Fund for Experience One Receives \$250,000 Gift

Inspired by their commitment to higher education, Steve and Gretchen Burke have provided a generous gift to the University of Montana Western in support of the Fund for Experience One. This fund was established in 2015 by Chancellor Beth Weatherby and her husband, Dr. Steve Kramer, in celebration of Montana Western's ten-year anniversary of the implementation of Experience One.

This recent gift from the Burkes in the amount of \$250,000, along with additional gifts that have been received since 2015, will be utilized to endow the fund into perpetuity and provide current use funding.

Montana Western transitioned to Experience One over fifteen years ago and the results have been extraordinary. The Fund for Experience One supports faculty in strengthening curricular and co-curricular offerings by providing funding for authentic student experiences. Montana Western is the only U.S. public four-year university offering Experience One, a program where students take a single course at a time and learn by doing.

"We are deeply grateful for Steve and Gretchen's investment in our university and Experience One," says UMW Chancellor Beth Weatherby. "The Burkes have made an impact on our campus that will be felt by our faculty and students for many years. Their investment in innovative experiential education will give our students an advantage as they move into the work-force or continue to graduate school."

This gift was announced to campus at the onset of the academic year in order to distribute funds for the fall 2020 semester. Three awards were provided in the fall and faculty are preparing to submit proposals for the spring semester.

The Burkes have been life-long proponents of higher education and feel fortunate to be able to show their support

of Chancellor Weatherby and Montana Western. "We were inspired to provide a gift in support of Experience One. We are true believers that education makes opportunities possible. Support of an innovative educational model such as Experience One is an exciting investment," said Gretchen Burke.

Students will be the clear beneficiaries of this philanthropic support. In addition to providing student-centered experiential learning opportunities, the Fund for Experience One will augment departmental funding and help hold student course fees to a minimum.

Letter to the Editor

Families that read together grow together!

Here is a family friendly suggestion. After supper, how about we shut off all the screens (TVs, computers, phones) and spend 15 minutes reading out loud a book? To launch our around-the-table, family reading-sharing events, I recommend highly this wonderful book: My Friend Flicka (1941) by Mary O'Hara.

My Friend Flicka (MFF) is more than a horse story. It is a timeless story with so many life-enhancing insights: trust, friendship, parental skills, work ethic, sacrifice, human-horse interactions, innovative cooking, religious faith, and economic challenges. MFF is written in beautiful descriptive language with magical metaphors.

My friends (two Russians and three UM Western professors) and I are using MFF as a guide for crafting our new book: Russia-America Equine Diplomacy On The World Stage Of Education Innovation: Sensational Horse Sense Tales And Tails. Among the 145 million Russians and 330 million Americans, we share many values including our love of horses. Russians and Americans combined have more than 10 million horses!

In 2016, Dr. Nikolai Zlobin, former advisor to Russian President Gorbachev and current president of the Center for Global Interests, stated: "Russians and Americans must think of smarter ways to work together!"

My coauthors and I think that advancing Equine Diplomacy is a smarter way of working together.

Southwest Montana Veteran's Home Update #87

By Mike Lawson

Greetings once again to you, the Veterans/Counties/Communities of SW MT who have been and are the organizers/supporters of this, our Southwest Montana Veteran's Home.

For me the excitement keeps building as I watch two more of the Cottages getting closer to be completed and turned over to the the state of Montana, the owner. This will probably happen in the next couple of weeks. Once again the operating contractor, Eduro, will then take control of these Cottages and get them staffed. It's disappointing that a construction issue is in dispute, between two of our state agencies and isn't resolved yet. This is keeping our first Veteran Residents, from being admitted. Once this is resolved, it will be a "green light" for the rest of the Cottages, to admit our Resident Veterans.. Hopefully a fire will be lit under the ones responsible for bringing this to a mutual conclusion. It will be then our Resident Veterans, waiting in the wings, can get admitted, to this their new home.

Construction and Vet Site Updates:

Community Center: Other then a touch-up here and there, this Building is controlled/ staffed/operated by Eduro.

Cottage #1—Interior: Same situation as the Community Center, with it staffed and operated by Eduro. Some housekeeping touch-up. McKinstry is doing some system programing.

Exterior: A change order for additional fencing outside the door on the west end, of the west wing.

Cottage #2—Interior: Taping/painting is about done, with final touch-up in progress. Cement Floors are sanded/scrubbed/mopped/sealed and ready for the Floor-layers to continue installing the flooring. The Tile-guys have the bathroom wall tiling close to being done. The Electricians/ Plumbers/Sheet Metal guys have their work pretty well wrapped up. The cleaners are getting all the dust cleaned up. The Boilers are running and once the Cleaners are done, the Air Handlers will be brought on-line. This building will then be self-heating. It should happen this week, when this article comes out. Carpenters are following the Tilers and hanging doors/ installing door hardware, as each bathroom is completely tiled/grouted. After the resident bathrooms are tiled, the tilers will then tile/grout the spa room/bathroom. Once that is completed, the Plumber can finish their trim-out work and the Carpenters can install the Spa doors.. The Carpenters are also installing the FF&E package, consisting of the glove/paper towel/ soap/hand sanitizers/etc. dispensers. The ADA Handicapped door openers for wheelchairs are scheduled to be installed this week. Card readers

are also expected to be installed on all exterior doors. Custom Cabinets will be installing cabinets and counter-tops this week. Complete Communication continues to attach their low voltage data-cable-wires into their panel box connections. Mckinstry was doing some programing.

Exterior: The Fencing guys, set the metal fence posts in concrete around the rear patio area.

Cottage #3—Interior: This Cottage is ahead of Cottage #2 and should be ready to turn over ahead of Cottage #2. The Painters are finishing the touch-up painting. Derrick the Sheetmetal guy, installed some of the finish grills on the duct-outlets coming through the ceiling/walls. The Floor Layers finished laying the linoleum in the kitchen and were working in the Dining and Living Room. This Week; All the flooring should be wrapped up, all the appliances in the kitchen will be installed, the duct work and copper pipe insulation will be finished. The Carpenters have the Spa Door to hang and will install the ADA Handicapped wheelchair door openers in addition to all the exterior door card readers. Complete Communication are attaching their low voltage data-cable-wires into their panel box connections. This Cottage is close for the Architectural Inspection, which will create a punchlist of any corrections, that have to be made. Exterior: The Fencing guys installed the fencing on the fence posts around the rear patio area.

Cottage #4—Interior: Tapers are close to having the walls ready for painting, having applied the last skin coat of mud on the corners and seams, in the East Resident Wing. Electricians continue to pull wire. The Plumbers are running the gas/water lines to the air handlers as well as doing their rough-in work. Johnson Control was pulling their low-voltage wire.

Exterior: The Carpenters framed the front entry and rear patio columns. The Siders followed and sided these framed columns.

Cottage #5—Interior: The Sheet-Rockers were sheet-rocking the ceiling in the South Resident Wing, with a double layer of 5/8" sheetrock. They then sheet-rocked 42' inches from the ceiling down the sides of the upper walls. The Tapers will fire tape the corridors, above the ceilings, which will allow the Plumbers/Sheetmetal/Fire-Suppression guys to begin their work.

Exterior: The Carpenters will frame the Front Entry/Patio Columns this week. The Siding Crew ran out of material, which stopped the soffit work. They did get some delivered and will probably finish the soffits this week.

Maintenance/Receiving Building: Sheetrock was finished

and it is now being taped/ mudded. The Painters will then do the painting. Once that process is completed, the Carpenters will get the doors hung and door hardware installed. During that phase, the Electricians/Plumbers will do their trim-out work. The expectation is that this building will be all wrapped up and turned over to the state within two weeks.

Zemljak Excavating: Mike installed the Stop Sign at the entrance and started putting the 10" rock in the bottom of the storm water drainage ditches. He continues putting topsoil next to the sidewalks and patios for safety.

It was good to visit with Liaison Mark Gollinger, concerning the Eduro controlled part of our Vet Home. (This is the Community Center and Cottage #1). Mark said that this place is a flurry of activity. He went on to say, that Brenna Anderson's team have been doing everything they can to prepare our Vet Home for its' first resident veterans. The Director of Nursing, Nadine Eickbush, has been training her nurses and making sure they're competencies are current/up to date. The Environmental Services Manager, Ranae Blackledge, has her team doing intensive cleaning and washing all of the new linen. Lena Krum, Dietary Manager, and her chefs, have also been preparing their kitchen and training. On Friday, the SWMVH team was treated to a very tasty and healthy lunch. Mark said "it was awesome to smell home cooking in

Cottage #1 for the first time". He was impressed by the quality of the food and feels good that the residents will be eating great, good and tasty food.

As the construction keeps moving forward in completing these Cottages and Eduro, in the operational phase, moves to staff and get them resident veteran occupied, we are seeing our efforts, started so many years ago, come to fruition. This Southwest Montana Veteran's Home will be taking care of Veterans long after we are gone and that is gratification at its' best. We have exciting times ahead of us, in making our resident veteran lives, better, in an environment of comfort and well being. Once this Covid-19 is under control, we'll explore ways to interact and communicate with them. It may very well be, that any one of us who are veterans, could one day call this place, our home. It's a comfort to know we have a place to go, to call home, if we are in a position to need this kind of care.

Take care, follow the health guidelines for you/your loved ones and your neighbors. Until next time.
