Dr. David Bruce Mitchell

Dr. David Bruce Mitchell age 55 passed away April 19, 2019 in Seattle, Washington. David was born September 14th, 1963 in Dillon, Montana to Beatrice Clemow Mitchell and Thomas Hall Mitchell. He spent his childhood in Dillon and graduated from Beaverhead County High school where he excelled both academically and athletically. David then attended the University of Montana and upon graduation he commissioned in the Army and attended medical school at the University of Colorado.

After medical school David moved to Hawaii where he interned at Tripler Army Medical Center and met his future wife Kim Blake. He was then transferred to Katterbach, Germany where he was a flight surgeon for 3 years. In 1994 he returned to the United States and started his residency in radiology at Brooke Army Medical Center in San Antonio, Texas.

David and Kim married in 1995 in Honolulu where they met. Soon after they welcomed their first child Parker (22). David continued with his residency and upon completion was transferred to Korea for a year. After returning he was assigned to Madigan Hospital at Joint Base Lewis McChord, where he completed his service to the Army honorably, and left with the rank of Major.

David and his family settled in Tacoma Washington where they had two more children, son Landon(13) and daughter Brooklyn (12). He continued to practice medicine and build his career as a radiologist at South Sound Radiology.

David epitomized kindness, dignity and honor. He led by example. He was a quiet and gentle soul who was helpful to all without garnering attention. He was much loved by his friends and coworkers and an entire generation of North End children who knew that the door was always open at David's home and he was always there to help them out.

David loved his family fiercely and always considered their needs before his own. He was a wonderful husband and an exceptional father. He will be missed immensely.

David is survived by his wife of 24 years Kim, his children Parker (University of California Berkeley) Landon (Annie Wright Schools) and Brooklyn (St. Charles Borromeo). David is also survived by his parents Tom and Bea Mitchell, sister Patti Mitchell, brother Tom Mitchell (Cody), father and mother in-law, Dennis and Karen Blake, brother in-law,

Thank you from the Dillon Jaycees

With such a busy weekend we unfortunately missed a couple sponsors and key supporters in our previous Thank You and would like to take this opportunity to Thank them as without their support we would not have been able to have a successful weekend of fun for the community.

First off our sponsors the Knotty Pine and Lolo Creek Distillery who not only sponsored our concert but also the ran the bar and provided product. This was our first year having a bar at the Summer Concert and it was a welcomed addition.

Next a Thank You to Frontline Ag for allowing us the use of their equipment for stage setup. Every year they provide us the equipment to help with the heavy lifting and it is very appreciated.

We would also like to Thank Beaverhead County Fairgrounds crew for all the hard work they do to the fairgrounds and having everything down there looking good. Also a Thank You to the City of Dillon for the use of Depot Park and allowing us to close the street to keep everyone safe at the Drafts in Dillon and Fun Run.

And finally we would like to thank the community and the fans for coming out and supporting all the events this weekend. It is because of you that we have been able to grow this event and able to do give back to the youth of the community the way we do. Service to Humanity is the Best Work of LIFE!!

Thank you again,
The Dillon Jaycees

CANCER PATIENT COULD USE OUR HELP

My husband Bill DuRose was diagnosed with pancreatic cancer. At this time we live on his disability. The hospital at which he will be receiving treatment is over 2 hours away from home. We cannot afford the traveling expenses for gas, hotel, medical bills, etc.

Anything that can be donated in order to help us get to where he need to would be greatly appreciated.

Bill is a US Army Veteran and police officer. Bill is kind, generous and selfless man. He has always done everything he can for others around him.

Please, whatever can be done to help get the treatment for him lets help. A fund has been set up at The Bank of Commerce under William DuRose Cancer Fund.

Northwest Farm Credit Services Sponsors Athletic Hall of Fame Room

Montana Western Athletics announces a five-year partnership.

The University of Montana Western Athletic Department has partnered with Northwest Farm Credit Services over the next five years to sponsor the new Hall of Fame room in the Bulldog Athletic Recreation Center (BARC).

The Montana Western Athletic Hall of Fame was started in 1981 and features over 450 members. The new room properly honors the achievements of the college's outstanding individual student-athletes, coaches and supporters who have enhanced and reinforced the University's commitment to athletic excellence.

"We are so appreciative of the generosity of Northwest Farm Credit Services and their willingness to help the new UMW Athletics Hall of Fame Room come to fruition," Director of Athletics Bill Wilson said. "The new UMW Athletics Hall of Fame Room appropriately honors all of the past inductees and their accomplishments. We are very excited about our partnership with Northwest Farm Credit Services as we move forward."

Northwest Farm Credit Services is a financial cooperative providing financing and related services to farmers, ranchers, agribusinesses, commercial fishermen, timber producers, rural homeowners, and crop insurance customers in Montana, Idaho, Oregon, Washington, and Alaska.

They have been serving a wide spectrum of agriculture in the Northwest for over 100 years, including part-time farmers, young and beginning producers, commercial operations, and large, vertically integrated businesses.

"Northwest Farm Credit Services is committed to supporting the Dillon community as well as the University of Montana Western," Northwest FCS Tyler Tintzman said. "The Hall of Fame Room is an opportunity for us to assist in the remodeling of a classroom/meeting room for the University as well as a spectating venue for local community members to cheer on Bulldog athletics."

The new room makes use of unused space in the building, provides an overlook into the Straugh Gymnasium and properly honors and recognizes the individuals who have performed with distinction and/

Details are still being worked out as to the availability of the Hall of Fame/VIP room for game days and University events, with hopes the Hall of Fame Room will serve as a multipurpose location to hold meetings, HHP classes, and host receptions and gatherings.

Mushroom Permits now Available

The Beaverhead-Deerlodge National Forest is now issuing personal use mushroom permits (free) for the 2019 season - commercial mushroom harvest permits will not be issued. Morel mushrooms are expected to appear later this spring. Mushroom hunters can anticipate many of the mushroom gathering areas to be located within the following 2018 fire areas:

Goldstone Fire located approximately five miles west of Reservoir Lake in the Bitterroot Mountains, near the Montana and Idaho state border.

Monument and Wigwam Fires in the Gravelly Mountains southwest of Ennis

· Virginia Creek Fire in the southeastern Tobacco Root Mountains

Mushroom seasons vary depending on local weather conditions and elevations but generally last from May through September. Personal use permits are free and available at all Beaverhead-Deerlodge National Forest offices. You are not allowed to sell any of the mushrooms collected under a free permit and are for personal use only. Mushrooms must be cut in half lengthwise from stem to cap at the time of harvesting. Free use harvesters have a five gallon per day (approximately two grocery bags) and 20 gallon per season limit.

The permits allow mushroom harvesting on National Forests in Montana, northern Idaho, and portions of North and South Dakota. Permits are not required for mushroom harvesters gathering small amounts, up to five gallons total per season (two grocery bags).

All harvesting is limited to hand picking – no heavy equipment is allowed. Forest officials remind the public that the permit does not allow them to be on private property and they are responsible to know where harvesting is allowed.

Finally, harvesters should use caution while driving on Forest Service roads. Many are not plowed during winter months and there is still snow at higher elevations. Roads and trails at lower elevations are experiencing snowmelt during the day and the resulting runoff freezes at night, creating sheets of ice that are dangerous to negotiate. Melting snow can also create soft roadbeds which when driven on can cause severe damage to forest roads. Avoid creating ruts and driving on soft roadbeds until they have had time to drain and harden.

Harvesters are encouraged to pick-up their free 2019 Mushroom Guide featuring more tips and recommendations at all Forest Service offices..
