Hydro-flushing/cleaning the sewer lines

The City of Dillon will be doing regular maintenance on the sewer system during the month of June. They will be hydro-flushing/cleaning the sewer lines.

Please do not hesitate to call the City at 683-4245 if you have any questions.

Health and Welfare Com. 5.21.20

By: MJ

Committee members are: Chairman Mr. Russ Schwandt, Ms. Mary Jo O'Rourke, Mr. Matt Kenworthy.

Under Title III of the Older Americans Act, Senior Resources provides funding for home and community-based services providing services to assist older individuals.

City Nurse Program exists to encourage comprehensive and coordinated systems to serve older individuals to; secure and maintain maximum independence and dignity in their home environment. If you are a home bound person and see the city nurse walk through the door may be a gift, possibly a bright spot in your day.

Contract: Mayor Klakken presented to the committee a contract that followed the old existing contract with a few modifications to the committee for their review,

Suggested changes to contract by committee members:

1) to attach as an amendment "Area -5" information. 2) include verbiage stating the nurse will carry her own workers compensation. 3) changing some words like "homebound to disabled". 4) Meaning of words direct, control and oversight. 5) The time, day and place the nurse will be available to the public. 6) Who will sign the contract... Ms. O'Rourke wants to have a physician come in and randomly choose ten names of people the city nurse visits and see what they have been presented with. **Question:** How much would that cost? It appeared that Ms. O'Rourke was not getting enough detailed information. She questioned the nurses time she spends with the people, questioning the times the nurse was available at the city hall for the public visits, and went as far as to question and accuse her of not being at city hall when she was supposed to be. Mayor Klakken spoke up and said that was not a true statement. The nurse was at city hall until the city closed for Covid-19 and there were witnesses she was there. Why are we judging at the expense of other people, we don't walk in their shoes? Ms. O'Rourke stated she would not vote for the contract.

Signing of Contract: Ms., O'Rourke wants the city nurses' services put on hold until the contract is signed. **Question:** Does this mean people will have to go without the services they have been getting until the committee presents to council a contract? Remember the city nurse provides a free service to the people. Ms. O'Rourke wants the Health and Welfare committee personnel to sign the contract. Her reasoning was, "because they have done the research." **Note:** All of the city committees do the research and then make

recommendations to the council. The council, being the final decision makers, then makes a decision as to whether they will accept the recommendation or not.

Mayor Klakken explained that the city's Charter and Ordinances clearly states who will sign contracts and oversee projects. **Questions:** Would the Charter and Ordinances have to be changed to allow this?

Question: Ms. O'Rourke, why is it so important to you to break procedure and sign the contract? Mr. Schwandt or Mr. Kenworthy, two other committee members did not wish to sign the contract. The city has contracts with independent contractors often that are never signed by committee members.

NOTE: Ms. Marie Holt is the city nurse and has is an Independent contractor that works with the city.

Meeting was adjourned without a decision or recommendation sent to council.

Letter to the Editor

To School District #10

Mr. Randy Shipman superintendent and to Mr. Joel Rogers, Principal

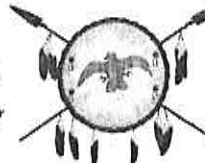

I want to express my extreme appreciation for you allowing me to be involved in the 2020 Virtual Graduation and allowing me to say a few words of fertilizer for the seeds and cultivating, you have done so far.

This year as the new commander of American Legion, Beaverhead Post #20 of Dillon, Montana, I have felt the privilege of completing my duty to the post and the graduating class honorably.

Letter to the Editor

I was reading some posts for and against reopening the country. One was talking about being selfish and it got me to thinking.

There are those wanting to reopen yet they're being classified as selfish. There are those healthy people who rely on all kinds of people to supply them while they sit safe at home for the foreseeable future. Isn't that being selfish too?

You expect your garbage to be picked up, you expect the grocery store to be open so you can get milk, you expect truck drivers to supply the stores, you expect farmers, meatpackers, fruit and vegetable pickers all to keep food in that grocery store.

You expect Amazon to still ship all the things you're ordering while you sit at home shopping. You expect the delivery driver to leave it on your doorstep. You expect your phone to work, your power to stay on, and your mail to show up rain, sleet, or shine. And most important, you expect the doctors and nurses to be there if you need them although many of them across the country have been furloughed because their units and services have been shut down while the entire system focuses only on COVID19. The whole premise of shelter in place is based on the arrogant idea that others must risk their health so you can protect yours. There is nothing virtuous about ignoring the largely invisible army required to allow people to shelter in place.

I know there are some of you may be screaming mad about what I just said but stop and really think about what is allowing you to stay safe in your home.

I truly believe that with some common sense on my part, I could easily go back to life as it was. I want to go to restaurants, I want to shop at the little store just up the road. And yes, I could catch COVID-19. I could also catch the flu or a cold. I could get run over by a bus. I could get struck by lightning. We take risks everyday. If you choose to stay home, that is absolutely your choice. And please don't start screaming at me about how I'll just spread it. Why are you worried? You won't get it because you're staying in your home. Are you going to shelter in place every time a new strand of the flu happens?

The entire purpose of the shelter-in-place idea was to let the healthcare system to prepare and to flatten the curve. It was not to eradicate the virus (impossible). Our economy can't withstand much more of this. If our economy collapses, so will the rest of the world's. If that happens, you will see the rise of tyrants. I absolutely don't want people to die...from COVID or anything else. I want people to live.

But sheltering in place is not living.

A thought provoking read.

Copied from a friend and completely agree

ORPHANED BEAR CUBS

Working jointly, staff from Montana Fish Wildlife & Parks and the U.S. Fish and Wildlife Service found a home for three grizzly bear cubs that were orphaned last month. The cubs will be placed at Bearizona Wildlife Park, located in Williams, AZ. This 158-acre facility is accredited by the Zoological Association of America and is home to 39 black bears and many other species of North American wildlife. The wildlife park receives more than 400,000 visitors annually and educates the public on the importance of conservation and wildlife management.

The cubs came from a female that was involved in a surprise encounter with a hiker near Dupuyer. The female was euthanized on April 9 by FWP staff after she was shot and injured by a hiker. At the time, it wasn't clear how many cubs she had, though it was thought she had at least one.

Three days later, on Friday evening, a ranching family spotted three cubs huddled together in a nearby field. The family called FWP to report the cubs. While waiting for FWP staff to arrive, the family grew concerned for the cubs' safety because of a male grizzly that lives in the area and because of an impending snowstorm. The ranching family, being adept at roping, were able to gently rope the cubs and keep them in one area. A neighboring rancher offered a barrel in which they placed the cubs. When FWP staff arrived shortly afterwards, they took possession of the cubs and transported them to the wildlife center.

The cubs have been at the Wildlife Center at Montana WILD for a little over six weeks while FWP staff have been actively searching for a zoo that meets rigorous, scientifically based standards. FWP and USFWS only places Montana wildlife in zoos that meet these standards because they are committed to providing wildlife that they place the highest quality of life possible. These standards address the areas of:

Exceptional animal care and welfare, including adequately trained staff

Veterinary care

Safety for the public, staff and the animals they care for

Proper enclosures that can keep wildlife safely contained, allow for adequate space, include habitat features, and enrichment items for mental stimulation

Educating the public on conservation

Financial stability

During the search for a zoo for these three cubs, FWP and USFWS staff have faced many challenges. It is becoming increasingly more difficult to find permanent placement for orphaned grizzly bear cubs. Some of these challenges are:

Fewer than 10 percent (240) of the approximately 2,800 animal exhibitors licensed by the USDA are AZA accredited. Only 60 zoos are ZAA accredited.

Out of the AZA accredited zoos, only 45 of these exhibitors have bear exhibits, with most possessing younger-middle-aged grizzlies, meaning they are not looking to add more bears to their exhibit at this time.

COVID-19 also had a huge financial impact on zoos because they rely heavily on visitors and have had to close their doors to visitors. It is costly to build and maintain animal enclosures, feed animals and provide the staff to care for these animals daily.

The public should be aware that these challenges may impact finding placement in the future for orphaned grizzly bear cubs, and FWP staff may either need to leave orphaned cubs in the wild or humanely euthanize them. People can play their part in reducing the number of orphaned bear cubs by managing any potential bear attractants on private property, recreating safely and carrying bear spray close at hand and knowing how to use it. While recreating, please:

Avoid traveling at night, dawn or dusk

Travel in groups of people

Make noise to avoid surprising bears, especially where visibility or hearing is limited (woods, bushy areas, streams)

Stay alert and look for bear activity (tracks, scat, overturned rocks and logs)

THANK YOU

To all those who helped American Legion Post #20 set flags on graves and helped remove them, my deepest thanks.

THE LEGACY ASSISTED LIVING

The Legacy Assisted Living is a loving and beautiful home located on the outskirts of Dillon Montana.

We have 24 rooms, varying in size, to fit your needs. The hospital and medical clinic are within one mile. We provide 24 hour care including assistance with activities of daily living, three balanced meals plus snacks daily, medication management, nursing assessments weekly, transportation, housekeeping, activities, socialization, WiFi and cable TV.

CURRENTLY 1 ROOM AVAILABLE.

The cost is all inclusive with no hidden fees. If you have been considering Assisted Living for yourself or someone you love, you are welcome to come by for a tour or call

Julie at 406-683-6867 or 406-660-2066.

Calling Lady Golfers!

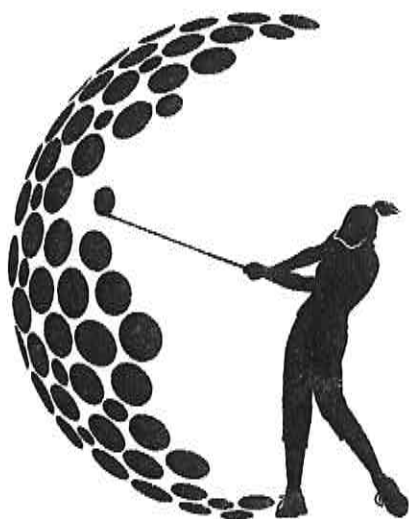

We are starting evening league play and morning league play has begun. We are in the process of updating our member lists and if you haven't received an email from us, you probably aren't on our list.

Morning league starts at 10 a.m. on Tuesdays and you need to sign up by Monday afternoon with Dawn Brown at drib63@hotmail.com, 406-925-3278 or on the sign-up sheet posted at the golf course

Evening league will be run on a weekly basis (women set up their own tee times as a team) with 4-man teams and a year end payout (if you don't have a team, please don't let that stop you from play, we can set you up!) Our first evening of "orientation/play" will be Tuesday, June 2nd.

If you are interested in playing evening league this year, please contact Becky Kington at bexk@3rivers.net or 406-792-6550.
