Whitebark Pine Seedling Comment Period

The Dillon Ranger District on the Beaverhead-Deerlodge National Forest (BDNF) is proposing to plant whitebark pine seedlings on approximately 364 acres within the 2018 Goldstone Fire perimeter. The proposed planting is located in T8S, R16W, Sections 13, 23, and 24, and T9S, R16W, Section 6 near the Continental Divide and is partially located in the West Big Hole Inventoried Roadless Area.

Whitebark pine is an ecologically important species that is in decline due to fire, mountain pine beetle, white pine blister rust, and climate change. Whitebark pine over 200 years old existed in the proposed planting areas but were killed in the Goldstone Fire. Planting whitebark seedlings that are resistant to white pine blister rust will allow these planted trees to out-compete other tree species and regain whitebark pine cover on the site.

Please share your comments, concerns, or ideas with Jamie Tripp, District Ranger, at the Dillon Ranger District, at 420 Barrett St., Dillon, MT 59725. Call her at 406-683-3988 or send your comments electronically to comments-northern-beaverhead-deerlodge@usda.gov and type Goldstone Fire WBP Planting in the subject line.

Your comments are welcome anytime but will be most helpful if they are submitted by January 10th, 2021. Comments in response to this solicitation, including names, postal and email addresses and phone numbers, will be considered part of the public record, and will be available for public review. You may always find information about this project on the web at <https://www.fs.usda.gov/project/?project=59216>.

Tuesday Trivia

Happy New Year!!! Be the Change 406 Coalition has been working diligently throughout Beaverhead County to raise awareness that substance use among youth can change brain development resulting in life-long challenges, including depression and dependency. To thank you for your support, we launched a trivia game to celebrate YOU! This is our last Tuesday Trivia for the holiday season. You will have an opportunity to win a \$20 gift certificate at a local business. The answer to the Tuesday Trivia Question can be found somewhere in the body of the bordering Dillonite Daily local advertisements. This week a winner will be drawn at the end of the week from all participants.

If you want to play, locate the answer embedded in the Dillonite Daily border ads. Then go to bethechange406.org and enter your name, location of the answer, and a phone number. Entries are due by midnight on Jan. 1st.

The question this week is "What can increase the risk that someone will have a problem with drugs?"

Thank you for your support and Happy New Year!

Congratulation to Aubree Diedhiou who was our 4th-week winner!!!

FWP TAKING COMMENTS ON PROPOSED COMMERCIAL BAIT SEINING WATERBODIES

At its December meeting, the Fish and Wildlife Commission endorsed the proposed list of approved waterbodies for commercial bait seining.

A commercial bait seining license is required for anyone 15 years of age or older to seine and transport bait fish for commercial purposes or for anyone who seines for and has in their possession more than 24 dozen nongame bait fish. The commission may designate waters allowed for this purpose and the department describes these waters annually in the Commercial Bait Seining Application Form. Approved seining waters are regularly monitored for invasive species and pathogens and maintain adequate population abundance to accommodate bait collection.

Proposed changes to the approved waterbodies list include the addition of four waterbodies to allow commercial bait seining, removal of four waterbodies due to conservation concerns or unviable bait fish populations, and additional clarification for two waterbodies. The full list of approved waterbodies and proposed changes can be found on the FWP website.

The department will accept comments on the proposed commercial bait seining waterbodies until Jan. 20, 2021. Please submit comments below, or via mail to FWP Bait Seining, P.O. Box 200701, Helena, MT 59620.

Grandma's Windup Clock

Bryce Angell

For thirty years I've owned the clock my grandma gave to me. Her clock is mounted on my desk for family to see.

She said, "Please take care of my clock and wind it every day. Your grandpa gave it to me, said he found it on display."

My grandma's clock is special and was built to make it last. It's a hundred year old relic and a part of Grandma's past.

I've tried to do what Grandma asked. I wound her clock each morn. But all those years of winding left my fingers sore and worn.

My dang arthritic fingers sure don't help much with the pain. So, when I'd wind the clock each day, it drove me plumb insane.

I'd even hear the ticking every night time in a dream. I still remember those nightmares. Perhaps you heard me scream!

And early mornings in my bed I'd hear the lone tick-tock. I knew it would be soon that I'd be cranking on the clock.

But then one day I bumped the clock. It fell and hit the floor. My old-time clock would not wind up, no ticking anymore.

I realized the time was right to get this clock new hands. I'd find a way to make it run. Hoped Grandma understands.

The jeweler opened up the clock and made it wind up free. My clock keeps right on ticking. Now it runs on battery.

At first, I thought how nice it was to have my clock again. But my windup clock was not the same. "Twas better way back when.

So I'd like to give the clock away to someone who would care. I think my grandma wouldn't mind. She taught me how to share.

I wonder, should I buy a clock that doesn't run hands free? 'Cuz Grandma's old time windup clock sure meant the world to me.

Thank you!

We lost our 14-yr old Miniature Schnauzer dog on Christmas Eve - But Thanks to the wonderful people of Dillon, we were reunited with "Bodie" within an hour of him wandering off. We want to give our heartfelt thanks to the people walking their dog that saw our lost and confused dog and called the police. Our most sincere and grateful thanks to Officer Ternes that picked him up and brought him in out of the cold and contacted us about our lost dog. Thank you! Thank you! Thank You!

On Jan. 1, stop by Travelers' Rest State Park between 10 a.m. and noon to take part in a self-guided walk along the main Lewis and Clark loop trail to discover winter animal adaptations. Along the way, interpretive signs will guide you and your family to look for special clues along the park trail. Take photographs of your family participating in the event and share one interesting thing you found along the park trails and email them to maci.macpherson@mt.gov. For more information, please call 406-273-4253.

Lewis & Clark Caverns State Park - 12:30 p.m. (Whitehall/Three Forks)

Join Lewis & Clark Caverns State Park staff to experience "The Off-Switch": A moderate guided hike to observe our most quiet season. When it seems, all life has been turned off in the park, a few animals not only persevere but thrive during the harsh winter months. This hike is available to a maximum of 10 participants. Attendees must call ahead to register. The details of the hike may change

"First Day Hikes" is an annual, nationwide special event co-sponsored by America's State Parks, which originated more than 25 years ago at the Blue Hills Reservation – a state park in Milton, Mass. Last year, more than 33,000 people participated on guided hikes that covered more than 70,500 miles on 1,100 hikes across the country. All 50 states will be participating in the ninth annual national event that encourages everyone to celebrate the New Year with guided outdoor exploration.

Mental Health Advisory Council

The 2020-21 holiday season is unlike any other before. Holidays are often challenging, but COVID-19 created a major upheaval for all of us. Here are some helpful tips & insights to use during this unpredictable time.

BE REALISTIC

The holidays do not have to be perfect or just like last year. As families change & grow, traditions & rituals often change as well. Choose a few to hold on to & be open to creating new ones. If family members can't come to your home, find new ways to celebrate together by sharing pictures, emails, or videos. Recognize what you have control over, & what you do not.

WORKING TOGETHER TOWARDS A STRONGER ECONOMY

Headwaters RC&D, in their work on an addendum to the Comprehensive Economic Development Strategy, will be holding a series of public meetings for each of the seven counties in their region.

The meetings will be to allow public comment on the contents of the addendum, and to allow any changes to be made prior to the finalization of the document.

Community leaders and interested parties in each county are encouraged to attend to help shape this document, which will be used in obtaining grant funding for area projects.
