William Robert "Joe" Foster

William Robert "Joe"
Foster passed away Friday,
June 12, 2020 at Barrett
Memorial Hospital in Dillon,
with his children by his side.

Joe was born March 18,
1940 in Pocatello, Idaho to
Herbert and Martha Foster.
Joe spent his entire 80 years
in Lima, Montana. When Joe
was in high school he was
"set up" on a date with a cute
red haired girl from Utah,
named Camille Marriott. Joe
and Camille were married
on Oct 2, 1959. They
celebrated their 60th wedding
anniversary this past October.

Their marriage was later
solemnized in the Idaho Falls
Temple.

Joe was the complete
Montana Cowboy. He loved
everything Cowboy, even the
Dallas Cowboys. He wrote in
his journal each day, enjoyed
talking on the phone to recap

the days' events and watching his Bigfoot programs on T.V.

Joe is survived by his daughter Carma (Mike), son Curtis,
four granddaughters Ashlee, Heather (Jax), Holly (Colton) and
Kandee; four great-grandchildren Hunter, Gunner, Thorstein
and Emma. His sister LaRae also survives. He is preceded in
death by his parents, Herb and Martha, wife Camille, infant
sister Mary, inlaws Emery and Helen and brothers in law John
and Ernie. Graveside services for Mr. Foster will be held
Saturday, June 20th at 11:00 AM at the Lima Cemetery, Lima,
Montana. Visitation for family and friends will be held Friday
June 19th from 7 - 9 PM at the Brundage Chapel in Dillon. A
guestbook is available online at www.brundagefuneralhome.com.

Restitution

Bryce Angell

When I was young my father taught me how to show respect for someone else's property. I learned to stay in check.

I must have been about fourteen, my neighbor called me squirt. And being young and stupid, I got my feelings hurt.

Retaliation was my plan. I flattened his truck tires. I pulled each stem out with my new True Value Hardware pliers.

I gazed down at my handy work, then realized what I'd done. My conscience got the best of me. I am my father's son.

So, I thought I'd face the music. Told my dad about my deed. He said, "I hope your bank account will cover what you need."

The two of us drove over to our neighbor's run-down truck. His flattened tires were plumb worn out. Thought, "What a lucky duck."

I prayed our neighbor would admit his tires were torn to shreds. 'Cuz his rusty truck was 'bout to get four brand new Good Year treads.

My neighbor got new tires. I emptied out my bank account. But restitution was required, no matter the amount.

I won't forget that day. Was it a blessing in disguise? 'Cuz nothing measures more than favor in my father's eyes.

So today I got to thinking, listening to the radio. These rioters are causing havoc everywhere they go.

Do they even wonder who will pay for damage they've incurred? And maybe they weren't blessed to have a father they deserved.

I hope the angry protesters will come back to their sense. There ain't no way to recompense the terrible expense.

I'm thankful my good father taught me life ain't just for fun. And to this day, he'll always say, "Pay back for what you've done."

Southwest Montana Veterans Home Update #54

By Mike Lawson

Those many of us who have been in the military are very familiar with the term marching, as we did a lot of it in Boot Camp. The Contractors and Construction Workers, continue their marching, toward getting our SW MT Vet Home completed and ready for the 2020 Veteran's Day Grand Opening on November 11, 2020. As this march gets closer to that end goal, the expectation and excitement, continues to build for many of us, who for 10 plus years have fought for this "Veteran Dream", that is now a "seeing is believing" reality. The political aspect, continues to part of the process and will become alive again, for the next push in getting Cottage 6, (which has always been on the overall construction drawings), to become a reality. If in fact we can persuade the powers to be, to make this happen, our Southwest Montana Veterans' Home will then be complete, as originally envisioned. With the new VA Medical Center going in, by Three Bears, this small section of Butte, right off the last I-90 East Exit, will become the easy-to-get-too "Veteran Center" for the Veteran's of Southwest Montana. Marching on with this update, I again had great input with Construction Superintendent Mike Ascherman and Carpenter General Foreman Kotka. Liaison Mark Gollinger and I also did a walk-through of the site.

Construction Updates:

Cottage #1: Interior : No carpenters worked in this building, this past week, as most were on the roof truss roll-up on Cottage #5. The other crafts continue to work on the finishing stages of construction, involving their particular work. The sheetrock crew, installed all the ceiling T-Bar metal-framing grid and are sheet rocking those sections that require the seismograph ceilings. This won't take long and will include the mud and taping process. Johnson Controls are busy putting the controls in. An example of this, was noticing thermostats installed, in many of the rooms. The sheetmetal guys and electricians continue to install the ceiling lights cans and Heating/AC vents. GF John Kotka might have some carpenters doing door/window trim work this week.

Cottage #1: Interior: The Sheet-rockers continue to work on the Mud/Taping process. The ceiling Metal T-Bar Grid framing has been started. The Plumbers and Sheetmetal guys working on the

Piping/boiler and HVAC system, are close to wrapping up this phase of their work. Insulation of pipe/ductwork/controls/etc continues. Knowing deadlines are coming in a few short months, Mike Aschman keeps on top of getting things done, by the different craft/contractors, in a specified timeframe, so no bottlenecks cause work stoppages, for the other phases of construction that follow.

Exterior: The siding crew continues to side this building and the outside appearance continues to become more finished looking. Come and check it out, from the Blacktail Loop side.

Cottage #2: Interior: The sheet-rockers continue to hang sheetrock. The insulators have all the interior wall sound barrier insulation in place, which now allows the sheetrock to be hung on that side of the walls. Ductwork and control systems continue to be insulated. The Plumbers are working on their piping rough-in and the Sheetmetal guys are working on the HVAC rough-in. The Carpenters are working on the coffered ceiling soffit framing.

Exterior: Other than a bit of soffit framing finish work, completed on this building's entryway, this Cottage is now ready for siding.

Cottage #3: The big picture here, is that the Sheet-rockers are moving rapidly, in hanging the sheetrock. The Plumbers continue working on their rough-in piping. The Sheetmetal guys are working on the many components, like ductwork, that make up the HVAC system.

Exterior: The Carpenters are applying the 3M Vapor Barrier, following this with the blue foam insulation board and window installation. This is moving fast and if not completed this week, it should be completed next week.

Cottage #4: Interior: The main craft working in this building are the Electricians, who are "going to town" on their rough-in of wiring/electrical box/conduit installations. The Carpenters are doing a little on the backing/blocking framework.

Exterior: Roofing is completed.

Cottage #5: This was the big concentration for the Carpenters, as they rolled up the rest of the Roof-Trusses
