Anna Marie Allen, 61

Anna Marie Allen, 61, of Dillon Montana, passed away on Saturday, November 30, 2019 at St. Patrick Hospital. Born November 15, 1958 in Dillon, she was the daughter of the late Edward Michael Sporich Jr and Shirley Marie Sporich.

Anna is survived by her husband Gary Eugene Allen Sr; two sons, daughter, and 11 grandchildren.

A viewing will be held Friday, December 6th at 6:00 pm at Brundage Funeral Home in Dillon MT, followed by an informal ceremony with sharing time for all family and friends at 8:00 pm to reminisce, grieve, and support each other. An escort, with prayer, to the crematory will be Saturday, December 7th at Brundage Funeral Home at 9:00 am. A potluck reception / celebration of life will be held at 10:00 am at the Vineyard Christian Fellowship.

Scoping process begins for Madison River alternatives

Montana Fish, Wildlife & Park is beginning a public process to gauge public support and collect feedback on various alternatives for dealing with crowding and conflict on the Madison River.

The process, known as scoping, will ask the public their opinions on various alternatives to addressing four main issues: commercial fishing outfitter management, social conflict management on the upper river, lower river recreational management, and angler use management on the upper river. The form of this process will be a public survey.

Additionally, the public will weigh in on their support for a management goal for recreational use on the river.

The scoping process comes at the direction of the Fish and Wildlife Commission, which met earlier this month to hear petitions from various interest groups proposing solutions to recreation management on the Madison River. The commission denied all three petitions but directed the department staff to insert the options proposed within the petitions into a scoping process.

The public will have 40 days to comment. Once the scoping process is complete, the department will consider the survey results and draft a proposed rule, which is slated to go before the commission in February. The commission will then choose whether or not to put the proposed rule out for public comment.

"It's taken a long time and a lot of work to get to this point where we can officially collect input on our next steps," said FWP director Martha Williams. "People are passionate about the Madison River, and we know it's important for us to consider all interests in moving forward. We're committed to doing just that."

In addition to taking the survey, people can submit written comments to madisonrivercom@mt.gov.

FWP wardens seeking information on southwest Montana poachings

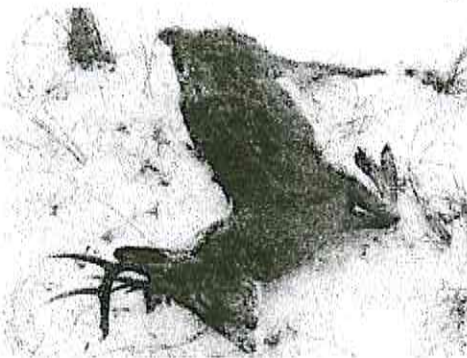

Wardens with Region 3 of Montana Fish, Wildlife & Parks are seeking information on several big game poaching cases that have happened in less than two weeks.

On Nov. 23, wardens learned of a spike bull elk that was shot and abandoned on Montana State University's Red Bluff Ranch, north of State Highway 84 and east of Norris. That area is within Hunting District 311, where spike elk cannot be hunted. The animal was found dead and unfit for human consumption. However, it was found near several cow elk carcasses from which hunters had salvaged all edible meat.

Every year, several hunters accidentally shoot spike bull elk in restricted units and report themselves to law enforcement for doing so. In these self-report cases, the meat can be salvaged and donated to local food banks. Fines to the hunter are also minimized. Had the hunter who shot this spike elk — mistakenly or otherwise — reported it in a timely manner, the meat could have been salvaged and donated.

Wardens are also

investigating a white-tailed deer buck that was shot and abandoned on private property near Three Forks sometime between Nov. 24 and 27. It is likely this animal was shot from a road, possibly at night. The meat from this deer had spoiled by the time it was found.

Another white-tailed deer buck was shot and left on private property in the Four Corners area, west of the Gallatin County gravel pit. Wardens determined this deer was shot on the evening of Nov. 30 with a rifle inside Hunting District 309, which is a weapons-restricted area. This possibly happened from a vehicle or a road after legal shooting hours. The meat from this deer was also unfit for human consumption by the time it was discovered.

Those with information on any of these cases are asked to call 1-800-TIP-MONT (847-6668). Informants can remain anonymous and may be eligible for monetary rewards.
