Hugh Joseph McCullough

The small cowboy and ranching community tucked along the winding Big Hole River fell to its knees with tears on the morning of August 20, 2020 upon hearing of the passing of legendary Hugh Joseph McCullough (Joe). Melrose, Montana lost its favorite son, its staple of what a good neighbor and true friend really are, and its reminder of the past and days long since gone but always remembered as the best of days.

Joe was born on November 5, 1953, to Hugh and Pearl McCullough of the McCullough Ranch at Melrose, Montana. He leaves behind so many special friends and relatives (you know who you are) and his loving, loyal companion Roxanne Shaffer.

A poet was Joe, maybe not in conversation or verse, but in living and how proud he was of his Irish heritage. Unposed, Joe was the photo of the cowboy leaning on the saddle horn on the horse that, only in his brightness, showed the mountains, the cattle, the beauty, and life somehow, somehow timeless and filled with peace. He adorned the well known smile that we all knew was genuine and unassuming in his life. He troubled you not with his troubles but said, 'pard' "anything you need" to years of many friends and to strangers. He may not have known what his friends and neighbors respected and loved about him or never said, but of the greatest that lived, wrote, or spoke, even they wouldn't have the words or song to speak or sing their truth and feelings about Joe. He would have told you, 'pard,' and anyone would have stopped at that and shook their head in agreement and held up a beer which he bought, and you the next, for the epitome of what is missed about the days we wish to live again.

A saint he wasn't. Joe was more than that. He didn't want credit but accepted all that made him a profound influence, and friend, a man of character and promise to all that he loved. He was a devoted fan of the Minnesota Vikings, Boston Celtics, and the New York Yankees. He would put his money on any of his teams in good and bad times, winning or losing (have to say many more losing than winning) but his loyalty spoke volumes to what his bet was or meant. His chuckle to losing most but winning in greater ways will always be more meaningful to those who loved him most. Even in his pinochle days on Tuesdays, he outsmarted his opponent's attempt to cheat and carried his partner much to the dismay of

his opponents.

Joe was a friend to many ranches and ranchers in the Madison and Beaverhead County valleys for several generations and a family member to these same ranches. A grandson of one of these families was named after you Joe; and this is more than family, it cannot be defined.

Much of Joe's strength came from his dearest companion Roxanne Shaffer. When a man needs to have the ground to stand on and the arms to catch him, he is lucky. Joe was lucky as Roxanne was both for him and more. She unconditionally supported and loved him; there was an unwavering beauty in their devotion and time together. We can all hope to be so lucky.

Joe, indeed, does leave behind many friends who are family, and until we all too pass, we will hold dear the truth: Joe will always have many 'pards'...that will never end. To hear the song Joe lived, listen to his favorite, Gordon Lightfoot's, "Don Quixote." We will forever hold this as the definition of our friend, brother, and dearly loved favorite son of Melrose, Montana. We will always speak of you as you have never left. We know what to say, "Joe been in?" Heaven is luckier today. And when we meet again, this rounds on us, Joe. Rest in peace, 'Pard.'

There will be a celebration of Joe's life at the Melrose Bar on Thursday, August 27th, at 2:00 pm.

Representatives of Public

By: MJ

dichotomize

The time has come when people are being asked to make major changes in how they absorb and interrupt information. The truth without meanness, is hard to come by today.

We are told we need to get used to "New Norms." Should American citizens look long and hard at their values when accepting "New Norms"? **Questions:** Are the elected representatives sitting across the table from each other to resolve disputed issue via conversations; or are they voting for riots, thieving, burning, killing, defunding police protection, ignoring laws, using ugly names and titles...? Are humans experiencing heavy handed, arbitrary actions by elected, non-elected officials and media. It seems the information changes daily and a lack of factual information being distributed is missing.

There is a pandemic that little is known about. Lack of information leads to misinformation being distributed by scientists, health care professionals, non-elected elected personnel and general public. This mis-information has injected FEAR and ANGER into the overall society including Dillon.

Question: Where was the factual data posted that spoke of the impacts other illnesses that would be caused by the rules and regulations imposed on communities for the Covid-19 virus? Should these facts be publicized explaining what the risks are? Have faith in people and give them truthful and all-encompassing information so they can protect themselves.

Let us take masks as one of those dividing issues that seem to be missing hard core facts. Note: What type of mask is factually protective? How should you wear a mask, how should you fold it when not in use, should it be washed after every use, should masks cover eyes, what type of mask is most effective...? Is this information that local representatives should be publishing locally. Not everyone has high tech equipment and still rely on local news outlets.

The sad part is that the freedoms and power of the people are eroding. We are being told what to think and what to do. Protection of ourselves and our property are becoming difficult for fear of retaliation. Times today are where many unelected and elected citizens in "decision making positions" are creating law by relying on outdated information that is void of truths or scientific data, yet heavy on opinions.

What is an acceptable "New Norm"? Do we have enough honest information to make that decision. If you are in a position where you are representing the public leave your hands in your pockets, leave the snappish statements at the door, keep your opinions to yourself unless backed with solid data and represent all equally.

Elected members on board: Chairman Commissioner Rice, Mayor Klakken and Councilman Schwandt. *Note: The other members of the board are not elected and do not answer to the people yet have been proactive in imposing rules and regulations that have affected the financial livelihoods of many families, and caused businesses to shut their doors...*

We all should use common sense, disinfect, wash hands, wear mask, social distancing and anything else that helps from distributing or getting the virus.

The virus facts are questionable and appear to change day by day depending on who is speaking. The political landscape in our country and Dillon, demonstrates the division of opinions and the importance of relationship of co-citizenry. **Question:** Are there any members on the board that represent the economy of Dillon? People are hungry for the factual information. Individuals in Dillon have come up with some significant ideas on how to keep their businesses open and operate in a protective sensible way and it did not include closures. All businesses are essential to a community or they would not exist.

Social media, elected and non-elected personnel are making decisions on uncertain projections and personal opinions that are affecting the freedoms of Americans. The freedoms Americans have, has come with a high price tag over the years. It appears we are in unprecedented times with wars being fought in our own country via rioting, burning, looting, killing... Elected official are changing the meanings of documents and spinning the truth to fit their own agenda gives the impression to be the new norm.

Example: Covid 19 vaccine Remdesivir. **Questions:** Who makes Remdesivir – what country holds the patent, who are some financial investors, why was Fauci denying hydrochloroquine as a treatment drug while many doctors used and praised it... **Note:** *Following the money always tells the rest of the story.*

BEAR CREEK FIRE

August 26, 2020 8:00 a.m.

DATE OF DETECTION: Tuesday, August 11,
CURRENT SIZE: 11,590 acres CONTAINMENT: 70%
LOCATION: Lemhi Pass (29 miles E of Salmon ID)

PERSONNEL AND RESOURCES ON THE FIRE:
Resources assigned to the fire include seven helicopters, three Type 2 IA crews, two Type 1 crews, three engines, and 316 total personnel.

TODAY'S WEATHER/FIRE BEHAVIOR: The forecast calls for cloudy and unstable conditions, with thunderstorms, lightning and erratic winds expected this evening. There is a 80% chance of rain showers, with a 35% chance of wetting rain greater than 1/10 of an inch. Temperatures are expected in the low to mid-70s, with relative humidity in the mid-20s. Fire behavior is expected to be low, due to high overnight relative humidity (85-100%) with minimal single tree torching. Smoldering and interior burn-out is expected.

TODAY'S PLANNED ACTIVITY: Crews will mop-up and hold the northwest area of the fire. On the northern, southern, and eastern flanks, crews will use heavy equipment and dozers to complete suppression repair, pulling back berms and smoothing out the constructed firelines. Thunderstorms could limit aerial support. Additional helicopters will be released after today's shift.

Happy Birthday

Spirit of RMEF Elk Camp Alive at RMEF Special Auction

Approximately 50 items ranging from a rare elk permit, and hunts to trips, firearms, artwork, hunting gear and much more will be available via the Elk Camp Online Auction scheduled for August 26-30, 2020.

"Elk Camp is not just a national convention. It's a reunion where friendships and bonds are strengthened as we gather to celebrate our mission," said Steve Decker, RMEF vice president of marketing. "We were disappointed circumstances kept us from gathering this summer at our revamped Elk Camp and Mountain Festival. However, this auction features the spirit of Elk Camp as participants have the opportunity to come together to bid on items and adventures, all for the benefit of elk and elk country."

Highlighted items include:

2021 Nebraska bull elk permit open to residents or nonresidents
Alligator/hog combo hunt with Easton Corbin
Five-day Colorado elk hunt
Commemorative rifles by Ruger, Savage & Winchester
Bronze sculptures
Five-day Bob Marshall Wilderness fishing retreat
YETI 'surprise' coolers full of mystery contents
Custom acoustic guitars signed by John Rich & Luke Combs

Go here to view the entire selection of items up for bid. Those who wish to participate will need to first register here to create an account. Bidding opens on August 27. "We greatly appreciate the support we receive from our volunteers, members, conservation partners, sportsmen and women, and so many others during these unique times," added Decker.

COVID-19 also caused RMEF to postpone and reschedule scores of big game banquets and other events. Go here to view the revised event calendar, which is continually updated.

\$85 Million Multistate Settlement with American Honda Motor Company, and Honda of America

Attorney General Tim Fox announced a more than \$85 million multistate settlement with American Honda Motor Co., Inc. and Honda of America Mfg., Inc. (collectively Honda), over allegations Honda concealed safety issues related to defects in the frontal airbag systems installed in certain Honda and Acura vehicles sold in the United States. The systems were designed and manufactured by Takata Corporation, a long-time Honda supplier, and were first installed in Honda vehicles in the 2001 model year.

The settlement, reached between the attorneys general of 48 states, territories, and the District of Columbia and Honda, concludes a multistate investigation into Honda's alleged failure to inform regulators and consumers that the frontal airbags posed a significant risk of rupture, which could cause metal fragments to fly into the passenger compartments of many Honda and Acura vehicles. The ruptures have resulted in at least 14 deaths & over 200 injuries in the US alone.

This settlement makes it clear that manufacturers will be held responsible for preventing dangerous products or components from entering the stream of commerce. I encourage all Montanans who own Hondas or Acuras to check to see if their vehicles are under recall. If they are, immediately take steps to get your airbag replaced for free, Fox advised.

Honda also agreed to pay the participating attorneys general a total of \$85,151,210.15, of which Montana's share is approximately \$900,000.

Montanans who own a Honda or Acura vehicle are strongly encouraged to visit Honda's airbag recall website, or call its Customer Service toll-free number at (888) 234-2138 to see if their vehicle is subject to a recall. Consumers may also check for open recalls by going to Safercar.gov. All safety recall repairs are FREE at authorized Honda dealers. Consumers can also contact the Montana Department of Justice's Office of Consumer Protection at (800) 481-6896 or (406) 444-4500, or visit <http://dojmt.gov/consumer>.

Hello my name is Jasmine Salix, this year I am attending Interlochen Arts Academy in Michigan and will not be able to show or sell my hog at the Labor Day Fair. This is due to my school starting classes 3 weeks earlier due to Covid-19 concerns. I am looking for a buyer of my 4-H hog "Minerva". She is ruffly 300 pounds (this pictures was taken 3 weeks ago before I left for school).

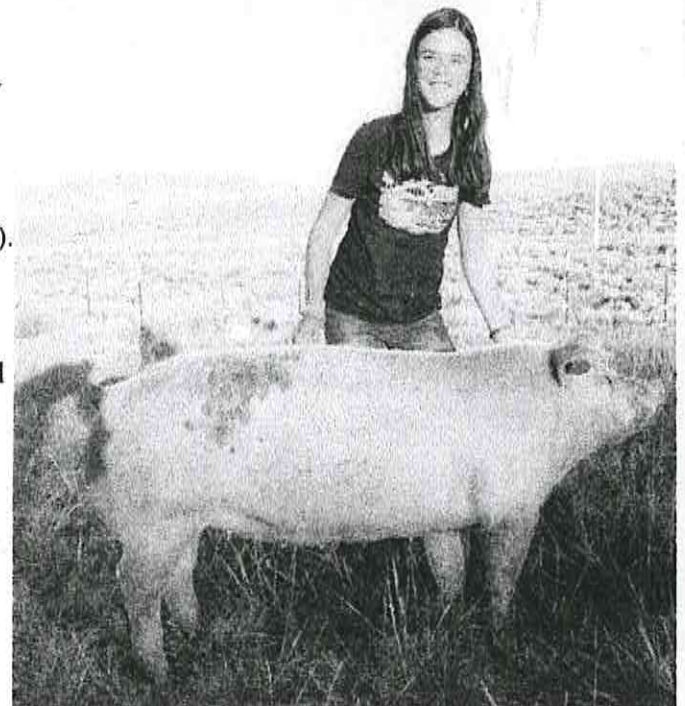

All the funds will go towards my high school and college savings account. We will take the highest offer, received by Friday, August 28th at 5pm. Feed costs thus far for single hog is \$460 thru Lakeland Feed.

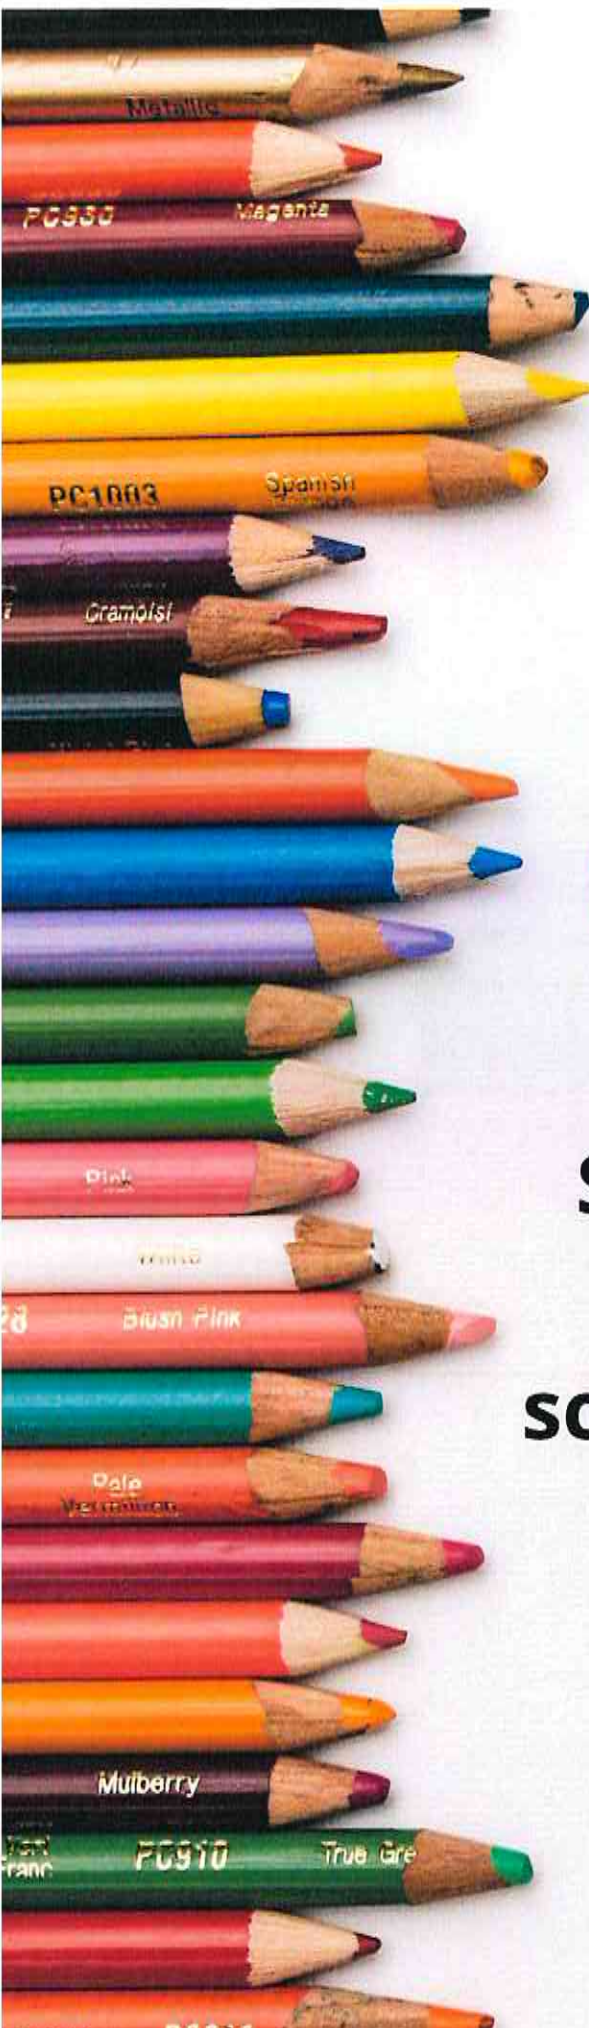

*We will be taking the companion hog to Silo Meats. Buyer is responsible for delivery to other butcher and all processing costs.

If your bid is by weight, you pay for no more than 285 lbs.

Please call or text my parents: Jessie and Nolan Salix 660-0011

Thanks so much for your support! -Jasmine Salix
