The Rise & Restore Small Business Summit

Join us at The Rise & Restore Small Business Summit to hear how industry experts and other business owners have been maintaining their business, stabilizing their profit, and protecting their team in response to COVID-19.

The Rise & Restore Small Business Summit will feature a Minnow Tank Business Plan Pitch Competition, this is a real-life competition for new and existing businesses to compete for a chance at a \$5,000 cash prize.

Headwaters RC&D, Small Business Development Center (SBDC) in conjunction with the Department of Transportation Disadvantaged Business Enterprise (DBE) Program is hosting a business plan competition throughout a seven-county region in Southwestern Montana consisting of Beaverhead, Butte-Silver Bow, Deer Lodge, Granite, Jefferson Madison, and Powell. The goal of this event is to attract new entrepreneurs and support existing businesses in Southwestern Montana by uniting communities in a common goal of economic development.

This competition will award \$5,000 to a new start-up business as well as \$5,000 to an existing business. In order to compete in this competition, business owners must submit their business plan to Headwaters RC&D on or before September 30th, 2020 and if their business plan is selected they will then present themselves in front of a panel of judges, on October 22nd, at the Rise & Restore Summit. Prior to the summit business owners will be screened and chosen to participate.

We at Headwaters RC&D, will be offering virtual training classes via Zoom to ensure business owners have all of the resources necessary to succeed and make it to the Minnow Tank competition. Entrepreneurs planning to compete in the Minnow Tank Business Plan competition are encouraged to attend a class. Class topics include Business Plan Basics, Marketing, and Small Business Financials. Check the schedule below to register for a business plan development class.

If you are unable to attend a class please call Headwaters RC&D to schedule an appointment with SBDC Director Julie Jaksha at (406) 533-6780 or SBDC Advisor Taylor Lovell at (406) 533-6783.

Minnow Tank Business Plan Competition Class Schedule:

Thursday, August 13th | 6-8pm
Monday, August 17th | 6-8pm
Wednesday, August 19th | 6-8pm

Dillon Concert Association

The Dillon Concert Association will not be hosting live concerts this Fall due to COVID-19. In place of a full program series for the 2020-21 season, we expect to offer a MINI-CONCERT SERIES for Spring 2021 with live performances in late March and April. Further information including pricing and sponsorship opportunities will be communicated in January 2021.

It is the goal of the Dillon Concert Association to continue providing quality, live musical programs as we have since 1948.

Please contact Laurie Hagenbarth (683-5050), Pat Brown (925-0618), or dillonconcertassociation1948@gmail.com with any questions.

ROTARY CLUB SPEAKER

Sandy Carlson, District Governor for Rotary, will speak to Rotarians and guests at noon Wednesday, August 12, 2020. She will provide an update for our rotary district and current year rotary objectives for the district and Rotary International. Visitors are welcome.

Anyone interested in learning more about Rotary should come at noon to be a guest for lunch. The Club meets in the Guild Hall of St. James Episcopal Church, 203 East Glendale St. For more information, email Mike Blando at mikeblando0717@gmail.com or Tina Giem at tgiem@barrethospital.org.

The Dollar Saddle

Bryce Angell

The yellow sign said Yard Sale, so I stopped to look around.

I saw the saddle in the dirt. Could not believe what I had found.
The leather on the horn was gone. The seat all caked in dust.

The conchos and the buckles were seized up from years of rust.
The leather straps were torn away. Both cinches looked well used.

That saddle needed someone's help. For sure it'd been abused.
The old man took a look at me and got up from his chair.

He said, "That saddle's been around. It shows a little wear."

I asked the old man what he'd take. He stretched and scratched
his head. "I'll take a dollar for it, son." That's what the old man said.

It seemed his eyes looked through me. Said, "That saddle's meant
for you. I hope you'll fix it up one day and show me when you're through."
I handed him the dollar; threw the saddle in the truck.

Most yard sales are a waste of time. That day I had some luck.
So I wrapped the horn in leather, and I glued it down in place.

I cut new leather straps, and tied the conchos down with lace.
I tied a brand new latigo and buckled on the cinch.

Then I oiled up the saddle, and I didn't miss an inch.

The old man's worn out saddle was now good enough to ride.

I couldn't wait to show him, and I felt a certain pride.

I drove out to the old man's home. He met me at the truck.

I showed him my old saddle. Said, "I'll sell it for a buck."

The old man kinda chuckled; then he handed me a One.

A handshake sealed the deal. I felt a good deed had been done.

The old man said, "I'll keep this saddle for a day or two. It brings
back good old memories, but it's really meant for you."

I told him that I'd buy it back in just a week or so. He smiled.

"I'll take a dollar. That's the going price, you know."

Well I never made it back again. I'd heard the old man died.

But that worn-out dollar saddle helped me find my kinder side.

Southwest Montana Veterans Home Update #62 By Mike Lawson

Greetings once again to you, the Veterans/Communities/ Counties of SW MT who are the chief organizers and supporters of the SW MT Veteran's Home.

The groundwork is really moving and becoming more and more visible to the passer-by on the Blacktail Loop Rd, who can look through the front gate of our Vet Home Site. Markovich Construction, the General Contractors, are very serious about getting the curbing in place and having the pavement completed by the middle of July. In my briefing visit with both Site Superintendent Mike Ascherman and Carpenter General Forman John Kotka, it was very obvious they're pushing hard to get things done on the scheduled time format each phase is expected to be completed in. All the issues that come into play like Covid-19, or one sub-contractor getting behind, which makes the contractor following him, having to wait before being able to start his part of the building puzzle. It's Mike Ascherman's headache to resolve those issues and keep things on track. In spite of these issues, every week when Liaison Mark Gollinger and I do our walk through, we see more things completed, moving forward or seeing a new phase started.

Construction Updates:

Community Center Building: - Interior; Everything of major importance is pretty well done, other than the flooring. The bathrooms have all the tile completed, the wall partitions for the toilets/urinals installed. The grab-bars in all these bathrooms are completely installed. The installation of toilets/sinks/urinals will happen in the near future. Touch-up painting is ongoing but mostly done. The Bistro is wall-papered, looks great, with the Community Center Room to follow, on the lower portion of the walls. Some of the ongoing jobs in progress or that will be in progress, include the Electricians installing lights, entryway hot-water heating unit /controls to be installed, continued HVAC trim-out, hanging back exterior door and hanging eight interior doors that haven't been delivered to the site as of yet.

Exterior; Some siding left to do on the Entry Way part of this building. Due to the wait for material and concentrating on the siding of Cottages #1, #2 & #3, this is on hold for now.

Cottage #1: Interior; Most of the painting is complete, especially with both resident wings being done. The Common Area was scheduled to be painted out over this past week-end. With all the tile preparation complete, the tile layers are installing tile in the twelve resident bathrooms/shower floors with small size tile which looks good. The Carpenters installed exterior door hardware and the panic bars on exit doors. The next phase for them will be the trimming out the windows/doors as well as hanging doors. The FRP (plastic paneling) has been installed in the Soil and Janitor rooms. The steel runged-ladder to the attic was also installed in Janitor's Room. The front Entry-Way Doors are scheduled to be hung, this week or next depending on the electricians getting their wiring done there.

Exterior; The siders are putting the sheetmetal roof eave fascia

covering on, which will compete the siding process on this Cottage.

Cottage #2; - Interior; The Plumbers are finished in the Mechanical Room. The Sheetmetal guys are doing some duct-work. Most of the pipe and duct insulation is complete. The metal seismograph metal ceiling is ongoing with the sheet-rockers following up with hanging the ceiling sheetrock. The exterior doors and hardware have been installed.

Exterior; The siders are almost done with the siding but as with the Community Center, they're having trouble getting material. Many local stores are telling me they are dealing with the same problem due to Covid-19.

Cottage #3; - Interior; The Plumbers and Sheetmetal guys are ongoing on their rough-in work (piping/ducts/controls). The sheetrock on the metal framed ceilings is in progress. The sheetrock tape/mud process has started.

Exterior; The siding has started. The Entryway and Back Patio has had the concrete poured and finished by R7K Concrete. Air Conditioning Unit was set on the Chill Pad.

Cottage #4; - Interior; Plumbers are working on shower valves and piping. The HVAC and Mechanical insulation and control installation is ongoing. Sheetrock is ongoing and once done in the coffered ceiling area, the Carpenter Framers will do coffered ceiling soffits. The Front Entryway Doors were hung.

Exterior; Back Patio had concrete poured and finished by R&K.

Cottage #5; -Interior; The Electricians, Plumbers and Sheetmetal guys are busy doing their rough-ins.

Exterior; Carpenters are framing the exterior soffits. Now that the Roofer has received the long-awaited Drip-Edge, he is just about done with the shingling of Cottage #5.

Maintenance/Receiving Building; -Interior: Dry-in complete and on hold for now.

Exterior; Roofer will continue to roof this building once Cottage #5 is completely roofed.

ElkHorn Electric: Pulled heavy wire to all Cottages and the Community Building from the Electrical Vault Building. The Northwest Power Company is expected to be on site to install their electrical transfer unit with-in the next two weeks. Ninety five percent of the light lamp-posts are installed.

Zemljak Excavating: They are all over this site, installing the collection boxes for the downspouts at the Community Center and Cottage #1 buildings, prepping for curbs, working on the storm sewers, and excavating for the SW MT Vet Home Entry-Way Sign base/footings and walls. The forms are in place for this so the cement pour should be coming up shortly.

R&K Concrete: Built 200 feet of curb forms and then poured them with concrete.

As you can see, our Vet Home Site is a flurry of activity.
