RIVER RESCUE

By "Swede" Troedsson

Several years ago I struck up a conversation with a woman in the Safeway store. During the course of our conversation, she asked me if I had known Leo Cervelli. I replied that I had, and, in fact, I informed her that I had rescued his daughter out of the Beaverhead River. The woman, Meagan Cervelli, exclaimed "That was my Mom!"

In the afternoon of July 14, 1984, I heard on my CB radio that some women were hung up on a "sweeper" (a tree top in the river) in the Beaverhead River, just below the Selway Bridge. Kathy Martinez, and her sister-in-law Linda Cervelli, had launched their plastic raft below the bridge. A short way down, near the Richard Hilton residence, they got swept under the sweeper. The raft was stuck under the sweeper and demolished. Kathy was dragged clear under the sweeper, but somehow managed to claw her way back and perch on top of the sweeper. Linda and Kathy sat on the sweeper for over three hours awaiting rescue. Luckily, Linda had a whistle, which eventually got the attention of someone on the shore.

After hearing the police dispatcher trying to round up Search & Rescue personnel on the radio, I asked my son, Eric, to help me load a canoe on top of my Bronco. We then drove down to the Selway Bridge, located just below town.

We launched the canoe and paddled down to the women on the sweeper. The river was really swift, and the women were terrified. I had them crawl over me to get into the canoe, telling them to sit on the bottom to stabilize the canoe.

We then proceeded to paddle to the shore, and left them there in the company of Leo.

The weekend following my conversation with Meagan in Safeway, I was invited to a Mother's Day Cervelli family BBQ, where I was reunited with Linda and Kathy.

Beaverhead Conservation District and the Dillon NRCS Field Office Working Group Meeting

The Beaverhead Conservation District and the Dillon NRCS Field Office would like to invite you to a Local Working Group Meeting, Thursday, August 26th at 6:00 pm at the DNRC Conference Room located at 840 N Montana St, Dillon. In Montana, NRCS is moving to Focused Conservation, which means we need local input to help determine priority resource areas. Instead of funding conservation projects on a scattered, farm-by-farm approach, NRCS will target its investments in very specific areas to achieve clearly defined natural resource goals as identified by local partners. This approach harnesses the power of multiple landowners in one area undertaking similar conservation projects to achieve a regional or landscape-scale result.

Please join us and if you know of anyone else that would be interested pass it on! If you would like more information please contact Sean Lewis at 406-683-3803 or Jamie Cottom at 406-683-3802.

Montana Western Offers Study Abroad Opportunity

The University of Montana Western invites students and community members to explore the culture and history within Central Europe by visiting Germany, Poland and the Czech Republic Sept. 26 through Oct. 8, 2020.

Trace the escape route of Checkpoint Charlie and witness the sobering sight of Auschwitz and Birkenau while experiencing Jewish museums that commemorate the memory of millions.

The study abroad journey will end in Prague, known for its role in the Velvet Revolution and incredible landmarks, from the St. Vitus Cathedral to the Prague Castle.

Experience One, the block scheduling program offered at Montana Western, allows students to focus on one course at a time. This approach to learning complements study abroad opportunities with immersive, real world experiences. There is a 200 dollar discount for anyone signing up by September 31st.

For more information about this unique opportunity, please contact John Xanthopoulos at 406-660 0558 or john.xanthopoulos@umwestern.edu, or Bill Janus at 406-683-7019 or bill.janus@umwestern.edu.
