Rainbow Bridge accepts Altoon

Miss Jude's loved and valued a little black dog named Altoon who passed away July 9, 2020. Altoon and Miss Jude met at the animal shelter. He spied her walking passed his fence and immediately began performing for her. She responded by saying "I will take him". His new life and world, filled with love began. He spent the next 13± years sharing life with Miss Jude. They were partners through thick and thin. He was the ruler of his kingdom. Altoon also left behind his friend CoCo.

An empty space has been left in Miss Jude's and CoCo's heart. They have begun the slow process of healing those hearts. At the Rainbow Bridge, Altoon may find Joe and Maggie waiting for him.

Asymptomatic Testing Event

Our asymptomatic testing event scheduled for 7/24 has been CANCELED! The lab that was working with state DES on these types of events is overwhelmed and cannot accept more asymptomatic tests at this time. We are working to reschedule this event as soon as possible.

Jack Knapp Benefit Fund account

Jack Knapp lost his home in a devastating fire the morning of July 13. If you would like to and are able to donate to help him through this difficult time, there has been a Jack Knapp Benefit Fund account set up at the Bank of Commerce. Thank you for your support during this trying time.

UMW Business Professors Collaborate on New Publication

UMW Professor Christian Gilde and Associate Professor Kurt Steadman recently collaborated on a new publication titled "The Demallification of a Nation: The Death of American Shopping Malls." Gilde and Steadman, along with former UMW Professor Fredrick Chilson, were the main authors of the publication with contributions coming from UMW alumna Baleigh A. Doyle and other authors.

Professor Christian Gilde and Associate Professor Kurt Steadman.

Gilde received his PhD from the University of Bath and his MA from Boston College. He conducts research in the areas of consumer culture, consumer psychology, and leadership. His previous research resulted in books on higher education and consumer over choice. Steadman received his JD in Law from the University of Idaho. His current research centers around small business entrepreneurship and the case study method. He has also published in the "Journal of Excellence in Business Education" and authored a book chapter on the commercialization of sports.

"The Death of American Shopping Malls" details how malls in the United States are changing as we know it. With the advancement of online retailers, these traditional shopping paradises are becoming a thing of the past.

"According to a survey by the International Council of Shopping Centers, approximately one in five malls is failing," Gilde explained in the book.

The majority of Americans are now doing their shopping online. The convenience of shopping from your own home, avoiding traffic and crowds, and comparing prices at the click of a button are just a few of the advantages of shopping online. Because of this, malls are now transitioning to provide the consumers with more of an entertainment experience rather than the traditional shopping experience. This can been seen in places such as the Mall of America in Minnesota, the West Edmonton Mall in Canada, and The Dubai Mall.

"These malls offer more than just the mere shopping experience. They venture beyond what the average mall has to offer with extraordinary entertainment and, as matter of fact, have more than online retailing can offer; they offer an in-person experience. To stay in business, deteriorating shopping malls have to learn from successful malls," Gilde said.

The book dives deeper into the state of the American shopping mall with chapters on the history of shopping malls, economics, real-estate and much more.

Please contact Professor Gilde at christian.gilde@umwestern.edu or Associate Professor Kurt Steadman at kurt.steadman@umwestern.edu for more information on the publication.

Lunch & Learn has resumed!

Letter to the Editor

The United states has never gone through so much confusion and chaos as in the past three and a half years with Donald Trump in charge. Mr. Trump has proven time after time he is not a leader but a manipulator. He cannot work with others and others cannot work with him. As of May 25, 2020 there have been 415 people in the Trump Administration that have been dismissed or resigned.

Now with the coronavirus pandemic Mr. Trump has botched plans and procedures since day one. He claimed, it was a hoax, it will go away, it is just like the flu, it was the fault of China and scientists don't know the answers. But Mr. Trump has insisted the county must get back to work to save the economy.

Now Mr. Trump has shown the American citizens there is no justice in America by pardoning Roger Stone. On February 20, 2020, Mr. Stone was sentenced to 40 months in prison. His crimes were lying to Congress, witness tampering, lying to investigators and obstruction of justice. Where are the Republicans in Congress? Most just look the other way and don't seem to care about justice or democracy. Senator Mitt Romney has come out and accused Mr. Trump of unprecedented corruption!

Will we ever get back to justice for all and not just for the rich and powerful?

Southwest Montana Veteran's Home Update #58

BY Mike Lawson

Greetings once again, to you the Veterans/Communities/Counties of SW MT who are the chief organizers and supporters of the SW MT Veteran's Home.

We have had great weather (for the most part) here in Butte this past week and we've had some great notable things happening, on the construction progress, on our New Veterans Home. I did get a rundown of the weeks happening on the week's construction progress from Mike Ascheman and a call from Carpenters General Foreman John Kotka. Mark Gollinger and I did a walk-through with a couple of SW MT Vet Home Foundation Members. I got a chuckle out of some of their comments, the best one was "it's just like you have been writing it is". I was glad to hear this as accuracy and honest reporting is what these weekly updates are all about. We are seeing more and more operations being started that point to the finishing stages of this our Vet Home Site. Neat!!

SW MT Vet Home Construction Updates:

Community Center: Interior; It was exciting and had some surprises when we walked through this building. The ceiling work is close to being done with the painting to follow. The window/door trim is ongoing, with a few back-order doors expected to, hopefully, be here this week and then hung. The tile is done in two of the bathrooms and will be completed in the other two bathrooms this week. I might add, this tile-work and it's appearance is beyond beautiful. (Another quality kudos for us the Veterans). The big surprise for me was in walking into some of these rooms and seeing wall cabinets hanging on the walls and counter-cabinets standing in place under them. John said they are set and ready for "Backsplashes". The ones with sinks will need the Plumbers to install/hook-up them. Once this is done throughout the building, these rooms will be ready for flooring. The reality for me was that this building is very close to being done.

Exterior: There's a little bit of siding to finish but the Siders have been concentrating on Cottages #1 & #2. The Carpenters are installing the exterior door hardware and when the time comes for locking these building up, that can take place.

Cottage #1: Interior; The seismograph ceiling metal-grid framing is complete and is getting the sheetrock hung on it, with the tape/mud process to follow that. The other Crafts/Sub-contractors are caught-up and pretty much on hold, until the sheet-rockers are to the point of being far enough along, for the painters to come in and start painting. The exception to this was the plumbers tying in water lines too the heating sensor units and Johnson Controls (Dean) hooking up low-voltage wire to the Boiler air-control heating sensors.

Exterior: The siding is basically done except for the facia covering. Collins Painting is painting the exterior doors and the Carpenters plan to

install them this week.

Cottage #2: Interior; The Plumber and Sheetmetal workers were/are doing work on the Mechanical end of things. The interior work is a bit on hold as the other cottages are a priority at this stage. It will be all gangbusters once activity starts again in the next week or two.

Exterior: The siders are siding the south and east walls ,mainly, and have started on the west wall. The green portion of this siding, is eye-catching in a good way. Collins Painting is painting the exterior doors, which John plans for the Carpenters to start installing this week.

Cottage #3: Interior; Collins Painting subbed some folks out of Billings, to install the metal T-Bar seismograph ceiling grid framework. This is helping him get caught up on his portion of the work and helps prevent the bottleneck of the work progression for the other sub-contractors. Once this is in place, the sheetrock can be hung, with the tape/mud process to follow. The Plumbers and Sheetmetal guys were working in the mechanical room on their work.

Exterior: Waiting for the siders.

Cottage #4: Interior; Plumbing and mechanical controls and insulation is on going, but it was pretty quiet, when we went through.

Exterior; The blue board foam insulation board has been completed and the soffit work is now in progress.

Cottage #5: Interior; The framing is complete except for the coffered ceilings. The Electricians, Plumbers and SheetMetal workers are now in this building, doing their rough-in work. This rough-in work is extensive and will be ongoing for a while.

Exterior; The Carpenters are installing the 3M Peel and Stick Vapor Barrier material with the blue foam insulation board crew, hot on their heels. The roofers are continuing to shingle the roof.

Maintenance/Receiving Building: The exterior walls are mostly framed and ready to be stood up along the exterior of the building. In fact, three of them are standing and secured in place, with the rest being stood this week. The trusses are a week or two from being delivered.

Electrical Vault Building: This small building has the walls built but they can't be stood until the Switch-Gear gets here, that goes inside. No-one is sure of the arrival date.

Water Well House: This structure is just a small shed type building and can be done anytime, so is not a priority.

Outside Electricians: Have been running underground conduit to the outside Light Poles. They have also been pouring concrete for the Light Pole bases (each Cottage/Community Building) with

conduit sticking out of them, which enables them to run their wire through it to the electrical vault,

Zemlijak Excavating: Mike Zemlijak and his crew have been very busy and have moved a lot of dirt. On Cottage #1,#2 and #3 they prepped/leveled the bases for the patios and chiller pads located at the front and back entrances. This will be ongoing until all the Cottages have this work done, Mike said his plan is to start putting the big retainer wall cement blocks, on the West and South side of Cottage #1, in this week that we're now in. They also have been digging and forming the ditches on the outside site perimeters, for water runoff. The other dirt moving work, has been getting the ground to grade so the "cul-de-sac" curbs can be formed and poured. Once the forms are poured, this will really give a finished foot print look to the grounds of this, our Vet Home Site.

The Southwest Veteran Home Foundation had their monthly meeting on July 6th at the American Legion Hall. Shaunda Hildebrand (Fiscal & Nursing Facility Services Bureau Chief) and Our SW MT Vet Home Liaison Mark Gollinger, who works for Shaunda, gave us some pertinent information. The Operating Contractor is close to coming on board, pending some lawyer agreements concerning some minor legalities. Important this happens soon. The other item was the Southwest Montana Veterans Home Grand Opening which is put together and implemented by the state. It will be on November 11, (Veteran's Day) at 4:30. This was later than some wanted, but due to many long standing Veteran Day Ceremonies /Events, that have been an institution locally in many of our communities and are planned for at least a year in advance, the adjustment was made to this later time to honor the Veterans in those areas affected. The other issue discussed is Cottage #6 being put on the political agenda. One of our former long time Legislators Bob Pavlovich who legislated and got passed a Bill for the creation of the SW MT Veterans Home, has volunteered to get movement going, to get Cottage #6 on the next Legislation Sessions Docket. Let's hope something can come out of this.

With the Covid -19 exploding not only across the country but increasing in our own Montana, I would only ask that you be cautious, wear a mask and distance when necessary. Frightening for many Veterans and their families. Let's beat this silent but deadly virus, on a united front. Take care until next time.

IN SEARCH OF 4/28- WC BILL

My husband, myself and three children are planning to move to Dillon this summer. We are in search of 3-4 bedroom, pet friendly house to rent as soon as possible. Remote locations are ok! We are also looking for employment for both of us. My husband is a carpenter by trade (regular and finished), but can also do windows, doors, siding, interior trim, all phases of construction and can fix or install just about anything. I am a professional horse trainer and riding instructor, but also have experience in management, small animal hospitals, retail, office and bookkeeping, warehouse, and call centers. We will be in the area from 7/16/2020 - 7/21/2020 and can meet for interviews or to look at properties then. Please call, text, or email me if you would be able to help or refer us with any of the above. We are so looking forward to visiting Dillon and meeting the wonderful people there!
