Rush: Dave Turin's Lost Mine where he touched the hearts of people all around the world with his genuine kindness, honesty, infectious smile, and compassion for others.

He was an outdoors man, loved nature and always in the mountains. He was always looking for that nugget, vein, gold flake or piece of history left behind by an old timer or prospector.

Jesse is survived by his wife Rhenda Goins. Son's Kevin Goins, Josh Goins, Anthony Goins and grandson, Rodney Goins of Dillon Mt.

Sister Deb Danno (Evan) of Kalispell Mt, brothers Larry Goins of Tulsa Oklahoma, Leroy Hutchinson (Maria) of Fremont Indiana, Jamie Hutchinson of Kansas City Mo, Earl Goins Jr, of Las Vegas, NV, Tommy Goins (Julie) of Dillon.

Jesse is preceded in death by his parents, Earl Goins and Madonna York. Sister Maxie, grandparents, aunts, uncles, cousins, and friends too numerous to list.

Jesse's life on this earth was way to short and we will miss him so much. But Gods plans and ways are so much bigger than ours, and he had another for Jesse.

There will be a celebration of life September 5th from 2 - 5 pm. for close friends and relatives only to come anytime to share a special story.

Mountain whitefish mortality observed on Yellowstone River

Montana Fish, Wildlife & Parks has observed recent mortality of mountain whitefish in several sections of the Yellowstone River.

The cause of the mortality is still unconfirmed. However, these circumstances appear to be consistent with what has been observed in fish that die due to proliferative kidney disease, or PKD — a condition caused by a parasite affecting salmonids, such as mountain whitefish and trout. PKD has affected fish in the Yellowstone River in recent years, the most significant outbreak happening in 2016.

FWP has worked with other agencies to submit samples for testing to determine whether PKD is a factor in this most recent whitefish mortality.

FWP began receiving reports of dead whitefish last week. Since then, biologists have surveyed several sections of the Yellowstone River to gather more information.

On Wednesday, biologists observed seven dead whitefish over about 9 miles from the Springdale Bridge Fishing Access Site to the Grey Bear Fishing Access Site, upstream from Big Timber.

On Thursday, biologists counted 149 dead whitefish over almost 9 miles between the Pig Farm Fishing Access Site and the Springdale Bridge Fishing Access Site, downstream of Livingston.

On Friday, they counted 38 dead whitefish over 20 miles between the Pine Creek Fishing Access Site and the Highway 89 Bridge Fishing Access Site, upstream from Livingston.

No trout mortality was observed during last week's monitoring efforts.

FWP will continue to monitor conditions on the Yellowstone River. At this time, no closures or restrictions are expected for the Yellowstone River or its tributaries.

Anglers can help reduce stress for fish by following these practices when catching and releasing fish:

Land the fish quickly.

Wet your hands before handling the fish.

Keep the fish in water as much as possible.

Remove the hook gently. Using artificial lures with single and barbless hooks can make hook removal faster and easier. If the fish is hooked deeply, you may have to snip the line at the fish's mouth or consider keeping it if regulations allow.

Let the fish recover before releasing it.

State Creek Fire

State Creek Fire that is on the Butte Ranger District. These photos were taken by the firefighters when they initially engaged.

This three acre fire was caused by a lightning strike on August 25 and went undetected until Saturday, August 29.

Firefighters were initially on-site, but had to disengage due to safety concerns after several burning snags fell. Currently fire managers are using helicopters to keep the fire in check while crews have started creating fuel breaks along roads and private inholdings. The fuels breaks are in preparation for any possible fire spread as the weather conditions warm up in the coming days.

A family project! Love in a shoebox!

This is part of a national effort to help children across the country and around the world. Everyone can help!

If you would like to support this project, this is what it involves:

- 1) Put together a shoe box to send to a child, or
- 2) Make a Donation - every donation helps. Shipping costs \$9 per box. You can make checks payable to Samaritan's Purse/Shoe box and drop off at Mary Bearden's house.

If you would like to be part of this amazing program and have questions or would like more information, contact Mary Bearden (925-2218 or 683-2037). It would be great to have boxes sooner, but the last day to drop off will be November 16th, 2020. Last minute drop off ok.

Shoebox details: NOTHING liquid, No food, No Candy, NO chocolate, No toothpaste, No war toys or guns, No breakable items. Simple rules, but please read....

1. Shoe Box: Use an empty shoebox or a small plastic container. You can wrap the box (lid separately), but wrapping is not required.
2. Choose: Boy or Girl: Determine whether your gift will be for a boy or a girl.

Choose child's age category: 2-4, 5-9, or 10-14.

Mary has extra labels you can use when you drop off your box or you can print out the appropriate boy/girl label by downloading the artwork from Operation Christmas Child website. Tape the label to the top of your box.

3. Fill the box with a variety of gifts that will bring delight to a child. Please include at least one item a child can immediately embrace such as a stuffed toy, doll, ball or toy truck. Other ideas: school supplies, toothbrush, crayons, coloring book, pencil/pencil sharpener, construction paper, comb, bar soap/wash rag, note pad, under garments, socks...depends on the age and gender of the child. There are more ideas on the Operation Christmas Child website. <https://www.samaritanspurse.org/what-we-do/operation-christmas-child/>

4. Please include \$9 Donation for each shoebox you prepare to help cover shipping and other project costs.

5. Drop Off: Place a rubber band around the box (Mary has extras if you need one).

Let's work together to
brighten a child's life!

Thank you!
Mary Bearden

Forest Service Urges Fire Prevention throughout Labor Day Holiday

Fire officials from the Beaverhead-Deerlodge National Forest urge visitors to help prevent wildfires. This year the Forest has had 23 human caused fires and most, if not all have been abandoned camp fires. Additionally there were two human caused fires on nearby BLM lands. Currently Fire Danger in all areas of the Forest are rated "Very High."

The wildland fire community of southwestern Montana noted that the Labor Day holiday brings many visitors onto public lands. Forest Service officials ask that all forest visitors be considerate and practice fire prevention: Know before you go on that camping trip; Fire restrictions may be in place; Target shooting and use of power equipment can spark a wildfire; If you do have a campfire, keep it small, never leave it unattended, and put it out completely before you leave; and finally, remember that fireworks and exploding targets are not allowed on national forest system lands, so leave them home.

Be sure to have maps with you to ensure you are on public land. Our Motor Vehicle Use Maps are a free resource that can help. They are available at district offices or online or through the AVENZA app. Learn more about maps at <https://www.fs.usda.gov/main/bdnf/maps-pubs>. Forest Visitor Maps are available online for a fee through the USGS Store and free electronically through the Avenza Maps mobile app.

For additional information, visit us online at <https://www.fs.usda.gov/home>, on Twitter @BvrhdDrldgeNF or on Facebook <https://www.facebook.com/usfsbdnf>.
