Mike Probst and Genene Devers are no longer affiliated with Farmers Insurance

With a heavy heart I would like to thank all of my loyal clients who have been insured with us through Farmers Insurance. Genene and I have been blessed to have you as customers and friends and we will miss seeing and visiting with you. After 32 years with Farmers Insurance, they have decided to close some smaller agencies. My book of business and clients will go to an agent in Butte; they will be contacting you soon to get to know you. Our office will remain open with Gold West Realty. If we can help you in this transition please call us at 683-5118.

I personally would like to give a big thank you to Genene Devers, my office manager for nearly 24 years. She is the best employee that anyone could possibly ask for. She is knowledgeable, honest, loyal, intelligent and most of all a very good person whom you can depend upon through thick and thin.

Mike Probst

Rewards increase for information on recent poaching cases

Donors have increased the monetary rewards offered for information on two separate cases involving wildlife that were killed illegally in southwest Montana.

Game wardens with Montana Fish, Wildlife & Parks are investigating three elk and nine pronghorn that were shot from a road and abandoned on two different properties about 17 miles south of Livingston. The wildlife were killed on or around Feb. 13.

FWP is offering up to $1,000 in this case. An anonymous donor has increased that reward by $5,000.

In an unrelated case, wardens are also investigating several trumpeter swans that were shot and killed on Central Park Pond along Heeb Road, southeast of Manhattan. Investigators believe the birds were shot on or around Feb. 19.

FWP is offering up to $1,000 in this case. The Sacajawea Audubon Society has increased that reward by $1,000. Anyone with information on either of these incidents is asked to call Montana's poaching hotline, 1-800-TIP-MONT (847-6668). Informants can remain anonymous.

HOOK A KID ON GOLF FUNDRAISER AT BEAVERHEAD BREWERY

The Beaverhead Brewery is a hosting a two-day fundraiser in support of Hook-A-Kid-On-Golf and other areas of junior golf. The Kiwanis Club of Dillon and the Dillon Jaycees sponsor the summer golf program locally to grow the game of golf in southwestern Montana.

The Brewery will donate $1 per pint sold on Friday, Mar. 13 and Saturday, Mar. 14. Area golfers are asked to contribute matching donations to the Brewery donations.

The summer program introduces children to the game of golf. They learn the fundamentals, rules and etiquette of golf, and at the end of the program, go home with a new golf bag and a new set of golf clubs. In 2014, the Dillon Hook a Kid on Golf program was named the No. 1 new program in the United States.

This is a part of the Message About COVID-19 from Commissioner Clayton Christian

Please find below a message on how the Montana University System is addressing the potential of COVID-19 becoming present in Montana. The University of Montana Western has aligned and will continue to coordinate plans for our campus with the MUS in relation to COVID-19 planning and response. Montana Western will be sharing plans specific to our campus in future communications.

As of this writing, Montana is fortunate to not yet have a confirmed case of COVID-19. However, with the virus confirmed in 35 states this morning, it's reasonable to assume that could change at any time.

The Montana University System began preparing for this possibility in January, when news of the coronavirus outbreak in Wuhan, China, began to raise concern. At that time, OCHE convened the MUS Intercampus Coronavirus Response Team consisting of medical experts, administrators, student affairs officers and communications staff to monitor the situation and assess preparedness across the system.

As the situation evolves, the health and safety of our students, faculty and staff will continue to be our highest priority. Our campuses already have robust emergency response plans in place, including pandemic response protocols.

An area of early emphasis has been travel. College campuses are dynamic environments with students, faculty, staff and community members coming and going from around the country and the world, demanding our close attention. MUS-sponsored and affiliated travel to China was suspended January 31. Travel is now suspended to any country or region with a Level 4 Travel Advisory from the U.S. Department of State.

State and local health officials advise that the risk to the general public in our state remains low and, as such, the Montana University System is continuing classes and other operations as usual.

If, or more likely when, COVID-19 arrives in Montana, we may have to make additional decisions about travel restrictions, event cancellation and other adjustments to campus schedules.

Our campuses are also prepared to coordinate closely with our K-12 partners in the event of school closures, which could create childcare challenges.

Above all, we need your help. The best defense against any virus is good hand-washing and respiratory hygiene.
