Holland Capital Management to acquire PayneWest Insurance's operations in Dillon, Montana

PayneWest Insurance, Inc., the largest independent, employee-owned, agency in the Northwest, announced today they have entered into a definitive agreement with Holland Capital Management, owner of Novich Insurance of Twin Bridges and Key Insurance of Big Timber, and Key Insurance of Livingston, to sell their Dillon Montana insurance operations. The transaction is expected to close on or about June 30, 2020, and Novich Insurance will continue to operate from the current PayneWest Insurance location at 203 Southside Blvd.

Holland Capital Management is owned and operated by Tyler Holland and has locations in Big Timber, Twin Bridges and Livingston, Montana. Tyler's father, Tom Holland, will be retiring from PayneWest Insurance on July 4th after having spent 44 successful years as an insurance agent - 27 of them with PayneWest and its predecessor. All other PayneWest Dillon colleagues will remain in the new Dillon agency office, continuing the excellent service clients have become accustomed to over the years.

"The Holland family and all our insurance colleagues are excited to continue serving the insurance and employee benefits needs of the businesses and families in the Dillon community," said Tyler Holland, "and we look forward to having the PayneWest Dillon team join our other branches."

"Our company has always been focused on bringing quality people, resources and insurance solutions to clients. We are confident Tyler and his staff will continue this legacy of service and expertise, as well as continuing support of the Dillon community," said Kyle Lingscheit, President and CEO of PayneWest.

Holland Capital Management is an independent insurance agency focused on perpetuating the Main Street insurance agencies in small towns in Montana. They provide local expertise while bringing a nationwide network of insurance companies to their communities. Between their offices, they employ 22 licensed and professional insurance agents that service the insurance needs of customers stretching across 42 states.

PayneWest Insurance is the Northwest's premier insurance agency. Operating independently since 1972, PayneWest Insurance provides business and personal insurance, employee benefits and surety. Driven by a commitment to serve their clients, colleagues and communities, PayneWest employs nearly 750 insurance professionals including teams that specialize in highly-complex market niches such as agriculture, construction, healthcare, banking, private client, and resource development.

CAT'S ASS

By "Swede" Troedsson

About ten years ago a couple, that had three cats, lived across the alley from me. The husband was famous for his charcoal broiled turkeys.

One Saturday they were hosting a dinner party, and I was invited. The guests included some of the town social elite, and college faculty. The centerpiece of the dinner party was one of those famous charcoal broiled turkeys.

All day, through my kitchen window, I could watch the host, from time to time, lift the lid off the Weber broiler and slather the turkey with his secret potion, then replace the lid.

When it came time for dinner, I walked across the alley and entered the rear of the house through the kitchen door. The dining and living rooms were filled with finely dressed guests, snacking on fancy Hors D'oeuvres and sipping spendy wine.

There was no one in the kitchen. On the counter was a huge turkey cooling prior to being served. Out of the cavity of the turkey was the hind end of a cat. I motioned to the host to come into the kitchen. When he came into the kitchen, I pointed to the turkey. The host yanked the cat out of the turkey and exclaimed: "Oh my God, what do I do?" I replied: "Oh, hell, serve it! They'll never know the difference."

The host served it. His guests raved about how good it tasted. The host kept looking at me, hoping I would not make a wise remark (which I'm usually good for). In retrospect, I should have given the host a thumbs up and tell him "Nice job, this turkey is the cat's ass!"

Some years later both small animal veterinarians were hosting a pet information session at the local national guard armory. Student members of the local college service club were assisting in the session. The group was headed by a college professor. I related this story to the professor. It turns out this professor was one of the guests at the dinner party!

Southwest Montana Veterans Home Update #52

By Mike Lawson

Greeting once again to you, the Veterans/Communities/Counties of SW MT., who are the chief organizers and supporters of the "SW MT Veteran's Home.

This beautiful weather we're having, is really having a positive effect concerning the work getting done at our Vet home site. Had a good visit/briefing with both Site Construction Superintendent Mike Ascherman and Carpenter General Foreman John Kotka. They're both pleased with how well the job is going and expect that to continue. Vet Home Liaison Mark Gollinger and I did a walk-through on Friday and as usual were beyond impressed with the weeks progress. Mark took a lot of pictures and some of them will be on our SW Mt Vet Home web-site, SWMVH.MT.GOV

It looks like the different SW MT Vet Home Site buildings, upon completion, will be turned over to the state. The Community Building will be first, and the rest will follow as they are completed. I expect that will happen, from September to right before the Grand Opening on Veteran's Day, November 11. It's mind-blowing to see the massive amount of work involved to put each of these buildings together, from start to finish.

The other exciting news I want to share is the new Veteran's Medical Center, which is moving from Anaconda to Butte, is going to be located very close to our SW MT Veterans Home. I was informed it will be built in the big empty field, to the South and next

Construction Updates:

Community Center Building:

Interior: This building is seeing a more finished look, every week when we go through it. The painting is close to being completed. The big project is getting the Suspended Ceiling framed and the sheet rock portions completed, with the acoustical portions to follow. This needs to happen as quickly as possible, so the sub-contractors can get their Electricians and Sheetmetal guys in to install the ceiling lighting and vent units. Having permanent overhead lighting in, will really change the the atmosphere of this building. Johnson Controls continue with all their system control work. John Kotka said about half of the interior doors have been hung. On our walk-through and seeing these doors, we were impressed as to how beautiful they were.

Exterior: The Siding Crew is making progress. The front of this building, with the Columns and the the big overhead Portico Section (covering the drive through entrance), have a lot of "time consuming detail application", involved. This building won't just look good it will be beautiful.

Cottage #1:

Interior: The big story here is the sheet-rockers doing their tape and mud application, over the hung sheetrock. Some Mechanical work being done by both the Sheetmetal and Plumbers concerning different aspects of the heating system/piping.

Exterior: The siders are working full time on this building and have gotten the bottom flashing and first strip of bottom siding on the outside parameter. The color is lighter, kind of grey, compared to the Community Building.

Cottage #2:

Interior: The Sheetrock Hangers are busy hanging lots of sheetrock. Collin's Painting, who has this portion of the work, is having trouble finding enough guys to put to work. The Construction Industry in Montana is very busy, and many of the sheetrock hangers, are working on many of these other jobs. If you know any of these folks looking for work, send them too "Collins Painting" and they'll

be put to work. We don't want this job compromised/held-up. Some Mechanical work by the Sheetmetal guys and Plumbers is ongoing.

Exterior: All the soffit work is complete and this Cottage is ready for siding. Mike Ascheman, said that another siding crew might be on site this week. Hope that will happen.

Cottage #3:

Interior: This Cottage is seeing the Plumbers and Electricians winding down on their rough-in work and moving into Cottage #4. The Sheetmetal Guys continue to work on the Heating Ductwork and will be, for quite a while. Their Foreman Derek Rhinehart has his hands full in juggling the placement of all his guys, into the different buildings. This is a highly skilled trade, with no room for mistakes.

Exterior: Electrical underground site work, scheduled to be done on a electrical main-line, shared by both Cottage #2 & #3. The 3M Peel and Stick Vapor Barrier with window installation is progressing well. The Foam Insulation will go on next, followed by the Roof-Eve-Soffit Framing.

Cottage #4:

Interior: Some framing continues. All the kitchen/lighting soffit walls, will be completed this week. The seemingly never ending wall blocking and backing, continues. The bay windows/bum-outs are getting the bottoms and ceilings framed-in. Electricians/Plumbers/Sheetmetal guys, have moved into this building, to start their extensive rough-in work.

Exterior: The roofer has finished the roofing.

Cottage #5:

Interior: The roof trusses didn't arrive on site until late Thursday afternoon. The Memorial Day Monday, put them back by a day. John Kotka, said that at 7:00 am on Monday morning, the truss roll-up process, will begin. Remember this is the last Cottage Roof, unless we can get Cottage #6 financed at some future date. Due to the roof-truss delay, the carpenter-framers were able to get all the interior walls framed and standing. All the house keeping cement-pads (Boiler/Exchanger/Hot-Water-Tank), have been poured. Soffit wall-framing continues. The bottoms/ceilings for

the Bay Windows/Bump-Outs, are being framed and will be ready for Core Bonding.

Some things scheduled in the near future will be the pouring the big pad for the Electrical Vault Small building. The next building on the agenda, is the Maintenance Building and getting it framed. It will be used for receiving/storage, maintenance equipment (lawnmowers/etc).

Not anything to report from the State or Foundation this week. Everyone be safe as we go into of this Covid-19, Phase #2 reopening. Until next week, I wish you all the best.

Calling Lady Golfers!

We are starting evening league play and morning league play has begun. We are in the process of updating our member lists and if you haven't received an email from us, you probably aren't on our list.

Morning league starts at 10 a.m. on Tuesdays and you need to sign up by Monday afternoon with Dawn Brown at drib63@hotmail.com, 406-925-3278 or on the sign-up sheet posted at the golf course

Evening league will be run on a weekly basis (women set up their own tee times as a team) with 4-man teams and a year end payout (if you don't have a team, please don't let that stop you from play, we can set you up!) Our first evening of "orientation/play" will be Tuesday, June 2nd.

If you are interested in playing evening league this year, please contact Becky Kington at bexk@3rivers.net or 406-792-6550.
