HEALTHCARE

The **Certified Medical Assistant** performs a variety of administrative and clinical tasks under the direction of the Clinic leadership and medical provider. The Certified Medical Assistant works in tandem with the

Clinic team for management of patient flow; assisting physicians with assigned procedures and taking, screening and initiating necessary telephone calls to patients. The Certified Medical Assistant is responsible for maintaining exam rooms, supplies and instruments necessary for use by physicians and ensuring cleanliness, sterility and equipment availability. The Certified Medical Assistant administers medications and injections, as ordered by physician. The Certified Medical Assistant performs all clerical duties required for maintaining complete and accurate electronic medical records. Successful candidates will have a passion for customer service excellence, team work and enjoy working with the public.

Minimum Qualifications: High School Diploma, GED or equivalent required. Graduate from an accredited Medical Assistant program and Certification in Medical Assisting required. Three to five years related healthcare experience and/or training, or equivalent combination of education and experience may be considered. Basic Life Support (BLS) required.

This position is Full Time and is eligible for the full benefit package.

To apply, please go to www.barrethospital.org and complete an online application. For more information, please email careers@barrethospital.org. Barrett Hospital & HealthCare is proud to be an Equal Opportunity Employer.
