Amy Lemaire to Share Flameworking Demonstration at UMW

Amy Lemaire, visiting instructor in glass from Brooklyn, New York, will present a lecture and demonstration titled "Flameworking in Contemporary Art" in the University of Montana Western's Emerick Art Studio on December 12, 2019 from 6-7:30 p.m. The event is free and open to the public.

Lemaire studied at the School of the Art Institute of Chicago (BFA) and Pratt Institute (MFA). She has taught at Pilchuck Glass School (WA), Salem Community College (NJ), Penland School and Crafts (NC) and UrbanGlass (NY), where she has taught for the past decade, and for the past six years has served as the Director of the Bead Project, a creative entrepreneurship program for women in New York City.

A multi-disciplinary artist and educator based in Brooklyn, NY, she considers herself an explorer at heart, and has shown her work in exhibitions across the country. During Lemaire's visit to Dillon, she has been able to share her expertise in both scientific and artistic glassworking with students at Montana Western. To learn more about her work, visit amylemaire.com.

She was a resident artist at the Museum of Arts and Design (NY) as a part of the Artists' Studios Program, the recipient of a Creative Glass Center of America Fellowship at Wheaton Arts (NJ) and received a Visionary Scholarship from the Art Alliance for Contemporary Glass.

The University of Montana Western offers a certificate, associates, and bachelor's degree in glass, where immersive courses combine with art seminars in professional practices, advanced studio courses, internships, and exhibits of student work. For more information, please email Associate Professor Ruth King (ruth.king@umwestern.edu) or call 406-683-7344.

Sagebrush and Snowdrifts 4-H News

By: Secret Petersen, Club Reporter

The Sagebrush and Snowdrifts 4-H club had a meeting December 2, at 7:00 P.M. in the 4-H Building. A report was given on the Thanksgiving basket we donated to the Women's Resource Center for a family in need. We decided to give another basket for Christmas.

We talked about those willing to sell honey at the Christmas Bazaar on the 7th of December. We have a table at the St. Rose Family Center from 8:30 am until 1 pm All helpers are to make sure they are there to help at their scheduled time.

The 4-H fruit will be here December 8th. Everyone who sold fruit was reminded that it should be picked up at the 4-H building before noon. Money should be collected and turned in as soon as possible.

We had a fun Christmas party following the meeting. Our next meeting will be January 6th in the 4-H building at 7 P.M.

Southwest Montana Veterans Home Update #27

By Mike Lawson

Greeting once again to you, the Veterans/Counties/Communities who are the six counties in SW Montana who are represented as the organizers and chief supporters of the "SW MT Veterans Home" who are represented as the organizers and chief supporters of the "SW MT Veterans Home".

The weather, which dictates the ebb and flow of what the construction crews are able to do on our Vet Home site. It lifts everyone's spirits to see Roof work/roof trusses and Exterior Walls take shape before our eyes as we drive by this our, Vet Home Site.

The following building information is as follows;

Community Center; This has been a busy place this week, starting with the roof-snow being removed by the carpenters, working on the roof and others working from man-lifts, using brooms/shovels with very long handle extensions. The dry-in (keeping moisture out, of the Community Center) continues with the painters spraying the trusses with "fire proof paint". The plumbers continue to run piping to bathrooms/kitchen, etc.. This will be a showcase building and will be the first one completed.

Cottage #1; The central section of this building, where there was an issue with the roof-trusses, (now resolved), should have all of the trusses standing and in place as you read this article. The roof sheeting is being laid down/nailed over these trusses on the west end.

Cottage #2; In spite of the one corner wall being blown down, the day before Thanksgiving, a significant number of wall sections, could be seen springing up around the exterior of this building, this past week. What didn't get raised into place this past week will be in place this week. Once there all stood in place, the interior walls will be framed, followed by the roof trusses, etc.. Again, #1, getting this building "dried-in" will be a priority so the other craftsmen can do their work (Plumbers, Electricians, etc.). Might be some snow removable that takes place but that's just part of working in Butte, Montana in the winter time.

With the ground being frozen, there isn't a lot that Zemlijak Excavating can do until spring, so not much to report on with them at this time.

Visited with SW MT Veteran's Home Liaison Mark Gollinger to see what he's been up too, concerning our Veteran Home. "Busy" is how he describes his new job. His work, at this time, consists of going over the Vet Home Site ground and building prints as well as the numerous state/federal/ local codes and regulations. He is also working on everything involved, contract wise, with the Operation of our "SW MT Vet Home". This involves completion

of the contract content, that will be put out for bid to the potential Companies who want to operate our Veterans Home. Mark's job is to make sure everyone is in compliance, while Our Vet Home is being built and afterwards, when it's in full operation.

The completion date of construction, according to the contract, is September 30, 2020 and the Grand Opening is scheduled for November 11, 2020. There will be a soft opening before that with just a small number of residents. This is needed for hiring/training and getting things up to code. Whoever does get the contract, will have to pass a number of inspections before beings allowed to have it fully occupied.

The Viewing Hooch is being visited my more folks, which is great. I see the cookie-jar needs to be replenished so that's next on my "to do list". It's nice and warm in their so drop by and experience the "Vet Home Site" construction experience. Until next time, Take care.
