Officer Involved Shooting Near Trout Creek

On December 11, 2020, at approximately 12:30 am, the Sanders County Sheriff's Office received a call for assistance regarding a male subject armed with a handgun and an assault rifle who had entered the Naughty Pine Saloon near Trout Creek. The male barricaded himself inside an area of the saloon. A small group of patrons were inside the saloon at the time of the incident. A Sanders County deputy arrived on scene and began negotiating with the subject.

The subject would not cooperate with the deputy and a request for assistance was made to the Missoula County Sheriff's Department for use of its Tactical Negotiations and SWAT Teams. The Flathead County Sheriff's Office was also requested for deployment of its SWAT and Negotiation Teams, which are comprised of Flathead County deputies and Kalispell police officers.

Although the majority of the patrons were safely removed, a family member to the subject refused to leave and remained behind. Following negotiations with law enforcement and subsequent tear gas deployment, the family member was safely removed and taken into custody.

The male subject, 35, eventually exited the saloon brandishing a firearm and less than lethal rounds were deployed in an attempt to not use lethal force. The effort was ineffective, and the subject attempted to flee, firing at pursuing officers, one of whom was shot by the suspect. Law enforcement returned fire, fatally wounding the subject. The wounded officer suffered a non-life-threatening gunshot wound and was transported to Kalispell Regional Medical Center for treatment.

The Montana Department of Justice's Division of Criminal Investigation was requested by the Sanders County Sheriff's Department to conduct an independent investigation of the shooting. "These are always complex cases and will require thorough crime scene processing, extensive interviews, and a full assessment of the events leading up to the incident," said DCI Administrator Bryan Lockerby. "With multiple law enforcement agencies involved and dynamic events happening, it takes a considerable amount of resources for a thorough and thoughtful investigation." When the investigation is complete, DOJ will submit the case file to the Sanders County Attorney's Office for review.

No additional information is available at this time.

AG Fox Supports Federal Legislation to Protect Safety of Federal Judges and their Families

Attorney General Tim Fox today joined a bipartisan group of 51 attorneys general urging Congress to pass legislation to protect the safety of federal judges and their families.

In a letter addressed to leaders of both the House and Senate Judiciary Committees, the attorneys general support passage of the Daniel Aderl Judicial Security and Privacy Act or similar legislation. The bill would protect the confidentiality of personal identifying information of members of the federal judiciary in public records, and limit the distribution of that information online and by data brokers.

"Increasingly, public servants are being threatened with physical violence and death for simply carrying out their duties in accordance with the Oath they swore to uphold the Constitution," Attorney General Tim Fox said. "Daniel's Law has bipartisan support in both houses of Congress; I urge its members to pass this important legislation swiftly in light of attacks and threats against members of the federal judiciary," Fox added.

The Daniel Aderl Judicial Security Act is named for 20-year-old Daniel Aderl, the late son of Judge Esther Salas of the U.S. District Court for the District of New Jersey. Daniel was killed on July 19, 2020, when an

attorney who had appeared in a case before Judge Salas – a man described in today's letter as "deranged" – appeared at her home and shot both Daniel and Judge Salas' husband. The judge's husband was critically wounded but survived the attack.

Today's letter to Congress recalls that four federal judges have been murdered since 1979, including District Judge John Wood, District Judge Richard Daronco, Circuit Judge Robert Vance, and District Judge John Roll. Additionally, two family members of District Judge Joan Lefkow were killed in a targeted attack on her home in 2005.

The letter notes that incidents, inappropriate communications, and threats against federal judges and others protected by the U.S. Marshals Service have been steadily climbing in recent years, as evidenced by a spike in such incidents from 2,357 in 2016 to 4,449 in 2019.

Introduced in the Senate on September 24, 2020, and in the House on October 13, 2020, the Daniel Aderl Judicial Security and Privacy Act would:

Protect judges and their families by requiring federal agencies to maintain the confidentiality of judges' personally identifiable information upon request;

Authorize funding for state and local governments to adopt similar measures;

Prohibit data brokers from selling, licensing, trading, purchasing, or otherwise providing or making available for consideration judges' personally identifiable information;

Create an enforceable mechanism for judges and their immediate family members to secure removal of their personally identifiable information from the Internet.

In light of the tragic death of Daniel Aderl and the escalating danger to federal judges and their families everywhere, today's letter expresses full support for the proposed legislation named in Daniel's memory and notes that the Judicial Conference of the United States and the American Bar Association, among others, support such legislation. Only federal legislation can "protect federal judges and their families wherever they reside and ensure uniform enforcement nationwide."
