contact us by one of the methods above and we will send or mail a voter registration application.

CLOSE of registration for this election is MAY 26TH!!!

This is three weeks LATER than our normal date to give voters a longer period to register BY MAIL, rather than in person and here in the election office. Please, do not delay! Registrations postmarked by May 26th will be accepted.

We will mail ballots to these voters as quickly as possible.

If you miss the May 26th deadline, LATE REGISTRATION IN PERSON WILL BE AVAILABLE at the Clerk & Recorder's Office beginning on May 27th. The governor's directive for the six foot rule will be implemented. We urge all new voters to register by mail before that deadline in order to maintain safety for all of us.

Bannack State Park is closed to adhere to social distancing directive

Montana Fish, Wildlife and Parks is temporarily closing all of Bannack State Park due to social distancing concerns and to limit the possible spread of COVID-19.

Gov. Steve Bullock has issued statewide stay-at-home and social distancing directives to limit the spread of COVID-19. Given the nature of Bannack State Park and the desire to tour the many buildings that comprise the town site, FWP felt it would be impossible to adhere to the directives and still allow tours. The park will be closed until at least April 10, when the directives are set to expire.

Bannack State Park has more than 50 historic buildings lining Main Street of the town site, the majority of which are accessible by the public. These buildings create a health and safety risk for the public and park staff as close human contact inside these structures is often unavoidable.

The closure includes access to Grasshopper Creek from the state park, trail heads and the canyon east of the Bannack town site.

Destined to Cook

Bryce Angell

I made an observation, standing back behind the grill.

I stirred the pancake batter. Thought, "This job sure ain't no thrill."

When the cowboys get together for a week out on the trail.

I'm designated as the cook. At times, I'd like to bail.

Now let me take you back, lets' say, some fifty years or so.

I wrangled for my father. I was young and fit to go.

We were out of bed 'fore daylight feeding horses hay and grain.

And cinching up the saddles, praying hard that it don't rain.

The smell of eggs and bacon put my nose up in the air.

My father was the cook, back then, none better I could swear.

But time has forced her change on me. I never thought I'd cook.

Now I'm flipping eggs and bacon. Sometimes feel like I've been took.

Cuz I watch the younger cowboys work all day and not complain.

I only lift one saddle, but my back sure feels the pain.

Young cowboys make it easy when they step up on their horse.

I need to stack a rock or two, get help from any source.

But one thing is for certain. All those cowboys sure can eat!

I'll fill em full of spuds and maybe apple pie to treat.

I've seen old western movies. Every camp cook looks like me.

They're short and bald and grumpy. Dang near fits me to a tee.

Do I even need to wonder what my job is after cook?

I heard one older feller say, "That's one I'd overlook."

A cowboy's life is simple, but it seems to fly by fast.

You're timed by Mother Nature. No use wishing for the past.

So, I hope they're not complaining cuz my cooking's mighty slow.

And please don't think I'm useless. I was you not long ago.

Southwest Montana Veterans Home Update #44

By, Mike Lawson

Greeting once again, to you, the Veterans/Communities/Countries of SW Mt., who are the chief organizers and supporters of the SW MT. Veteran's Home.

In spite of the stay-at-home order, by our Governor Bullock, the construction workers are making progress, in getting our Veteran Home built. In doing our weekly construction work progress visit, Construction Superintendent Mike Ascherman, said a lot of precautions are being taken to protect everyone, working on this site. With the different subcontractors working on the Community Center building, in the ending stages of construction, it's important to not have more than 6 or so people, working near each other, any given time. Mike has had to coordinate, the juggling of different contractors, to come in at separate times. Construction Update:

Community Center Building: Interior: The finishing phases, continue with the Sheetmetal/Tinners continuing to get all their pieces of ductwork installed above, where the suspended ceiling will be. This ductwork is round and wrapped in an insulation blanket type material, that minimizes heat lost, as the warm air, from the furnace, travels to each room's heat register vent-outlets. The plumbers are finishing up on the boiler work. The sheetrock, mud and tape work is close to being done. The sprinkler fitter work, is done for now until ceiling is in. The other contract work, is the Johnson Control Panels being wired and hooked up. All these contractors should be done this week, which will allow "Yellowstone Acoustic" to install the suspended "Ceiling Metal Framing System, throughout the building.

Exterior: The siding crew is continuing to put the siding on. It's going to be two colors and the contrast between them, is going to be beautiful, once it's done.

Cottage #1: Interior: The Sheetrock guys are busy, nailing sheet rock up on the Lid. There's a lot of it to do, and when we walked through this building, they had two, two-man teams working together. They have a lot of work ahead of them, and sheet rocking, is time consuming and hard work. No other crafts are in this building, until the sheetrock is completely nailed-up, on the Lid.

Exterior: The 3M Air-Barrier Peel and Stick, material application, is about done, followed by, all the windows and door frames being installed. The last of the blue foam insulation panel installation, is expected to be done this week, on the south side of this building.

Cottage #2: The electricians, are the main one's working in this building, along with a couple of sheet-metal workers, working on the HVAC ductwork. Lots of parts and pieces, for both trades, to be installed

Cottage #3: A lot of "pick-up framing", consisting of blocking, backing and soffits. The plumbers are doing they're rough-in plumbing, mainly, in the walls.

Exterior: The roof is still being roofed, by one lone roofer. He does a great job and the roof looks good. Expecting it to be done this week.

Cottage #4: The exterior walls are standing, with the ongoing work, of the bump-outs/bay-windows, being framed. Interior Walls are being framed and will be tipped/raised up, as they're built. The trusses for the building wings, which are on site, should be rolled up into place, by the end of this week. The "Common Area" trusses will hopefully, be rolled up into place, in a week or so, when they are delivered, to the Vet Home Construction Site. Seeing these walls go up, really drives home, how far things have come, and that there's only one Cottage left, for this construction phase to be repeated on.

Cottage #5: After continuing to report, that everything has been on hold here, I'm happy to report that General Foreman John Kotka, has started to snap, layout lines for the exterior and interior walls. John's always thinking ahead, and this is a great move. When Cottage #4's walls and roof are in place, the move to Cottage #5, will be a smooth transition.

I have to say, that doing a walk-through of our Veteran's Home Site, it is always an eye opener, as to the complexity of all the parts it takes to build one of these buildings. Shoddy work is not an option, as the "Building Standards" are strict, and the inspections are frequent. After all these years of SW MT. Veterans and Communities, fighting to get this Vet Home to become a reality, we're now seeing the fruits of our efforts, taking place before our very own eyes. This SW MT Veteran Home, is going to be, the showcase of Veteran Homes. Our Veterans living here, will have a wonderful home, to live out their days in, for sure. I'll close for now, with a reminder to you, too visit our SW MT Veteran's home web-sit, (SWMVH.Mt.GOV), and see the Drone/Camera pictures, read the different articles, download applications to be in this Veteran's Home, as well as any updates the State of Montana, might put out.

Everyone be very careful and help each other, in getting through this time of crisis. Best of wishes.
