Carolyn E. Tucker 1937 - 2020

Carolyn held many titles throughout her life. She was a cowgirl through and through. She spent summers bucking hay and winters feeding cows. She worked for the Forest Service and Battlefield. She slung drinks at Fettys. She drove the school bus for 25 years from Wisdom to Dillon - one of the longest routes in America. She drove all the way up until the Corona Virus hit, it was the only thing that could stop her. By far her most accomplished title was being a mother and raising her 5 children by herself, they were her world. Carolyn was the toughest lady and sometimes the most stubborn, those of you that know her know. However, she had a heart of pure gold and will be greatly missed by many.

Carolyn had a short but tough battle with Leukemia. She returned to her heavenly home on May 29, 2020 at the age of 83.

She was born in Leavenworth, WA on April 1, 1937 to Charles Dan Tucker and Mildred Walchly. She was one of three children. Carolyn graduated from Leavenworth High School in 1954 and moved to Wisdom, MT shortly after to work on the family ranches. She fell in love with the Big Hole Valley.

Carolyn spent her childhood and most of her adult life on the back of a horse - one of her favorite places to be.

Carolyn was preceded in death by father, Charles Dan Tucker, mother, Mildred Walchly, stepfather, Fritz Walchly, brother, Dan Tucker, and grandson, Tyler Williams.

She is survived by her brother, Larry Tucker, five children Dan (Tina), Fred, David (Krista), Randy, Sheila (Jade). Grandchildren Christy (Jarrett), Meghan, Matt (Kurstin), Otto (Jessica), Abby, Hailey, Kacee (Chico). Six great grandkids and numerous nieces, nephews and cousins.

A celebration of life will be held on Saturday, June 6th, at 1 p.m. in Wisdom, MT at the Masonic Temple. Reception to follow at the community center. Please feel free to bring a side dish or dessert.

ADJUSTMENTS TO THE WATER SYSTEM

The Splash Pad will be closed the next couple of days for some adjustments to the water system. We are looking forward to a summer of fun at the Jaycee Park once those adjustments are completed.

The City of Dillon hopes that everyone has a safe summer!

Free personal-use firewood gathering continues in 2020 with permits

Beaverhead-Deerlodge National Forest will continue to offer free personal-use firewood gathering for the remainder of 2020, but a permit will now be required.

Woodcutters are asked to call district offices to arrange for a free, hard-copy permit that will be issued by mail or other special arrangement. The permits will be valid through Dec. 31, 2020.

"We remain committed to providing services on our public lands, and we are excited to continue doing what we can to help those in need with free, permitted access to firewood," said Forest Supervisor Cheri Ford.

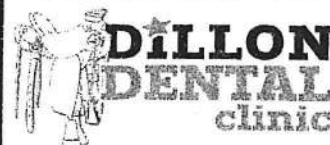

The free permits allow for the removal of downed timber or the cutting of standing dead trees for personal firewood under most conditions. These free firewood permits do not apply to collecting products on other public lands, such as Bureau of Land Management-managed lands.

Permitted collection of more limited post, poles, or rails or for any commercial harvesting will continue for a fee. Please call your local district office for information on obtaining a permit.

All permits, whether free or paid, help the USDA Forest Service track usage and ensure important information is conveyed to permittees regarding wildfire safety, suitable locations, collection amounts and any other restrictions.

Please contact your local district office for more information:

UMW Announces Fall Semester to Begin as Scheduled on August 24

The University of Montana Western plans to welcome students to campus for Fall Semester 2020 on the originally published date of August 24. The university is scheduled to offer the usual four blocks each semester, with students taking one face-to-face, experiential learning course at a time.

"We worked hard to design a calendar that would not require our students to start early," said Chancellor Beth Weatherby. "Our students were part of the process. They stressed how important it is to them to be able to work as long as possible, especially with the financial hardships many have faced due to this new coronavirus."

In accordance with Montana University System planning, outlined in a May 14 memo from Commissioner of Higher Education Clayton Christian, all campuses have been asked to revise their academic calendars so that students are not expected to return to campus after Thanksgiving in order to help reduce the risk of infection by the COVID-19 virus related to holiday travel. According to public health officials, this plan will help reduce virus transmission during the typical late fall and early winter influenza season.

University officials, faculty, and staff are working with public health officials to develop plans to mitigate risk as on-campus classes and activities resume this fall.

For the latest information, please visit the Montana Western website.

Badger Archery

Sarah Pfister opened her new shop in May 2020 and brings her passion for the sport of Archery to the Dillon area. Owner Sarah Pfister grew up loving the sport of archery in Victor, Montana. Sarah worked in a proshop beginning at the age of 14 and spent her youth bow-hunting and competing in archery shoots. To share her love of the sport she decided to begin her own archery venture in the Fall of 2015. Badger Archery has grown into a full service proshop and has gained a reputation for providing quality work. Badger Archery offers a 20-yard indoor range with 24-hour access.

Letter to the Editor

Wow! Can you believe it is June already? No matter how old, or young you are it has been a different spring. For many it has been isolation and days of solitude. It has been a time of lots of television, jig-saw-puzzles, phone calls and possibly talking to yourself. The good part is if you are reading this you are still alive. The bad part is when will this ever end? WILL it ever end?

I hear everyone talking about the "new normal". Ok, I said everyone but that is an exaggeration! But this is a different time. Like, I never knew that some months had 38 days. I never knew I could get by on one gallon a week. No, not gasoline, ice cream. I never knew the windows in my house were so dirty, now that I stare out the windows so much. My wife asked me if I could see the light at the end of the tunnel? NO! I am still looking for the tunnel to find the light at the end. I have driven my car around the block every day since I have been on quarantine. Still can't find that tunnel.

Wait! Back to the new normal!" I don't even know what the old normal was. Will the new normal be like the sun eclipse? You know its there but don't look. Maybe like the moon eclipse. I slept the entire time. I still don't know if we have a new normal. Can I participate? I am not sure I was part of the old normal! I looked normal in the dictionary. It said normal, -run of the mill. I can't wait to run to the mill. Maybe I will find the tunnel on the way. Thanks June for busting out all over.

MUS Healthy Fall Task Force Releases COVID-19 Prevention Guidelines

The Montana University System on Monday released a comprehensive set of guidelines to support campuses as they plan for a safe return to campus life this fall.

The University of Montana Western, along with all MUS campuses, is aligning its Healthy Fall 2020 plans with the guideline handbook released today by the Montana University System Task Force.

The handbook was developed by the MUS Healthy Fall 2020 Task Force, which has worked over the past six weeks to develop the guidelines in partnership with officials from the Montana Department of Public Health and Human Services (DPHHS).

The handbook is the result of extensive research as well as feedback from campus experts and a broader population of employees, students and administrators across the MUS, wrote Commissioner Christian and DPHHS Medical Officer Dr. Greg Holzman in a forward to the guidelines.

"While it is important to acknowledge that public health risk factors cannot be entirely eliminated, even in the best of times, we are confident that this handbook provides campuses with the clear planning protocols they need to safely and enthusiastically welcome students back for the kind of academic and extra-curricular experience that has distinguished our campuses for decades and – in some cases – more than a century," wrote Christian and Holzman.

Christian established the 12-member MUS Healthy Fall 2020 Task Force on April 21. The resulting handbook provides a framework for campuses to plan across a broad range of operational areas, from classroom management, to training for residence hall advisors, to quarantine and isolation protocols.

While individual campuses are well into their fall preparations, the handbook provides the system-wide framework of recommendations and protocols they need to enter the next phase of planning. MUS colleges and universities will continue developing their specific Healthy Fall 2020 plans in coordination with their campus communities and will share details as they become available.

The Montana University System thanks the Task Force members, public health officials and many others who participated in the development of the MUS Healthy Fall 2020 guidelines.

For more information, visit the MUS website.

Dillon Womack & "Bottle Digging"

By Ron Carroll

Dillon resident Dillon Womack was recently featured in a human interest segment on Southwestern Montana News. Dillon said he comes by collecting naturally, following in his father's (the late Joe Womack) footsteps who also had a passion for collecting all sorts of things. Dillon originally got into the hobby of bottle digging with the help of his then coach, Randy Shipman and likes to dig sites such as old privies and outhouses sites searching for old pre-1900s bottles, whiskey flasks, crocks and anything Montana-related. While Dillon said that some of his finds can be very valuable, the real value is in being able to get out with friends, such as his buddy James who owns Outhousepatrol.com where they combine forces to research and find new dig sites. Dillon said he would like to branch out and find new dig sites both locally as well as across the state. Dillon also likes to buy, sell and trade bottles and various other collectible items. He has an ad in his mother's (Brenda Womack) paper, the Dillonite Daily as well as posters and business cards around town with his contact information in case anyone wants to get a hold of him. To view the full story on Dillon Womack, please go to www.southwesternmontana.com and click on episode #6.

FWP to open offices, visitor centers to customers June 3

As the state moves into Phase 2 of Gov. Steve Bullock's Reopening the Big Sky Plan, Montana Fish, Wildlife & Parks offices and visitor centers will open to the public June 3.

FWP offices have been closed since late March due to Montana's COVID-19 pandemic response. As the public returns, strict adherence to Phase 2 guidelines will be critical: stay at home if you feel sick, make sure to frequently wash and sanitize your hands, and maintain at least six feet of distance from other people.

FWP front offices around the state will be set up to help facilitate these simple guidelines, including marking floors to help keep people spaced out, providing hand sanitizer for customers, and glass dividers between front counter staff and customers.

"We're looking forward to having our customers back in our regional and local lobbies and visitor centers," said FWP Director Martha Williams. "We've worked hard to prepare our buildings to keep our public and staff safe."

Please note that many FWP employees are still working remotely, so for business beyond front desk license purchases and other related information, please plan to reach out to the appropriate staff member directly by phone or email or ask front desk staff for contact information.

For more information on FWP's COVID-19 response, please go online to fwp.mt.gov/COVID19.

Beaverhead Gun Club

The Gun Club will open for practice on Thursday evenings starting June 4th @ 6:00 pm. For questions call Rick @660-0131 or Pierce 660-0249.

Art Social with Ayanna Fadness

Come to Birkenbuel Brands to support this talented artist in her first art show. Ayanna will be showing multi medium artwork. Stop by for refreshments and light snacks. Wednesday, June 3, 2020 5-8PM, Birkenbuel Brands, 25 S. Idaho St. - Downtown Dillon.

Calling Lady Golfers!

We are starting evening league play and morning league play has begun. We are in the process of updating our member lists and if you haven't received an email from us, you probably aren't on our list.

Morning league starts at 10 a.m. on Tuesdays and you need to sign up by Monday afternoon with Dawn Brown at drib63@hotmail.com, 406-925-3278 or on the sign-up sheet posted at the golf course

Evening league will be run on a weekly basis (women set up their own tee times as a team) with 4-man teams and a year end payout (if you don't have a team, please don't let that stop you from play, we can set you up!) Our first evening of "orientation/play" will be Tuesday, June 2nd.

If you are interested in playing evening league this year, please contact Becky Kington at bexk@3rivers.net or 406-792-6550.

5 Things to Think About Within 5 Years of Retirement

- 1) **Estimate the monthly income you will need.** It may be less than you need now, as your monthly expenses may decline. You may need to adjust or reallocate your portfolio and take another look at both income-producing and growth investments. You'll also want to factor in the amount you will receive from Social Security as well as Required Minimum Distributions.
- 2) **Determine whether you will stay in your existing home or move.** Retiring to another state may mean tax savings. Many retirees decide to downsize to a smaller dwelling to lower their living expenses. Also consider whether you wish to move closer to your immediate family members and grandchildren. Traveling can get more difficult as we age, and there are many advantages to having your family in close proximity.
- 3) **Debt and Taxes.** It's possible that you will retire to a lower income tax bracket than what you are currently. If you can stand the one-time tax hit, converting a traditional IRA to a Roth IRA could someday give you a source of tax-free retirement income. However, before making this change, talk with a qualified tax professional to make sure this is the right decision for your unique scenario. Converted amounts are usually taxed as income, and age and income restrictions may apply.
- 4) **Healthcare Costs.** Will you be eligible for Medicare? Will Medicare provide enough coverage? Remember that many retirees will eventually need long-term care at some point during retirement, which can quickly drain your savings.
- 5) **Imagine what your ideal retirement looks like.** How do you plan to fill your days during retirement? Do you plan on traveling the world, or staying home and building your dream garden? Is there a hobby that you want to explore, but simply never had the time to try it previously? Make sure that your finances can support your retirement goals, whatever those may be.

Let's plan a smooth retirement transition. Call or email me with your questions to design a strategy that works for you.
