Montana Western to Hold 122nd Annual Commencement

University of Montana Western Chancellor Beth Weatherby announced that the University's 122nd Annual Commencement will take place Saturday, May 11, 2019. The ceremony will begin at 11:00 a.m. in the Straugh Gymnasium on the Montana Western campus.

462 Montana Western graduates will be awarded at least 561 degrees by the end of the 2018-19 academic year. Of the 462 students, 91 have completed two or more degrees, and over 60% of the graduates are receiving honors by achieving a GPA of 3.33 or higher.

Weatherby said this year's program will include commencement speaker Casey Winn Lozar and will honor Susan Jones with the University's Alumni Distinguished Service Award.

"This is a real milestone in the lives of our graduates and their families. It is gratifying to see the culmination of the hard work on the part of our students, faculty and staff," Weatherby said.

Casey Winn Lozar is a member of the Montana University System's Board of Regents. Lozar was born and raised on the Flathead Indian Reservation and is an enrolled member of the Confederated Salish and Kootenai Tribes. He currently serves as Assistant Vice President and Outreach Executive for the Federal Reserve Bank of Minneapolis, a role he began in October 2018. Based out of the Bank's Helena Branch, Lozar engages with business, civic and education leaders in Montana and throughout the Federal Reserve's Ninth District to gather local and regional economic information that is leveraged to inform national monetary policy.

Susan Jones graduated from Montana Western in 1975 with two B.S. Secondary Education degrees and a K-12 library endorsement, followed in 1984 by a master's degree in education. Her passion in life has been focused on lifelong

National Teacher Appreciation Day

May 6th is designated as National Teacher Appreciation Day. The week of May 6th to the 10th is National Teachers Appreciation Week. Every year, the week is sponsored by the National Parent Teacher Organization (PTO) in an effort "to show our thanks and gratitude" to "to those who dedicate themselves to providing the educational guidance for our youth.

The role teacher's play in developing our children into informed critical thinking individuals has never been more important. Yet our society has placed an untold burden on our teachers today far beyond what teachers have ever had to shoulder. Today's teachers are constantly being assailed with burdensome tasks and duties that keep them from being teachers.

So it is fitting that we should take time to show our appreciation for all they do to make our educational system a success. However, no matter what kind of outpouring of gratitude we may express during this week we can never fully be able to pay back to those who make miracles happen every day.

We have one of the best educational systems in the world and it is not measured solely on test results. The desire to make education available for every child is the keystone of our educational success and that is why we need to show respect to those people who make this system of education possible.

As our society becomes more diverse the need for a literate citizenry becomes more crucial. Consequently the role of the teacher becomes even more vital. We cannot undervalue education in our society.

So during this week of appreciation let us take a moment not only to say "Thank You" to a teacher but also remember that teachers need more than a "thank you" once a year. As one teacher put it, "We don't need appreciation; we need respect for our line of work."

One of my favorite quotes on teaching is: "Teaching is the one profession that's teaches all other professions" Remember this and say not only "Thank You" to a teacher next week but also give them the respect that is due them every day. Our future depends on their success in the classroom.

BEWARE OF MUDDY, SOFT FOREST ROADS

As late winter snow melts and spring rain and wet snow fall across Southwest Montana this spring, Forest Service officials are concerned about very soft and muddy roads.

"We love our back country routes and enjoy getting out to explore them, however, soft roads are easily damaged by vehicle traffic and are very expensive to fix," Beaverhead-Deerlodge NF Engineer Morgan Sandall said.

"From time to time we may have to close roads in the spring so they don't get rutted and damaged, water in the ruts only increases erosion," he said. "People driving around snow drifts in the roads and into soft wet areas next to the roads can create a lot of damage."

Some routes are temporarily closed this time of year anyway, but additional roads may need to be closed until they dry out." Sandall said.

Over in Madison County, District Ranger Dale Olson said many roads in the Gravelly and Snowcrest ranges are closed until July 1.

"We close some of our roads from April 1 to July 1 to avoid this very thing," he said. "We still find people breaking through snow drifts, and driving onto roads that may still have gates open, but are legally closed," Olson said.

The Forest Service opens road gates for snowmobiles, and then tries to close them all during the spring thaw period, but sometimes can't reach the gates in time before travelers drive on them, causing rutting problems, Olson said.

In the Butte area roads in lower elevations areas such as the Whitetail-Pipestone, Boulder River, Divide Creek, Highlands, and Lowland may be open for a short distance, but snowdrifts may limit travel with no place to turn around. "Folks should have a shovel and chains to get out of a snowy situation", said Dave Sabo, Butte District Ranger.

Officials reminded travelers to carry a current Forest Service travel map, showing which roads are open at this time of year.

"Just because you don't see a sign or a gate doesn't mean a road is legally open," Morgan Sandall, Forest Engineer in Dillon said. "Use the map to make sure you're driving in areas where roads are legally open.

For more information, consult a Forest Service map or call the nearest Forest Service office.

Board of Adjustment

There is not a Board of Adjustment Meeting on May 3rd. It is May 23rd.

PUBLIC NOTICE

The Directors of Clark Canyon Water Supply Company will hold a meeting on Tuesday, May 14, 2019 at 8:30 a.m. in the East Bench Irrigation District office, 1200 Hwy. 41, Dillon, Montana. The agenda includes adjudication issues, budget issues and other matters which may properly come before the Board.

Letter to the Editor

I found it ironic when I read MJ's article on the front page of the Dillonite regarding the City's concern about the dust created by the parking lot at the YMCA. The biggest dust creator in Dillon is the unpaved parking lot at the entrance to the downtown area on Montana Street. It was supposed to be fenced with decorative fencing about two years ago and then the plan was to move on to the pave and stripe the lot. There was even supposed to be a public restroom in the downtown on the corner of that lot.

Nothing has been created in that space and the excuse is that the City doesn't have the money to fix the parking lot. It does, however, have the money to buy an excavator and whatever else the City fathers seem to think is necessary.

Isn't there some kind of saying that "He who casts the first stone....?" If the Council is truly concerned with the quality of the air in Dillon, it seems to me that they would clean up their own mess in the middle of the downtown.

Bible Truth...About the shed blood of Christ

[Statement of belief: the Bible alone is the source of truth and all beliefs in conflict with the Bible are false.]

Scriptures last week revealed that Jesus Christ has always been and always will be God. Our next question is:

Was Jesus Christ's blood shed to cleanse sinful humanity of sin?

Based on the following scriptures the answer is YES!

~ Romans 3:23-25, "For all have sinned and come short of the glory of God; Being justified freely by His grace through the redemption that is in Christ Jesus; Whom God has set forth to be a propitiation [atonement] through faith ***in His blood***, to declare His righteousness for the remission [pardon] of sins...."

[The principle of this verse is that sin makes it impossible for man to reach God; therefore Christ provided a righteous atonement, redemption & pardon for man's sin, which makes it possible for one who believes to enter into the presence of God.]

~ 1 Peter 1:18-19, "Forasmuch as you know that you were not redeemed with corruptible things, as silver and gold, from you vain conversation received by tradition from your fathers; but with the ***precious blood of Christ***, as of a lamb without blemish and without spot."

[The thought here is that even the most treasured things of earth cannot redeem mankind but, as blood in our bodies gives us physical life, the shed blood of Christ provides spiritual life for the believer. His blood was shed for every man but only those who believe will receive that spiritual life.]

~ Revelation 1:5, "And [the Revelation] from Jesus Christ, who is the faithful witness, and the first begotten of the dead, and the prince of the kings of the earth. Unto him that loved us, and washed us from our sins ***in His own blood***."

[Man cannot do or provide anything that redeems, atones, pardons or makes righteous and believing such is an erroneous belief that will lead to condemnation and eternal punishment.]

~ Ephesians 2:9-10a, reveals that salvation is not accomplished by man but by God, "Not of works..., For we are His workmanship, created in Christ Jesus unto [for the purpose of] good works...."

[Man can do no works acceptable to God until after being 'born again', John 3:16.]

ESTABLISHING A PHARMACY

Southwest Montana Community Health Center
Keeping your whole family healthy

In response to the overwhelming need from the Dillon community, Southwest Montana Community Health Center is moving forward in establishing a pharmacy in the old Mitchell Drug building at 125 E. Glendale.

"We are very excited for the opportunity to expand our retail pharmacy" services into the Dillon Community. Our staff is dedicated to providing personalized service at an affordable price, as we have in our communities for nearly 20 years," said Tammy Cox, director of pharmacy services for the SWMTCHC.

The pharmacy is expected to open in summer 2019, following a remodel of the building.
