Contest judges this year are Dr. Taylor Buckley and his wife, Kelly, multiple-award-winning fiddlers. Both judges come from fiddling families and have been playing since they were young children; in fact, Kelly's very first fiddle contest as a young girl was in Dillon. Taylor's parents, Fred and Jeannie Buckley, will be in attendance, as well as the youngest Buckley children, 4-year-old Maggie and 3-year-old Abby. Contest Coordinator, Brian Curtis, said, "This contest is going to be the most fun ever."

The Buckley family have been playing music since Maggie and Abby's great Grandfather, Walt Collins was a major part of the Montana State Old Time Fiddlers organization and state contest. Passing on traditional music through the generations seems to be an important value for this well-known family. Fred and Jeannie Buckley were the founders of the Montana State Fiddle Camp, a camp that has been in existence for 25 years. The camp is now so successful that registration filled this year in the first ten days after the schedule was posted. When asked to what he attributes the camp's success, Fred replied, "The camp belongs to the participants. All we do is get good instructors and take care of the housekeeping and food."

Dr. Buckley and Kelly moved to Missoula in 2015 where Taylor practices his hand surgery specialty. A very fine musician, Taylor felt he wanted to improve people's quality of life. He understands how important it is to have hands that work well, particularly for those who are artisans and musicians.

Taylor and Kelly play in a band, but Kelly says her favorite playing time is when the whole family plays in the evening. She commented that the girls get a reward when they learn a new song, but she feels that, at this stage, practice should be fun. It is difficult to raise engaged children in a media driven world, but the Buckley family is an inspiration for all those who want to preserve America's music traditions. When little Maggie asks her mother if it is her turn to play, the future of old-time music is assured.

Bulldogs Compete at Mountain State Games

The University of Montana Western men's and women's indoor track teams traveled to Pocatello, Idaho to compete in the Mountain State Games.

The Bulldogs were the only NAIA school as the meet feature mostly NCAA DI schools.

Josh Jessop led the men running the 800 meters in 2:02.69 and the mile in 4:31.18. Jonathan Harrison finished the 800 meters in 2:10.36 and the mile in 4:40.70.

In the women's race, Shelby Walls ran the 800 meters in 2:34.46 and the mile in 5:40.41. Emma Adams led the way in the 3000 meters with a time of 11:28.40, followed by Liz Varner (11:58.18) and Morgan Baseley (12:21.88).

"I'm excited about the progress we have made from the last meet three weeks ago," head coach Dylan Zitzer said. "Liz and Morgan both ran over 30 seconds faster in the 3000m. Josh continued to run well in the mile. It was really good to see Jonathan back out there racing and Emma making her season debut."

For complete men and women's results, click here.

The men's and women's track teams will be back in action when they travel to Bozeman, Mont. Friday, February 21 to compete in the Bobcat Tunes.

ZERO 2 TANGO

By "Swede" Troedsson

During the period 1975 - 1990, my duties on the Beaverhead National Forest (BNF) included supervising the forest aviation program. This assignment included administering the contract with the Dillon Flying Service, who provided aircraft and pilots for fire detection flights, transportation of our personnel to assignments on fires, and administrative flights for resource specialists, and Rangers.

I felt a need to increase the airports approved for use of our "carded" aircraft. In the mid-seventies the only local airports approved for our use included the Dillon Airport, and the airports in Dell, the Sportsman Lodge in Ennis, Wisdom, and Twin Bridges.

Our personnel in Wise River who were dispatched to distant fires, or needed an aircraft for administrative flights, had to drive to Butte to get on an aircraft. With this inconvenience in mind, I felt it desirable to have an airport in Wise River.

Rancher Don Jones owns a field adjacent to the Pioneer Scenic Byway, about five miles south of Wise River. Don had been a private pilot and aircraft owner.

With the support of Wise River District Ranger Ed Levert, and local resident Ron Primozic, we got Don to lease 45 acres to Beaverhead County for 50 years for \$10.

Ed arranged for the Anaconda Job Corps to construct the airfield as a heavy equipment operator training opportunity for their students. Under a permit, fill (soil) was obtained from B.L.M. land next to the airport. This fill was used to provide a cushion layer over rocky ground for the construction of the 4,050 ft long runway, taxiway, and tie down area. Materials for tie downs were donated by Vigilante Electric. The construction was supervised by Dillon resident Richard Miller, who worked for the Job Corps at the time. In response to concerns expressed by the FAA, boulders adjacent to the runway were reduced to rubble by a Forest Service explosive blaster recertification class.

The Forest Service provided the engineering, the archeologist for the required site survey, and the backhoe with operator to install the tie downs. The Job Corps constructed the airfield in the summer of 1988, and became operational in late 1988. The wind sock "standard" (pole) came from the abandoned airfield in Jackson. The Job Corps donated a vault toilet. A "toll disconnect" telephone was installed inside, which limited telephone calls to the local area.

The Eastern Star and Soroptimist's organizations are having the Annual Valentine's Pie Sale on Friday, February 14th at the Methodist church hall beginning at 9 am and goes until all pies are sold usually by 2 o'clock.

Fresh, homemade pies will again be offered for sale - either by the piece with a friend, or you can buy a whole pie for your enjoyment and to share at work.

ALL PROCEEDS ARE DONATED TO CANCER AND HEART RESEARCH.

Save the date - Valentine's Day - to treat yourself - or a friend to Pie at the Methodist Hall and support this worthy cause.

UMW Ranked Among 50 Most Affordable Colleges and Universities in America

The University of Montana Western was recently ranked among the top 50 most affordable colleges and universities in the United States according to universityhq.org. University Headquarters is an industry-leading, independent educational organization that offers an all-in-one source for information on colleges, entrance requirements and career paths.

While the primary criterion was the lowest tuition cost, University Headquarters also looked at other aspects that made the school special, unique and beneficial to students. The survey excluded community colleges and four-year colleges that did not offer multiple bachelor's degree programs.

According to universityhq.org, "Educational costs in the form of tuition expenses and post-graduate student debt are important issues in American education. This review offers students information about access to high-quality low-cost education, both on-campus and online."

The University of Montana Western was the only Montana college or university to be included in the ranking. UMW offers an in-state tuition of \$5,724 and an out-of-state tuition of \$17,186 with tuition discount opportunities for Western Undergraduate Exchange (WUE) students.

The fields of academic study at Montana Western include Biology, Business and Technology, Environmental Sciences, Education, English, Equine Studies, Health and Human Performance, Fine Arts, Mathematics, and History, Philosophy, and Social Sciences.

Students at the University of Montana Western enjoy a tight-knit community atmosphere and small class sizes where they work closely with peers and professors alike. With Experience One, students at Montana Western take one course at a time for 18 days, take a short break and then move on to their next course. By utilizing block scheduling combined with immersive learning, UMW is the only public four year university in the country to employ this model that is focused on student success.

For more information about Experience One and the University of Montana Western, or to schedule a visit, call 877-683-7331 or visit www.umwestern.edu.
