### Jimmie Roy Bolin

March 25, 1940 – December 4, 2020

Jim Bolin was born in Jonesboro, Arkansas to Glen Constantine and Ruby Lucille Bolin. Jim joined brother Jerry, then welcomed brother John, sister Jeannine, and brother Joseph.

Jim was especially proud of his military service in the United States Marine Corp from 1959-1963. In 1969, Jim was blessed with his first son Patrick Ervin Bolin. At a January 2, 1974 wedding in Dillon, MT, Jim met his forever soulmate, Deborah Smith.

They were married six weeks later, on February 6, 1974.

Jim and Debbie were blessed with a son, Jimmie Roy Bolin II in May of 1975. Jim was most proud of his sons and the good fathers they both became.

After his retirement from L.S. Ready Mix, Jim enjoyed his yard and watching and feeding wild birds. Jim was a friend to all and if you were his friend, it was a friendship forever.

Jim was preceded in death by his parents, Glen and Ruby, brothers Jerry and Joseph, niece Pam Bolin, parents-in-law Roy and Lois Smith and nephew Michael O'Connor. Survivors include wife Debbie, son Patrick and granddaughter Emily Grace, son Jimmie (Elizabeth) and grandchildren Mari (Duncan), August, Sophia, Lucia and Jackson, brother John (Mary), sister Jeannine Heiney, brothers-in-law Terry (Karen) O'Connor, Dick (Shannon) Smith, and numerous nieces and nephews.

Cremation has taken place under the direction of Brundage Funeral Home. A celebration of life will be planned for a later date.

Memorial donations may be made to the charity of the donor's choice.

### Kenneth James Grose, 74

Kenneth James Grose, 74, of Dillon, Montana, passed away Monday, November 30, 2020 at Providence St. Patrick Hospital in Missoula.

Ken was born February 6, 1946, at St. James Hospital in Butte, Montana, and was the son of James "Buster" and Theo Grose of Melrose, Montana, where he grew up living and working on his parents ranch. Ken graduated from Beaverhead County High School

in 1964. Following high school, Ken studied at Western Montana College of Education before transferring to Montana

## Absolute Construction

Construction Management  
Homes, Cabins,  
Remodels, Logs  
Concrete to finish  
T.J. Thomas  
General Contractor  
925-2172  
Dillon, MT Since 1991

State University, earning a Bachelor of Science degree in Fish and Wildlife Management in 1969. He continued his studies pursuing a masters degree, with the goal to work for the U.S. Fish and Wildlife Services; however before he could finish this degree, Ken was drafted and served in our U.S. Army during the Vietnam War, as an operating room surgical tech in the 93rd and 24th Evacuation Hospitals.

When Ken returned home after his service in 1971, he started working in home construction, which lead him to start Grose Construction, building his first spec home for sale in 1977. In addition to working full time and starting a business, he found the time to build his family a home in 1976. Ken built custom homes for 49 years and had no plans to retire. He loved building homes.

Ken married Bette Moran Howard on May 24, 1975, and was an instant stepfather to three children, Linda (Howard) McPherson, Dirk Howard, and Krista Howard. In 1978, Keni Grose was born, his first daughter, and his second daughter was born in 1980, Kandis Grose. Ken and Bette were married 45 years.

Ken loved spending time with his family and enjoyed traveling to various places, UTV riding in the mountains, exploring new backcountry, and fishing Trapper Creek. Before starting his workday he enjoyed having coffee with the guys, a tradition he looked forward to for so many years. Everyone that knew him can remember the twinkle in his eye and the smile on his face after telling you a story and that moment you knew he was pulling your leg. Ken was a genuine, hard-working man, who loved building homes and was still working in his hospital bed until the end. Ken touched so many lives throughout his years. He was a generous and caring man with a calming demeanor, and was the glue to his family. We remember Ken as a man whose word was his bond. Honest to his core. And a kind person of great integrity. He will be greatly missed by so many people.

## Birch Creek Stage

Bryce Angell

Four cowboys lit out on the road, just out to have some fun. Their old and weathered faces showed the years from summer's sun. But on that day the cowboys didn't take a horse to ride. They chose the F150 and the trail boss for their guide. They drove for hours, then made their stop. Each cowboy longed to see, the Birch Creek Stagecoach Station, now a part of history. The buildings showed true character. The cowboys understood. They saw where men and horses lived, but now all gone for good. Each cowboy stood and pondered, now a part of this great show. 'Cuz in their minds they visioned 'bout this station long ago. The old Hotel and Eatery were sure a welcome sight. The passengers and drivers would find rest throughout the night. The barkeep poured his liquor, how that demon drink would bite. The stairs climbed to the second floor. A drunkard's fateful plight. The cold icehouse, down by the creek, would be a guarantee that fresh hung meat could last for weeks and folks would drink iced tea. The livery had eight horse stalls with the loft filled up with hay. The cowboys figured making hay was nothing like today. And last of all the cowboys walked out to the blacksmith shop. Each cowboy soon identified his role at this stage stop. They heard the pounding of the hammer on a red-hot shoe. And watched the blacksmith roll a wheel to keep it sound and true. The cowboys came to realize just living then was rough. Each wondered if they'd have the grit. Would they be up to snuff? But one thing 'bout those cowboys, they are what they want to be. And just like Birch Creek Station they'll be part of history.

## New Quarantine Options to be initiated by

**Beaverhead County Public Health on December 4, 2020**

(From the CDC update) CDC currently recommends a quarantine period of fourteen days, however two new options to shorten quarantine are now acceptable alternatives. CDC made it official on December 2nd.

Quarantines are determined to start after last exposure to a positive COVID case.

**OPTION 1:** Quarantine can end after Day 10 without testing and if no symptoms have been reported during daily monitoring. Transmission risk with this option is estimated to be about 1-10%.

**OPTION 2:** Quarantine can end after Day 7 if a specimen tests negative and if no symptoms were reported during daily monitoring. The test cannot be performed before day 5. The person must remain in quarantine until they receive a negative test result. Remember this could take up to 5 days. Transmission risk with this option is 5-12%.

Persons can discontinue quarantine at these time points only if the following criteria are also met:

1. NO CLINICAL EVIDENCE OF COVID through daily symptom monitoring during the entire quarantine period.

2. DAILY symptom monitoring continues through day 14.

People may also use the 14-day quarantine period as this maximally reduces risk of post-quarantine transmission risk.

Quarantine is used to separate someone who might have been exposed to COVID and may develop illness away from other people and is intended to reduce the risk that infected persons might unknowingly transmit infection to others. It helps prevent the spread of disease that can occur before a person knows they have the virus. The recommendation for a 14-day quarantine was based on estimates of the upper bounds of the COVID incubation period. The importance of quarantine was evident when it was found that people could transmit the virus before symptoms developed and that 20-40% of infected people never develop symptoms but could transmit the virus.

In reducing the number of quarantine days, it is our hope that there will be more compliance and decrease some of the financial and social burden to the community. Public Health asks that cases please be honest with the contact tracers regarding naming their close contacts. Those people have the right to know that they were exposed so they can take the appropriate actions to reduce the spread to their families, co-workers, and the community.

You may review the full updated "OPTIONS TO REDUCE QUARANTINE FOR CONTACTS OF PERSONS WITH SARS-CoV-2 INFECTION" on the CDC website. CDC.gov

## As ice recreation season begins, anglers, others encouraged to practice safety

It's that time of year when ice anglers and other recreationists head out to Montana's "hard" waters for the winter season. Whether ice fishing, ice skating, hunting, snowmobiling or just taking a walk, Montana Fish, Wildlife & Parks staff reminds recreationists that safety should be the number one concern during a day out on (or near) the ice.

And when on the ice, remember:

Anglers and other recreationists should be familiar with the water body they plan to fish or recreate on. Pay close attention to the changing conditions of the ice.

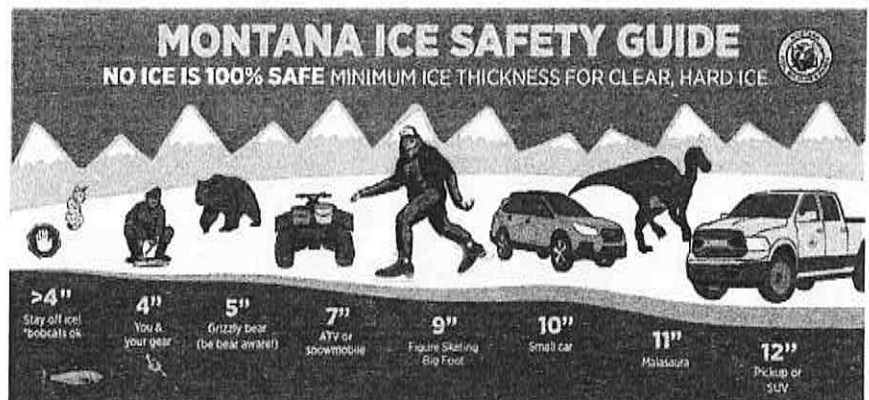

If you have even the slightest doubt about the safety of the ice—stay off of it. Nothing is ever worth a fall into frigid water.

Blue or "clear" ice is usually hard. Watch out for opaque, gray, dark or porous spots in the ice that could be weak, soft areas. Ice also tends to thin more quickly at the shorelines.

Note areas on the ice that look "different"—they usually are! Many times, thinner areas of ice (caused by springs, gas pockets, sunken islands, points, etc.) have a different color or look to them. Use extreme caution or stay away from these areas.

The following are recommended minimum ice thickness guidelines (for good, clear ice\*):

- Under 4 inches: STAY OFF
- 4 inches: ice fishing or other activities on foot
- 7 inches: snowmobile or ATV
- 10 inches: small car\*\*
- 12 inches: truck or SUV\*\*

\*for white ice or "snow ice," double the above minimums  
\*\*not recommended, but if you must, proceed at your own risk!

Watch for pressure ridges. These are areas of open water or thin ice where the ice has cracked and heaved due to expansion from freezing.

Test the ice ahead of you with an ice spud bar or an auger. Don't leave children unsupervised on the ice.

Lakes and ponds do not freeze at the same thickness all over. Some ponds have windmills to aerate water for fish survival, and ice may be thin near these areas.

Moving water — rivers, streams and springs — weaken ice by wearing it away from underneath. Avoid going on ice on rivers and streams, or where a river or stream enters a lake, pond or reservoir.

The least safe ice usually occurs early and late in the season, when the weather is warmer and less predictable.

Remember, NO ICE is 100 percent safe!

Some other common ice-safety reminders to keep in mind include:

Search for videos on ice safety and "what to do" if you should fall through the ice. One can be found here: <https://www.youtube.com/watch?v=5gOW8ZaYqHA>

Consider changes in the weather (and ice conditions) during the prior 24 hours.

It's a good idea to wear a life jacket (PFD) or carry a throwable flotation device while out on the ice — safe ice anglers and recreationists do it all the time.

Dress warm but practical. Many styles of ice fishing jackets and bibs provide extra buoyancy to help keep you afloat if you do fall through.

Consider having your dog on a leash. It is not uncommon for people get into trouble on the ice while trying to rescue their dog.

Before you leave the house, tell someone where you plan to go and when you plan to return.

Carry a pair of ice picks (long spikes on a heavy string around your neck). If you break through the ice, you can use the spikes to grip the ice and pull yourself out of the water.

FWP wishes all anglers and recreationists a safe, adventurous, and successful season.

### \$1,000 Reward

\$1,000 Reward for the arrest and conviction of the person / persons who broke and entered 104 Pond Drive in the week of Nov. 29th - Dec. 6th.

### Thank you to the Beaverhead Community

This wonderful community stepped up, as usual, for the Beaverhead Community Food Pantry. Town Pump each year is generous enough to match a set dollar amount. This year it was \$12,000 they would match if we raised that amount from September 1 – November 30, 2020.

Thanks to all those who donated to help us reach this goal, which we did by mid-November. We truly appreciate all who donated.

### RING FOUND

A silver & turquoise ring was found in Safeway parking lot. If you can identify, call Womack's Printing Place 683-4903.

### BOARD OF ADJUSTMENTS

City Council Chambers  
December 10th, 2020 7:00 P.M.

## THE LEGACY ASSISTED LIVING

The Legacy Assisted Living is a loving and beautiful home located on the outskirts of Dillon Montana.

We have 24 rooms, varying in size, to fit your needs. The hospital and medical clinic are within one mile. We provide 24 hour care including assistance with activities of daily living, transportation, housekeeping, activities, socialization, WiFi and cable TV.

### CURRENTLY AVAILABLE:

#### One large suite with kitchenette.

The cost is all inclusive with no hidden fees. If you have been considering Assisted Living for yourself or someone you love, you are welcome to come by for a tour or call Julie at 406-683-6867 or 406-660-2066.

3/29- WC BILL

With the COVID-19 pandemic impacting everyday life and all the negative news, public health has become even more important. The YMCA is here and will demonstrate compassion and kindness, along with a place to practice self-care by exercising.

The Y is offering a **FREE ENROLLMENT FEE** special until December 25th for all non-members and particularly those who may feel isolated and need extra support.

**Family Membership Savings of \$90.00**  
**Single Membership Savings of \$60.00**

Or, new members can choose to pay for a year in advance and receive a 20% discount. Remember, your membership will include usage of our new gymnasium and all its amenities.

Stop by the Y today at 75 Swenson Way and start your journey to feeling better mentally and physically.
