June Events at Tendoy Fine Art

Students of Tendoy Fine Art teachers will be showing their work for the month of June. There will be an opening reception for the student show in the ArtSpace room at 120 N. Montana St. from 1:00 to 3:00 p.m. on June 8th. Tendoy Gallery Directors, Colleen Howe Cheney and Jean James, feel that encouraging new artists is so important to fostering a thriving arts community and they hope the community will help celebrate the work of these students. Both adult and youth artists will be represented.

June's Sip and Paint event is June 26th from 6:30 to 8:30 p.m., also in the ArtSpace Room. The monthly Sip and Paint events are a chance to bring a friend, sip a beverage of your choice and have an adventure making art. This is for experienced and inexperienced artists who want to have a fun evening. Go online to register at tendoyfineartgallery.com or call 406-660-3007 for information. Registration can also be done the night of the event.

Tendoy Fine Art is seeking information about a mystery artist. Betty Hull brought in a watercolor painting signed t.Adkins '73. The painting is a beautiful example of a well-painted watercolor, but we do not recognize the artist. If anyone in the community can help with biographical information about this mystery artist, please call the gallery at 406-660-3007 or come in to see it. The painting will be on display during June.

Swenson Hike & Bike Trail

By: MJ

Walking trail behind YMCA:

Community Youth Initiative (CYI) will be updating and sealcoating the Swenson Hike & Bike Trail behind the YMCA. The price of this upgrade will be around $10,500. Wharton Asphalt had the winning bid and sealed the trail while the weather was nice. NOTE: Please be respectful and stay off the trail while crews are working.

The water supply lines were not blown out and the pipes froze allowing no water reaching trees. As of today, the lines have been fixed, trees trimmed, dead trees and bushes removed and new trees along with bushes have been planted, CYI hired Allen Landscape to do the sprinker system and Bill donated time working with the Community Youth Initiative group to complete the project and trimming trees.

CYI Board president Brenda Womack wanted to say thank you to RayAnn Sutton for getting all the bids and coordinating the work. Thank you also to Russ Sutton for volunteering and pick up and hauled off all of the branches that were trimmed.

Take a walk down the trail the trail and enjoy the beauty of all updates.

Northwest Farm Credit Services Sponsors Athletic Hall of Fame Room

Montana Western Athletics announces a five-year partnership.

The University of Montana Western Athletic Department has partnered with Northwest Farm Credit Services over the next five years to sponsor the new Hall of Fame room in the Bulldog Athletic Recreation Center (BARC).

The Montana Western Athletic Hall of Fame was started in 1981 and features over 450 members. The new room properly honors the achievements of the college's outstanding individual student-athletes, coaches and supporters who have enhanced and reinforced the University's commitment to athletic excellence.

"We are so appreciative of the generosity of Northwest Farm Credit Services and their willingness to help the new UMW Athletics Hall of Fame Room come to fruition," Director of Athletics Bill Wilson said. "The new UMW Athletics Hall of Fame Room appropriately honors all of the past inductees and their accomplishments. We are very excited about our partnership with Northwest Farm Credit Services as we move forward."

Northwest Farm Credit Services is a financial cooperative providing financing and related services to farmers, ranchers, agribusinesses, commercial fishermen, timber producers, rural homeowners, and crop insurance customers in Montana, Idaho, Oregon, Washington, and Alaska.

They have been serving a wide spectrum of agriculture in the Northwest for over 100 years, including part-time farmers, young and beginning producers, commercial operations, and large, vertically integrated businesses.

"Northwest Farm Credit Services is committed to supporting the Dillon community as well as the University of Montana Western," Northwest FCS Tyler Tintzman said. "The Hall of Fame Room is an opportunity for us to assist in the remodeling of a classroom/ meeting room for the University as well as a spectating venue for local community members to cheer on Bulldog athletics."

The new room makes use of unused space in the building, provides an overlook into the Straugh Gymnasium and properly honors and recognizes the individuals who have performed with distinction and/ or have been instrumental in the overall development and success of Montana Western Athletics.

Details are still being worked out as to the availability of the Hall of Fame/VIP room for game days and University events, with hopes the Hall of Fame Room will serve as a multipurpose location to hold meetings, HHP classes, and host receptions and gatherings

Public comment period now open for proposed Dillon-area solar project

The Montana Department of Natural Resources and Conservation (DNRC) is seeking public comment to identify possible issues and alternatives to be considered in development of the Draft Environmental Impact Statement for the proposed Apex Solar Commercial Lease, located on 1,308 acres of State Trust Land in Beaverhead County.

The public scoping period for the project opened Wednesday, May 29, 2019, and will run through Monday, July 1, 2019. DNRC welcomes all written comments and suggestions concerning this proposal.

Comments may be submitted via email to DNRCApexSolar@mt.gov, or by standard mail to: Tim Egan, Manager, DNRC Dillon Unit, 840 N. Montana St., Dillon, MT 59725. All comments must be received by July 1, 2019.

A copy of the public scoping notice, proposal and lease, FAQs and other details are available online at www.dnrc.mt.gov/solar.

Bible Truth...About pollution

[Statement of belief: the Bible alone is the source of truth and all beliefs in conflict with the Bible are false.]

We know there are problems with both air and water pollution in the world, but the most polluted aspect of God's creation is man himself. Since man became polluted by sin he has managed to pollute almost every aspect of the earth. Eccl. 7:29 states that God made man righteous but they have "sought out many inventions." Inventions are plots and schemes relating to dishonorable, dishonest and deceitful behavior.

Our greatest need in the battle to overcome this problem is overcoming sin & pollution in the heart of every human being. Note the problems relating to this polluted condition.

The heart is "desperately [extremely] wicked [sick & frail]" as stated in Jeremiah 17:9. Immorality begins in the heart, Matthew 5:28. Psalm 28:3 states that "mischief [evil]" is in the hearts of the wicked. Pride is a serious heart problem as written in Proverbs 16:5, "Every one that is proud in heart is an abomination to the LORD...." Rebellion also originates in the heart, "But this people has a revolting and a rebellious heart.../," Jeremiah 5:23.

Since all evil and pollution begins in the heart, the starting point to cleaning up pollution is to cleanse the heart. James 4:8 speaks of cleansing the hands [symbolic of spiritual cleanliness] and purifying the heart.

Man will not succeed in his spiritual or environmental goals without God, but God will, in time, succeed in bringing those who have trusted Him and His creation into perfection and purity, 2 Peter 3:10-13.

It is the sinful, polluted heart that condemns a person and will result in eternal death & punishment if it isn't corrected. This condition can only be purified by a symbolic washing in the shed blood of Jesus Christ as stated in 1 Peter 1:18-19 where we are told that we are not redeemed by corruptible things as silver or gold, but "with the precious blood of Christ, as of a lamb without blemish and without spot." 1 John 1:7 also states that it is "...the blood of Jesus Christ his Son that cleanses us from all sin."

Has the polluted environment of your heart been cleansed & prepared for heaven's perfect environment?
