Tuesday Trivia

Happy Holidays!!! Be the Change 406 Coalition has launched a trivia game to celebrate YOU and thank you for your support! Every Tuesday over the holiday season, you will have an opportunity to win a \$20 gift certificate at a local business. Answers to the Tuesday Trivia Questions can be found somewhere in the body of the bordering Dillonite Daily local advertisements. This week a winner will be drawn at the end of the week from all participants.

If you want to play, locate the answer embedded in the Dillonite Daily border ads. Then go to bethechange406.org and enter your name, location of the answer, and a phone number. Entries are due by Dec. 25th at midnight.

Barrett Hospital & HealthCare Awaits COVID-19 Vaccine, Working With State On Distribution

Barrett Hospital & HealthCare announces it is closely monitoring the distribution of COVID-19 vaccines in Montana. The hospital is working with state and local authorities, for how the authorized COVID-19 vaccines will be distributed across Montana and the order in which hospitals may receive the vaccines.

Initial supplies of the COVID-19 vaccines are expected to be limited and will be prioritized based on guidance from the state, which recommends vaccinating healthcare workers, staff and residents of long term care facilities per guidance from the federal Advisory Committee on Immunization Practices (ACIP).

"Once the COVID-19 vaccines are available, we will follow that guidance and focus first on vaccinating our caregivers," said Dr. Greg Moore, Chief Medical Officer. "However, we are also preparing to vaccinate vulnerable patients and staff in long term care facilities and will do so as supply and guidance allow. We are committed to keeping the general public informed about when and who will be able to get the vaccines as more information becomes available."

As the authorized COVID-19 vaccines may not be widely available for the general public until several months into 2021, we must all continue taking important precautions to help slow the spread of the novel coronavirus. This includes wearing a mask, frequent hand washing and sanitizing, social distancing and limiting gatherings.

To learn more on Montana COVID-19 vaccines and frequently asked questions, visit COVID-19 Vaccination Plan Information at the following link.

Judiciary Board Dec 15, 2020

By: MJ

Council members PRESENT: Mr. Graham, Mr. Nye (chair) and Ms. O'Rourke

The board has been reviewing the Vehicle Traffic Ordinance. They are revising and clarifying some of the language while sharing ideas and opinion. They are taking into consideration the necessities of today to accommodate community. Some of the areas that was discussed were; the history and legal issues on Thomsen Ave. with the fifteen (15) MPR speed limit, school signs and are they required, was there a traffic study done on Thomsen Ave; the history of Argenta Street 15 MPH limit on one side of street; One-Way Streets...

Ms. O'Rourke made a suggestion that leaving your car idling should not be allowed in Dillon because of pollutants effecting the safety, health and welfare of humans. She indicated that this may be discussed and included in the document. **NOTE:** Petrol vehicles made after 1993 have catalytic converters fitted to the exhausts. A device that converts harmful exhaust emissions into harmless gases. The catalysts require engine heat to function. US Department of Energy shows that restating a warm engine emits 4.5 times more hydrocarbon gases, 19 times more nitrogen oxides and 390 times more carbon monoxide than 30 seconds of idling. Restarting a cold engine is worse, emitting 1,000 times more carbon monoxide and 760 times more nitrogen oxides than idling for half a minute.

QUESTION: Is it time we do an air pollution study for Dillon and get the real facts on who and where the pollutants are coming from, the types of pollutants and how they are affecting the health and safety of humans in area? This factual information would give the leaders a better understanding of how to govern for the safety and welfare of the community. **NOTE: Facts** are a statement that can be proven. Opinion is a person's feelings that can't be proven. Opinions can be based on facts or emotions and they may be meant to deliberately mislead others.

QUESTIONS: Is the statement, "for the safety, health and welfare" used by elected officials in a way to take freedoms away? Does the city have a general policy document that defines safety, health and welfare? Example: The city has a 200 plus page zoning document that was created for the Safety, Health and Welfare of the town. This document may or may not take away a great many freedoms via the words Safety, Health and Welfare. Depends on what side of the table you are on. The person asking for permission or the person giving permission.

The Stages of Bellef

Bryce Angell

Grandma said, "Now hurry home 'cuz Santa's on his way. Make sure you brush your teeth, and then you better hit the hay."

We sped on home from Grandma's house, late night on Christmas Eve.

My head was filled with Christmas tales. How could I not believe? I never doubted Grandma. She had taught us in our youth. If she said there was a Santa, it for dang sure was the truth.

I loved those Santa stories and believed them as a boy. It's called stage one of Santa Claus and usually filled with joy.

The second stage of Santa Claus is when you don't believe. I'd grown a few years older and a little less naïve.

I'd done the calculations and they didn't add up right. And I'd peeked and seen my mother steal old Santa's treats that night.

I'd watched her wrap my sister's gifts and write "From the North Pole."

Did Grandma know about old Claus? I didn't tell a soul.

I tell my friends, "If you believe, you have to be a fool." Still, I gladly will accept the gift of one week out of school.

As years went by, I realized what Christmas is about. My children were believers and I hoped they'd not find out.

I heard excited voices when they talked about St. Nick. Now, I'd reached stage three of Santa Claus. It darn sure is a kick!

Well, now I have some grandkids. They believe in Santa too. Their bright eyes shine with innocence. That's Christmas through and through.

The final stage of Santa is the best, I'd say, because... My hair is white. My beard is long. Now I'm the Santa Claus.

Montana Western 2021 Recruiting class

University of Montana Western Head Football Coach Ryan Nourse announced the signing of 22 student-athletes on early signing day for the 2021 season.

"We were able to reach our initial goals with this class, really strengthening our offensive line depth and our overall athleticism at defensive back. We secured talented run and hit guys who fit into multiple positions, whether it's linebacker, rush end or tight end. Overall, this is a high achieving group in the classroom as well as on the field. We are excited to see what the future holds for this crew."

The Bulldogs recruited Montana very well in the early signing period, with 20 players hailing from the Treasure State.

"This was a great year in Montana despite all the challenging circumstances faced. I'm happy for all of the kids in Montana who go to play high school football and for all the guys who found opportunities to play and further their education at Frontier Conference schools. Montana is the home base of our program and our staff did an outstanding job of creating great relationships and building the Bulldogs an excellent class."

Mental Health Advisory Council

The 2020-21 holiday season is unlike any other before. Holidays are often challenging, but COVID-19 created a major upheaval for all of us. Here are some helpful tips & insights to use during this unpredictable time.

DON'T ROMANTICIZE THE HOLIDAYS

"It's the most wonderful time of the year." That is inaccurate for many of us. If someone close to you recently died, or you cannot be with loved ones, realize it is normal to feel sadness & grief. It is healthy to take time to cry or express your feelings. You cannot force yourself to be happy just because it's the holiday season.
