Summer Activities at Tendoy Fine Art

Despite our current pandemic, Tendoy Fine Art has continued to find ways to keep a small-town gallery operational and follow necessary protocols. New work by area artists is being represented, special exhibits have been on display and art classes continue at a brisk pace. A Plein Aire painting event with limited enrollment was offered by Colleen Howe Cheney last week and Jean James did an art journaling workshop in June. Cheney has expanded her art instruction opportunities to include a watercolor class on Friday mornings from 10:00 to 12:15 and a beginning oil class on Wednesdays from 1:00 to 3:15. These classes, along with her landscape painting oil class Wednesday mornings from 10 to 12:15, are ongoing classes and available by the month or by the class.

For the month of August, Tendoy Fine Art will be featuring three works by well-known artist and educator, Jim Corr. Corr, who passed away in 2017, was a man of many talents that included coaching basketball, football, track and golf; but for many, his art instruction introduced students to a lifelong career making art and/or teaching art to young people. The three works being presented at Tendoy Fine Art were a donation to the gallery and proceeds from sales will go to help gallery operations. This is an opportunity to own a treasured painting by Jim Corr.

To assist members of Tendoy Fine Art, the managing members set up a photo booth in the basement of the gallery. The booth is designed to be an environment that will assist artists in photographing their work in a professional way. Reaching out to the community, Tendoy Fine Art is opening the use of the photo booth to area artists who are not current members. In keeping with the organization's mission statement which includes, "to encourage greater awareness of Southwestern Montana as a valuable resource for artistic inspiration," the gallery hopes to assist with presentation challenges for any artist who needs this kind of help.

COVID-19 Cases continue to be confirmed in Beaverhead County

Beaverhead County has a total case count of 50. At this time there are 14 active cases.

We have identified community spread within Beaverhead County. Community spread occurs when cases do not have an identifiable origin. We've seen a major community surge in recent weeks. Please continue social distancing, frequent hand washing/sanitizing, and staying home when you feel sick.

As public health becomes busier with contact investigation, it will take longer to identify and investigate contacts. We ask for the public's patience while we work on cases and contacts. A close contact is considered someone who is within 6 feet for at least 15 minutes with a positive case. There may be times that the case does not remember all close contacts so if you feel you were a close contact and have not been called by public health after a couple of days, please call the health department at 683-4771. Please do not seek immediate testing at the hospital. The proper procedure for testing is a request to your health care provider or public health for a test. We do ask that if you have no symptoms or mild symptoms, that you wait until after the weekend to request a test. No courier is available on the weekend to take tests to the state lab. However, if you are experiencing severe illness, please seek care at the hospital immediately.

It is important that you remain quarantined from the community for 14 days from last exposure to the positive case. If you are in contact with a positive case and receive a negative test result during quarantine, you MUST finish your 14 day quarantine.

Beaverhead County Public Health is asking everyone to please do their part in keeping themselves and others in our community safe. Follow the Governor's mask mandate unless you are exempt under the directive. The mandate can be found at <https://covid19.mt.gov/joint-information-center>.

Letter to the Editor

To anyone interested,

I feel very strongly about sharing my thoughts on Mask Wearing & 6 Foot Social Distancing during this Pandemic. I know I'm starting with 2 strikes against me. STRIKE 1- I'M OLD, STRIKE 2- I HAVE NO MONEY, & before I STRIKE OUT ON 3 & LOOSE MY FREEDOM TO SHARE THESE THOUGHTS, I WOULD LIKE TO DO SO.

I certainly am not an expert, but I'm not completely clueless. I do not have all the many letters behind my name, but I did have LPN behind it & worked for 7 years geriatrics in a Nursing home, & RN for 20 years on Medical/Surgical Units in hospitals: 4 different hospitals in Montana, while returning to my hometown position in Dillon over these 20 years of Travel Nursing assignments across the United States. I have worked Medical/Surgical Units starting in Florida, 2 separate years- 2 different cities, in Seattle, Wa., in Wyoming, in Santa Barbara, Ca., & 8 different years, 8 separate assignments in Palm Springs, Ca., all of these in hospitals Medical/Surgical Units, except for 1 assignment in Palm Springs, Ca., I worked on the AIDS, End Stage Renal Failure & Hospice Unit. While working all of these positions, I had experience with infectious disease. At most of these hospitals I had to be fitted for N- 95 or that caliber mask to be protected from very small viruses that I would certainly not be protected by a Simple Surgical Mask or Cloth Mask while taking care of these very contagious patients. Covid-19 is a very small Airborne Respiratory Virus that is not to be stopped from passing through, in or out of a Simple Surgical or Cloth Mask. I have learned this from my nursing classes, training, in service fitting of masks & experience in hospitals on the front lines working 12 hour day & night shifts & my continuing education since my retirement from active nursing 6 years ago. As stated by Dr Ramin Oskoui, a Simple Surgical or Cloth Mask could be compared to putting up a chain link fence instead of a screen to keep the mosquitos out. I believe I am following the science & medical professionals advice. As you do know they do not all agree. I am basing my opinion with this science, the opinion of these professionals & a Degree in Common Sense & a Masters Degree in Experience that I granted to myself. Many of these Simple Surgical Masks or Cloth Masks would not stop any pathogens as many do not wear them protectively, maybe as many as half. They have them below their nose, & not fitted at the nose, ears or chin.

Six foot self distancing can not possibly work, based on simple grade school science. Covid-19 is a very small Airborne Respiratory Virus, which means it floats through the air. It will not sit somewhere & wait for you to move through the six feet when you move or even if just standing in 1 place. The air is moving, there are air currents or wind everywhere. Just notice the dust particles floating in the sunlight. Covid-19 Virus is not just hanging in a specific place in your 6 Foot Social Distancing space. It is airborne & floats on the air currents & the wind. It doesn't just jump 6 feet or whatever by another person passing. Then think about this if you are wearing a mask & are protected, why do you have to Social Distance?

One other point, all jobs are essential, you have a right to care for & provide food, shelter & clothing for your family & yourself. This is a basic minimal right for all.

Letter to the Editor

Can you believe it is August already? Because of the coronavirus many of us got behind in our obligations. I finally got my Federal and State taxes finished.

I receive a small retired teaches pension and do not get money from Social Security. But I paid more taxes on my small income than 91 large corporations in America. If you paid your Federal Taxes you paid more in taxes than Starbucks, Chevron, John Deere, Delta Air Lines, Halliburton and Netflix.

These and the other corporations got out of paying almost 100 billion dollars in taxes while their companies made billions in profits. Some of these Corporations were given refunds of millions of dollars for not paying any taxes.. What a deal.

The Trump Administration has added over 7 trillion dollars to the National Deficit. And what do we as middle class and working poor have to show for this? Nothing!

But the rich got richer. The corporations got richer. The CEO's of the large corporations still got their millions.

We as a Nation cannot survive by plundering the middle class and the working poor. This system is dishonest and corrupt.

LaVon D. Brillhart

BUSINESS MEETING SCHEDULED FOR DILLON ROTARY WEDNESDAY

The Dillon Rotarians will conduct their business meeting on Wednesday, August 5, 2020. Visitors are welcome.

Anyone interested in learning more about Rotary should come at noon to be a guest for lunch. The Club meets in the Guild Hall of St. James Episcopal Church, 203 East Glendale St. For more information, email Mike Blando at mikeblando0717@gmail.com or Tina Giem at tgiem@barretthospital.org.

Property Addresses

The City of Dillon would like to ask all property owners to review their street numbers on their property. All numbers must be not less than three inches tall and shall be placed in a conspicuous place where the same can be easily seen from the middle of the street or alley upon which the building fronts. The numbers must be of metal or painted, or worked into stained glass, or otherwise placed upon a building so as to be durable and conspicuous.

The purpose of asking for the review is to make sure that as owners and renters we are providing law enforcement agencies, the ambulance service, fire department, and other health and safety agencies the best possible ability to provide protection for our citizens, homes and businesses when called upon for assistance.

If you have any questions please contact Todd Hazelbaker, Director of Operations, at 683-4245.

Programs

Stop by the "Y" TODAY and check out our group exercise programs and aquatic activities. Cardio Sculpt (T,TH, - 6:00am), Biker Blast (M,W,F - 6:00am), Yoga Strength (T,TH - 7:00am), EnhanceFitness (M,W, - 9:00am), Cardio Mix Up (T, TH- 12:10pm), PiYo (T,TH 9:00am). Class offerings and class sizes are limited due to COVID-19.

Fun in the Sun Day Camps

These are all day camps for children entering Kindergarten through 6th grade for the 2019-20 school year. The children are engaged in fun, active, and intellectual games and activities throughout the day. Each week the children will explore a theme and towards the end of the week, they will take a field trip to further enhance that theme. Because of the pandemic, the Y was forced to limit campers and camp is full. We are sorry for any inconvenience this has caused!

Summer Swim Lessons

Please check with us for the possibility of private swim lessons. Lessons fill quickly so call or stop by the YMCA for more information.

Child Watch

The YMCA's child watch has reopened from 9:00am-11:30am every week day except Fridays. Child watch will resume 5 days per week when summer camp has completed.

#STAYWITHUS

The "Y" is committed to your health and well-being. We are so very grateful for our "Y" members that continue to stay with us. The "Y" plays an important role in the mental and social health of our community. We are relying on you, our members, to help us stay strong and continue serving our community in these turbulent times.

Summer Pool Schedule

The pools are open, please call or stop by the YMCA for lap swimming, recreational swimming, and aquatic group exercise times.

Strong Family Campaign

Exercise your heart in more ways than one, give and join!

The purpose of this campaign is to generate funds to support programs, activities, scholarships and services for all members of our community regardless of age or ability to pay. Please help us reach our 2020 campaign goal of \$115,000. Thanks for your continued support of the YMCA!

The Southwestern Montana Family YMCA is a non-profit, tax-exempt organization; therefore your donation may qualify as a tax-deductible in-kind donation.

Block Management Program information available starting Aug. 10

Hunters can get their 2020 Block Management Area (BMA) Hunting Access Guide, individual BMA map and rules information beginning Aug. 10.

Hunters are strongly encouraged to request their 2020 BMA Hunting Access Guide and individual BMA maps and rules via mail, email, phone or by completing the online Access Guide request form and downloading or printing BMA maps at fwp.mt.gov/BMA. For those who've already have ordered one, guides will be shipped beginning Aug. 10.

"Given our current situation with the COVID pandemic, we are trying to limit BMA walk-in traffic to our offices, and hunters are strongly encouraged to utilize our web resources," said Jason Kool, FWP Hunting Access Bureau Chief.

ANTELOPE AND ANTELOPE B PERMITS

The drawing for antelope and antelope B permits will be held Thursday, Aug. 6. To check your drawing results, login to myfwp.mt.gov.

Because so many hunters selected the 900-20 antelope archery only license as their first choice in the drawing, there will not be any 900-20 antelope archery only surplus licenses available.

Surplus License List timeline reminder

The Surplus License List sign-up timeframes referenced below are based on when the original drawing date for each species is scheduled to occur and are subject to change from year to year.

Deer & Elk Permits, Deer B & Elk B License/Permits: July 21 through Aug. 7

Swan, Crane, Special Mountain Lion: Aug. 12 through Aug. 24

Nonresident Hound Handler License: Sept. 16 to Sept. 28
Nonresidents who hold a NR Native license, Youth Combo license, or NR College Student Combination license may purchase Deer B and Elk B licenses at half price.

For more information, contact the FWP licensing office at 406-444-2950 or fwplic@mt.gov.

Small dams in small creeks can have big consequences

As summertime temperatures heat up and the chance to cool down in the water arrives, Montana Fish, Wildlife & Parks is reminding people that building dams in creeks and streams can have negative consequences for fish. This is especially true for species such as bull trout, which ascend small tributaries in late-summer to spawn.

In recent years, FWP has noticed an increasing number of dams being built in small streams. These harmful features are often built near campgrounds, most likely to pool water for swimming. Dams are also often found at dispersed camping sites and at bridges/culverts along National Forest roads.

These dams may seem harmless but they can accumulate debris and build-up over time. Additionally, dams that are left in place can be expanded upon as new campers move into an area.

While small dams can be washed out during spring, these features often remain intact and function as a passage barrier all the way through winter.

Fish may have traveled a great distance from downstream areas and their inability to travel past a dam and spawn can impact a population for many miles downstream.

You may have seen trout in dammed swimming hole pools and believe that by building a dam you are helping stream life and trout. This is not the case. Streams consist of a series of connected habitat types such as riffles, pools and side channels. By building dams, people limit the ability of all aquatic life from accessing these different habitats that they require at different times of the year.

Natural geology of an area may cause certain portions of streams to contain "losing reaches." A losing reach is a section of river where a percentage of the flow is lost underground, and the volume of water is decreased. Channel spanning dams (see attached photos) often occur in these areas and this can prevent large-bodied migratory fish from accessing quality spawning grounds in the upper portions of the stream.

No redds (nests) were found in the prime spawning habitat located upstream of the dam pictured above.

Building dams in creeks is illegal. If you see a small hand-made dam on a creek, please dismantle it. Notify your local FWP office if you notice persistent dams at popular access points. Remember, "Don't Build Dams" and help protect our prized fisheries.
