Milton Howard

July 28, 1923 - December 5, 2020

Milton left this world and went to a better place with his Savior.

He was quite the geezer. He was like the Energizer Bunny, never stopping.

He joined the Navy when he was 16 serving in World War II. After his discharge, he went to work for the Burlington railroad line, retiring after 36 years. He knew railroading inside out. He would tell stories about the railroad and the Navy. He had such a memory he could remember things 60 years ago. We would sit in McDonald's (before COVID) and he could tell each of the cars and sometimes their contents.

He is survived by his companion Mary Staples, brother Frank (Sharon), sons Dee (Jackie) Scott, daughters Emma (Brea) Lonnie & Ruanne. Several grand kids and great grand kids, numerous nieces and nephews. He was preceded in death by his parents and 2 brothers.

He was sent to Billings for cremation.

No local services are planned. A tentative service is being planned in June or July in Roundup. His stories will be missed along with him.

Tuesday Trivia (Sorry, this week is Wednesday)

Happy Holidays!!! Be the Change 406 Coalition has launched a trivia game to celebrate YOU and thank you for your support! Every Tuesday over the holiday season, you will have an opportunity to win a \$20 gift certificate at a local business. Answers to the Tuesday Trivia Questions can be found somewhere in the body of the bordering Dillonite Daily local advertisements. This week a winner will be drawn at the end of the week from all participants.

If you want to play, please go to bethechange406.org and enter your name, location of the answer, and a phone number. Entries are due by Dec. 11th at midnight.

This weeks Trivia Question:

Brain research has shown that addiction harms the brain in at least three ways. One of them is that it weakens regions of the brain that help a person make good decisions and control their impulses. What's the name for that part of the brain?

We had such a great response last week to our Trivia. Wow!! The lucky winner, Michelle R., won a \$20 gift certificate to Crawford Studios for a holiday portrait.

Be the Change 406 Coalition wants to thank our community for your support. Wishing you a joyful holiday season!

Plane Crash Press Release

On December 8, 2020, at approximately 9:02 am. A single engine Cessna was attempting a landing at the Dillon Airport. The pilot aborted the landing and was attempting a fly around when he crashed approximately 200 yards east of the runway. The pilot was the only occupant of the plane.

Beaverhead County Sheriff's Office, Dillon Police Department, Beaverhead Ambulance and Beaverhead Fire Department responded to the scene. Personnel from Dillon Flying Service and other individuals were on scene and assisting the pilot that was transported to Barrett Hospital for treatment. His condition is unknown and the investigation into the crash will be conducted by the FAA.

UMW Professor Publishes Paper in Centennial Volume on Montana Geology

Dr. Rob Thomas, from the University of Montana Western's Environmental Sciences Department, was recently published in the Centennial Geology Volume of the Montana Bureau of Mines and Geology for his work on the influence of the Yellowstone Hotspot on Montana geology over the last 17 million years of Earth's history. The paper is titled: "Middle Miocene Through Pliocene Sedimentation and Tectonics in Montana: A Record of the Outbreak and Passage of the Yellowstone Hotspot."

The Montana Bureau of Mines and Geology (MBMG) recently celebrated 100 years of service as Montana's geologic survey. To celebrate the centennial, the MBMG decided to take on the massive undertaking of creating a two-volume set summarizing the state of geologic science in Montana. The project is in progress, with papers being released to the public in an online format at the following web address: <https://mbmg.mtech.edu/pubs/GeologyOfMontana/>.

Volume I will include 17 papers that present Montana's geologic history, and Volume II will include 11 papers that explore special topics related to our geologic resources. Production of "The Geology of Montana" relied on the contributions of geological researchers who were selected for this project

Stream-deposited ash from an eruption of the Yellowstone hotspot in Idaho some 10 million years ago can be found throughout southwest Montana. These spectacular towers of ash occur in the Blacktail area east of Dillon.

based on their expertise in the various subjects covered.

Dr. Rob Thomas at the University of Montana Western, working with Dr. James Sears from the Geosciences Department at the University of Montana, were selected to summarize the state of knowledge on the geology of Montana from approximately 17 million to 2.5 million years ago. This is a period of time in Montana when many of the mountains and valleys we see today were forming, and the modern course of the Missouri River drainage was established. According to Thomas, his paper with Sears is "the product of decades of research by countless professionals and students." Thomas said, "it was a great honor to be selected to summarize this very important period of time in the evolution of the Montana landscape."

Mountain building in Montana was greatly influenced by the passage of the North American Plate over the Yellowstone volcanic hotspot. This active volcano is the world's largest explosive volcano, stretching and breaking the crust in Montana into ranges and valleys as the plate moves to the southwest over the stationary hotspot. The evidence for the evolution of our landscape over the last 17 million years is the primary focus of the paper published by Thomas and Sears.

Coming soon from Dr. Thomas will be a paper on the geology of Montana between 541 to 485 million years ago, a period of time called the Cambrian. This was a time of vast tropical oceans teeming with trilobites, crinoids, brachiopods and other marine creatures. Thomas is working with MBMG geologist Katie McDonald on the paper, which should appear in the online volume late in the spring of 2021. Thomas is also the co-author of two of the popular Roadside Geology series of books, including the one for Yellowstone Country (2011) and Montana (2020).

The paper from Dr. Thomas and Dr. Sears is available in its entirety on the Geology of Montana website. For more information, please contact rob.thomas@umwestern.edu.

Southwest Montana Veteran's Home Update #80

By Mike Lawson

Greetings, once again to the Veterans/Counties/Communities of SW MT who are the organizers and supporters of the SW MT Veteran's Home.

The weather is the story of cold temperatures, but mostly blue skies. This isn't unusual for SW Mt and we who live here, learn to adapt. Our Vet Home Construction Site is well into this adaption mode, especially in the outside areas. The obvious in this respect, is the thawing of the ground by Markovich Carpenter General Foreman and his carpenters. John Kotka and his guys, use their ground-thawing machines. A very bright spot, on the inside work, has been JA & Sons Enterprise coming on board. The work that JA & Sons are doing, is the sheetrock hanging, tape/mudding and painting. Construction Site Superintend Mike Ascherman really has his hands full keeping the many finish phases of construction on tract, especially in the Community Center and Cottage #1, which will be turned over to the State of Montana (the owner), on December 22nd. This week John Kotka walked with us and was able to explain different aspects of the forward moving, construction progress. We also were able to talk with some of the construction guys doing the actual work. Their knowledge/skills are impressive and to be respected. To go through an apprenticeship in any of the Buildings Trades Professions, is equivalent to a College Degree and depending on the degree, pays better, with good benefits. Our Education System is sadly lacking, in offering Industrial Arts courses that could feed graduates into some of these Apprenticeships. We need young people in all the trades, as the older skilled journeyman, do retire and will need to be replaced.

Construction Updates:

Community Center—Interior: This building is so close to being totally completed. The JA & Son's Painters are doing the final touch-up painting, on their punch list. The base rubber edging on the bottom of the walls meeting the flooring, is complete. The fireplace tile is complete. Electricians are in the finishing stages, of the light installation. This is a big deal, and this "Community Center" is about ready for occupancy. This, for me, is exciting.

Exterior: Patio and sidewalk on east end of building is scheduled to be poured within the next two weeks. The sidewalk handrail, should be within that same timeline.

Cottage #1—Interior: Just a reminder that this building will get turned over to the state on December 22nd, along with the Community Center. With that said, upon entering this Cottage, we are really seeing a more finished appearance, throughout. The Flooring is complete or very close to being complete. The Custom Cabinet folks will be in this week, to make a couple of punch-list adjustment changes, and will then be completely

finished with their work, in Cottage #1. Exterior: The back Patio has a visqueen plastic sheeting tent, around it.

Cottage #2—Interior: This Cottage, along with Cottage #3, is tentatively scheduled to be turned over to the State (Owner), on the 22nd of January. It is a picture of a lot of activity, going on with-in it's walls.

Exterior: Nothing at this time.

Cottage #3—Interior: This Cottage is ahead of Cottage #2, in the construction phases and should meet the January 22nd deadline, with no trouble. Custom Cabinets will be installing the counter tops in the Kitchen, Resident Bathrooms, Nurses Station and the Medicine Room, this week.

Exterior: Nothing at this time.

Cottage #4—Interior: The Plumbers are working on their rough-in. Yellowstone Acoustical has all the seismograph T-Bar metal ceiling framework completed. The Insulators blew the attic insulation.

Exterior: The siding crew were working back columns, beams and soffits.

Cottage #5—Interior: Not much happening here, but with more finish work coming to an end in the Community Center and Cottage #1.

Exterior: The Siding crew continues doing the siding work.

Zemlijak Excavating: Mike and his crew continue working on the finish grading on site. They also do the prep for the sidewalks, ahead of the cement finishing crew.

R & K Concrete were able to pour the ten foot sidewalk from the front Entryway of Cottage #3, to the street sidewalk. They also poured a ten foot sidewalk from Cottage #5's Entryway to a shared radius with Cottage #4. Once the sidewalk is poured from the Cottage #4 Entryway to this shared radius, the ten foot sidewalk will continue, on to the street sidewalk.

Receiving/Maintenance Building: Everything that was stored in this building is being transferred into a big cargo trailer. Work to finish the inside this building, can now take place, once it is scheduled.

The Monument sign is on site and is scheduled to be installed this week. Another important step of being identified.

Our Christmas Season is here but is looking a lot different than any, we have experienced, ever before, in our lifetime. Patience is sometimes hard, but is needed in these tough times. The biggest thing we can do, is be safe and hope/pray, we stay healthy, stay at home as much as possible, wear masks, avoid groups of people, respect and care for your loved ones and the list goes on. Take care, until next time.

If you have active insurance coverage & your household earns 200% or less of the published federal poverty level you are eligible to apply for assistance with your Barrett Hospital & HealthCare bills. For details see below and contact Barrett Hospital & HealthCare.

Barrett Hospital & HealthCare (BHH) offers financial assistance to those who apply, qualify, and submit all required documentation timely for the program. The financial assistance program is a payer of last resort and applicants should check with Insurance Market Place the local Office of Public Assistance (OPA) to determine if they qualify for programs or coverage prior to applying.

BHH's financial assistance program is administered in conjunction with the Federal Poverty Guidelines that are used nationwide and that pertain to medical services provided at Barrett Hospital and Healthcare only. These guidelines incorporate rationale for age, number and ages of dependents and provide definitions of family and net income. The United States Department of Health and Human Services sets the Federal Poverty Income Guidelines and applies annual revisions to account for increases in the Consumer Price Index. BHH increases the federal poverty income levels from 100% to 200% for eligibility purposes.

Payments

Barrett Hospital & HealthCare offers zero interest payment plans and also contracts with long term billing companies to offer you additional budgeting options (NO credit reporting). Contact a personal finance advocate for details.

Extraordinary Collection Actions (ECA):

Patients that do not contact the personal finance advocate or respond to statements will ultimately be transitioned to an outside agency that may or may not affect credit.

Barrett Hospital & HealthCare will not take any ECA actions without making a reasonable effort to determine at patient's financial assistance eligibility in accordance with limitations outlined in the Credit, Collection and Uncompensated Care Policies and the Financial Assistance Policy (FAP). It will be the responsibility of the Financial Assistance Committee to determine if reasonable efforts were made to access the eligibility of a patient/guarantor for financial assistance.

THANK YOU!

Out of concern for the safety of our neighbors and staff, we are cancelling our annual Thank You Bake Day event. This is our favorite event of the year and we've been holding it since 2002 to say 'thank you' to the Beaverhead County community for supporting our fundraising events throughout the year. Thank you Dillon for raising over \$40,000 to support the following charitable organizations in 2020:

The Jaycee Park Project
Great Harvest BCHS Scholarships
Barrett Hospital Foundation
Southwest Montana YMCA

Stay safe, be well, and we hope to see you soon!
