Montana Western Named "Hidden Gem College" in the Rocky Mountains

The University of Montana Western has been selected as a 2021 "hidden gem college" for the Rocky Mountain region by Collegeraptor.com.

College Raptor is a leading college planning platform that helps families discover college matches to find the best colleges at the best price. College Raptor is the only site that offers side-by-side comparisons of estimated financial aid packages along with simplified campus match scores and admission chances. Not only can individuals find the schools that best fit their academic and career goals, but they can find the most affordable institutions, reduce their need for student debt and create a plan for maximizing their chances of getting in and receiving the most aid.

To qualify as a hidden gem, a school must receive fewer than 5,000 applications per year, have fewer than 7,000 undergraduate students, and have an acceptance rate higher than 10%. States included in the Rocky Mountain region are Colorado, Idaho, Montana, Utah and Wyoming. The University of Montana Western ranked in the top three for hidden gem colleges in Montana. Click here to see the list in its entirety.

Montana Western is unique because of its Experience One program, block scheduling model and small class sizes. With Experience One, students at Montana Western take one course at a time for 18 days, take a short break and then move on to their next course. By utilizing block scheduling combined with immersive learning, UMW is the only public four-year university in the country to employ this model that is focused on student success. Students at the University of Montana Western enjoy a tight-knit community atmosphere where they work closely with peers and professors alike. At UMW, students take advantage of immersive learning experiences and build on critical and creative thinking skills to prepare for real-world job and graduate school opportunities.

UMW Student Voices Want to be Heard

I am writing this to share some concerns about actions taking place at the University of Montana Western. I'm sure many community members have heard about the email sent out to all faculty, students, and staff concerning the presidential debate. In this email, Chancellor Weatherby took the words of President Trump out of context. He has condemned racism and white supremacy numerous times. Despite her personal political background, being the chancellor of a university, she represents students of all backgrounds, races, religions, and political beliefs. A college administrator should not push their political agenda on their students. The Chancellor made it clear she stands against President Trump, which goes against representing all her students.

The next concern I have is the COVID policies that are in place on campus. These policies are intended to keep everyone safe, but they are causing separation and targeting of students. Many students have come forward with complaints of faculty and staff targeting students for not following the COVID policy. Not being kind or considerate but aggressive. The administration threatened to suspend and expel students who do not follow COVID policies. When asked where in the student code of conduct the policies laid, the Chancellor stated these policies are not in the code of conduct and, "We are going through hard times." Interim Provost McNulty has stated at numerous town hall video conferences that she wants to go to downtown Dillon and take videos and pictures of students not following the campus policies and put them up for disciplinary action. These concerns and many more that were not included have caused students at the university to feel unwelcome, nervous, targeted, and kept around just for their money. I wanted to share this information with the community so that you can have another perspective on what is taking place right here in Dillon Montana. Thank you for your time.

Hunter check stations to operate in west-central Montana with changes this season

Four traditional wildlife hunter check stations will be in operation on weekends during the general rifle season in west-central Montana with a few changes in protocol related to COVID-19 safety.

The stations, located near Bonner along Highway 200, north of Darby along Highway 93, near the mouth of Fish Creek in Mineral County and west of Anaconda along Highway 1, will be running on weekends during the hunting season, Oct. 24 through Nov. 29.

For public safety and to reduce crowding at the stations this season, hunters will remain in their vehicles, and the stop will be streamlined as much as possible.

Montana Fish, Wildlife & Parks biologists will be on hand to collect harvest statistics. Hunter check stations sample a small portion of the effort and harvests across the region, but they record important trends and biological information.

"Check stations are important for us to see how harvest is shaping up compared to historical averages," said Mike Thompson, FWP Missoula-based wildlife manager.

Hunters must stop at these and other check stations that they pass, even if they have not harvested any animals.

Southwest Montana Veterans Home Update #72

By Mike Lawson

Greetings once again to you, the Veterans/Countries/Communities of SW MT who are the organizers and supporters of the SW MT Veteran's Home.

This past week has been very busy, with the Governors visit and the frantic push to get the asphalt and cement work progressing. The concern of our cooler Fall weather, is what this push is about. As I mentioned in our last week's update, I had the privilege of conducting a tour of our Veteran's Home for Governor Bullock, Lt. Gov. Cooney, DPHHS Director Sheila Hogan, DPHHS Div Administrator Barb Smith, SLTC FNSB Chief Shaunda Hildebrand (all from Helena) and Veterans/friends from our six SW MT Counties. The Governor and everyone there, whom, I visited with, were amazed and impressed at the beauty and quality of the two buildings we toured.

With delays, the date for opening Cottage #1 for admitting Veteran Residents is being delayed until Dec 22, 2020. Cory Markovich assured me, he'll do all he can to shorten that delay.

Construction Updates:

Community Center:—Interior: The floor-layers continue to work on flooring. The Electricians have finally gotten answers back from the Engineering/Architect folks with change order issues concerning proper breakers for heating units, etc.. they were running conduit from breaker panels to these units, finishing up the hook-ups for the mechanical systems as well as setting lights. John had one of his carpenters set the hood for the range in the warming kitchen. The Plumbers got the sinks, they were waiting for come in. Hopefully this coming week will see them in this building to finish-up. Lots for them to do in the Cottages, to take up their time.

Exterior: The Siding is completed. The Cement Finishers are working on a step and the 3' sidewalk from a side door in front of this building.

Cottage #1: The beauty of this building is really showing and it being part of the tour, was a real eye-opener for this group who saw it. The Spa Tub was installed, which is an incredible addition for the residents who use it. It has a one inch water one to it, and once the resident is wheeled into it (special wheelchair). It will fill up/empty out in ninety seconds at the right temperature so the veteran isn't shocked by a sudden temperature change. Just another top quality feature continually being seen in our Veteran's Home Construction. Still a small bit of tile work to complete, that is expected to be done this week. John is still waiting for a few doors and door jams to come in. Once here it'll

I AM A REPUBLICAN BECAUSE...

I believe the strength of our nation lies with the individual and that each person's dignity, freedom, ability and responsibility must be honored.

I believe in equal rights, equal justice and equal opportunity for all, regardless of race, creed, sex, age or disability.

I believe free enterprise and encouraging individual initiative have brought this nation opportunity, economic growth and prosperity.

I believe government must practice fiscal responsibility & allow individuals to keep more of the money they earn.

I believe the proper role of government is to provide for the people only those critical functions that cannot be performed by individuals or private organizations and that the best government is that which governs least.

I believe the most effective, responsible & responsive government is government closest to the people.

I believe Americans must retain the principles that have made us strong while developing new and innovative ideas to meet the challenges of changing times.

I believe Americans value & should preserve our national strength & pride while working to extend peace, freedom and human rights throughout the world.

Finally, I believe the Republican Party is the best vehicle for translating these ideals into positive and successful principles of government.
