Man injured in grizzly bear attack on Sun River

A man was attacked by a female grizzly bear on Sunday morning near the Sun River. The attack left the man with non-life-threatening injuries.

The man was part of a group who were floating and camping on the Sun River, west of Augusta. The group was packing up their campsite when the attack occurred at about 8:30 a.m. After stepping into some brush, the man found himself between the female grizzly and her 2-year-old cub.

The group was able to call 911, and the man was carried out by helicopter and taken to a hospital.

Montana Fish, Wildlife & Parks investigated the scene and determined the bear acted as expected during a surprise encounter with a human. Because the bear exhibited what is considered normal and expected behavior, no further action is planned.

Grizzlies can be found throughout western Montana, not just the Rocky Mountain Front, Bob Marshall Wilderness and the Yellowstone Ecosystem. In recent years, grizzly bear populations have expanded, and bears are re-colonizing historic ranges.

Here are some general tips to stay safe in bear country:

- Inquire about recent bear activity in the area.
- Carry and know how to use bear spray for emergencies.
- Let someone know where you are going and when you plan to return.
- Travel in groups of three or more people whenever possible and plan to be out in the daylight hours.
- Stay on trails or rural roads.
- Watch for signs of bears such as bear scat, diggings, torn-up logs and turned over rocks, and partly consumed animal carcasses.
- Keep children close.
- Make your presence known by talking, singing, carrying a bell, or other means, especially when near streams or in thick forest where visibility is low. This can be the key to avoiding encounters. Most bears will avoid humans when they know humans are present.
- Use caution in areas like berry patches where bears occur.
- Don't approach a bear; respect their space and move off.

If you are camping in bear country, follow these guidelines:

- Camp away from trails and areas where you see grizzly signs.
- Keep a clean camp at all times. Keep tents and sleeping bags free of odors.
- Avoid cooking smelly foods.
- Hang all food, trash and other odorous items well away from camp and at least 10 feet above ground and 4 feet from any vertical support, or store in a bear-proof

container. Livestock feed should be treated the same as human food.

- Don't sleep in the same clothes you wore while cooking or eating.

Anglers also need to practice safe behavior in bear country:

- Don't leave fish entrails on shorelines of lakes and streams.
- Sink entrails in deep water.
- If you don't properly dispose of entrails you increase danger to yourself and to the next person to use the area.

Letter to the Editor

Montana voters have received primary election ballots and are carefully considering the best candidate for US Congress. Republicans are fortunate to have Debra Lamm on that ballot. She has my vote because she has a broad-based background in both the public and private sectors. She has a Bachelor of Science in Biology and a Secondary Education Degree. She earned a Master's in Business Administration and a Law Degree. She opened a general law practice, managing a staff of five. As a Guardian ad Litem, she used her legal skills to advocate for children in the court system. Although she does not have a background in agriculture, she thoughtfully connects with key industry leaders.

Debra served in the Montana Legislature from 2015-2017, HD60, Livingston/Park County. She was the Vice Chair of House Education and served on State Administration and Local Government as well. In 2017 she was elected Chairman of the MTGOP and through her leadership the party grew by historic measures.

As the Republican nominee, Debra will advance to the general election and will likely face a Democrat woman nominee. It will be an exciting race, focusing on the critical issues facing our country and the policy differences between these two candidates. Go to: www.DebraLamm.com

National Trails Day Saturday, June 6 10:00-12:00pm

The Montana State Parks and Bannack State Park announced today that they will be hosting a guided hike for National Trails Day at Beaverhead Rock State Park on Saturday, June 6th from 10am-12pm.

This year, the staff of Bannack State Park is going to host a hike at Beaverhead Rock. The guided hike will consist of a one hour walk through the state park examining the flora, fauna, and history of the area.

To adhere to social distancing, the hike will be capped at ten people, so please call ahead to reserve your spot.

The moderate hike will be a fun way to get outside and learn more about local parks. There is a strong chance for warm temperatures. Sunscreen, water, sturdy walking/hiking shoes, and appropriate hiking gear are suggested for the day.

To access Beaverhead Park, the turn-off on Highway 41 has no marker. Your phone's maps will take you close to the park, but the turnoff is a dirt road just after the curve marked to slow down if you are coming from Dillon.

To Reserve Your Spot Contact:

By "Swede" Troedsson

I served as a volunteer EMT for about fifteen years on the Beaverhead Ambulance. One of the calls I responded to was to a motor bike accident on the East Bench Road, north of Dillon. Two teen-aged boys had "spun out" on the gravel road and were tossed off their motor bike. They were skinned up, but appeared not to be seriously hurt. My attendant and I loaded them up in the ambulance, and transported them to the local hospital to get them checked out. Their Dad, who was a LDS Bishop, met us at the hospital. The boys were examined and released after their scrapes were cleaned and bandaged.

Sometime later, during the evening, I was called to a local residence. An elderly LDS woman had fallen and injured her hip. After loading her on the cot, my attendant and I proceeded to wheel her out of her home. The LDS Bishop was standing in the doorway. I stopped and asked him if he would have someone walk into my home and sit in my kitchen until I returned. I went on to explain that two of my children were home alone. My wife was in a Seattle hospital with my oldest son. If this woman had a broken hip, I would have to transport her to Butte. The Bishop said not to worry. He would take care of it.

Fortunately, the woman did not have a broken hip. After putting the ambulance back in "the barn", I drove back to my home. As I pulled into my back yard, I could see a light in the kitchen window. When I walked into my home, the two LDS boys who I had picked up from the motor bike wreck were sitting quietly at my kitchen table.

You got to respect those LDS folks!
