"Bitterroot Bob"

10-13-28 The Long Ride 2-15-2021

Robert Roy Stewart "Cowboy" was born in Darby Montana to James David and Clare Stewart. His mother passed away when he was 12 years old. Bob was raised by his Grandmother and his dad was a Forest Service Packer. As a 17 year old young man, Bob served in WWII in the Army Air Core. He said they crashed a plane and that was enough. He was part of the Engineers in Guam where they built air strips and bunkers. He said when the bullets hit the

caterpillar, he would get under it until someone would come and say "we got the problem." He was fond of the 20 black men he was in charge of and said they were the best friends he had. Bob was wounded twice serving his country.

He was married to Myrtle Elizabeth Casey for 41 years. They cowboied and lived all over Montana, Idaho, Nevada, Dawson Creek and the Williams Lake area of British Columbia, White Horse in the Yukon Territory and in Alaska, while raising her youngest children, Mary and Kevin. Bob worked for Rob Creek, Spanish Ranch in Nevada, Metlens, Browning (gun mfg) Ranch, Alaska Basin, the P & O, now the Matador Ranch. Skelly, Skelton and Buster Brown were among the good cattlemen he talked about. Judy Brown made his day as she remembered Bob on his birthday and brought a cake to Renaissance where he was living.

Bob is survived by his daughter Sherri Stewart Herbert and her family, his step children, Mary, Kevin, Beth, Joann, Johnny and Ellen and their families. Bob was especially close to his sister Iris Hubbard and brother Windy Bill Stewart, both of whom proceeded him in death. He was especially close to his nephews Doug Hubbard and Willie Stewart along with his granddaughter Shannon.

For about the last 15 years before Bob moved to Renaissance, he considered himself the foreman and lived in his bunk house at Corinne Welborn's place. He, along with his red heeler, Dot, kept an eye on the horses and made sure the fences were good. There was not a tougher guy than Bob. He always had a good story and could make you laugh. When it got difficult for him to drive and take care of himself, he moved to the Renaissance Bunk House. He loved the love he received at Pioneer Care.

Bob was 92 years old at his passing. He had a good ride. He will be buried at Dillon Legion Plot. Hats Off "Forever".

Funeral Services will be held February 24th at 2 p.m. at Brundage Funeral Home.

Montana Western Football Opts Out of Spring Season

The University of Montana Western football team will opt out of the spring Frontier Conference schedule, Montana Western administration informed the conference on Tuesday.

"As the pandemic has progressed, the health and safety of our student-athletes has always been our number one priority," Montana Western Director of Athletics Bill Wilson said. "As each week has passed, it became increasingly clear to us that moving forward with the conference football schedule was going to be very difficult at best. With scheduled games taking place as early as March, we had to make this very difficult decision."

"The entire span of this pandemic has been extremely unpredictable and difficult in a myriad of ways," head coach Ryan Nourse said. "My heart breaks for all of the seniors who did not get a full season to compete one last time before they move onto the next journey in their life. The current choice provides a clarity and flexibility to our players."

The fall 2020 football season was moved to the spring of 2021 in mid-August. As the winter progressed, the likelihood of practicing, let alone playing, proved to be increasingly difficult.

"Geography, weather and facilities are not on our side at Western, Nourse said. "We have had a harsh winter here and to practice and play on a natural surface is not safe. Frozen synthetic turf is tough enough to play on, but not as challenging and potentially harmful as frozen dirt and grass."

Montana Western will still conduct a regular spring practice schedule. All the team's seniors will have the option to return next fall.

"We have an opportunity to put together a consistent and effective training plan to prepare for the fall of 2021," Nourse added. "This gives us the option to schedule potential scrimmages or exhibition games later in the spring if and when we can safely be prepared to play."

NOTAM

By "Swede" Troedsson

In 1994 I was dispatched to the Moose Creek Ranger Station, located in the Selway-Bitterroot Wilderness Area, Idaho. My assignment was to supervise the TFR (Temporary Flight Restriction) surrounding the ranger station. This TFR had been filed with the FAA by District Ranger Barry Hicks, and restricted the air space around the ranger station. This was necessary because of the busy forest fire suppression activity in the area.

Moose Creek Ranger Station has an airfield for logistical support. It also serves as a fly-in facility for pilots wishing to stay at the nearby campground and fish the Lochsa River.

When I landed at Moose Creek, there were already some private aircraft parked at the airfield. They had arrived prior to the TFR being activated. The campers were allowed to continue their stay, but once they left they could not return while the TFR was active.

The morning after I arrived, a Cessna 170 landed early in the morning. The pilot and his passenger deplaned and commenced to assemble their fishing poles. I walked over to the pilot and asked him if he had checked the NOTAMs (Notice To Airmen) before departing home to see if there was a TFR on the Moose Creek airfield. He stated he had not. I then informed him he was in violation of the TFR, and suggested he and his passenger depart the area. With a sly smile, he said that the temperature had gotten too warm to safely take off. I then suggested we check his aircraft performance charts. He stated he did not have them with him. I suspect he was beginning to realize that he was confronted by someone with pilot experience (I had taken the FAA private pilot training and became certified).

I then informed the pilot that I was not one to put him danger. I told him he and his passenger were NOT going fishing, but that he and his passenger could sit in the shade of a wing until the temperature cooled off enough that evening so he could safely take off. He was welcome to use our toilet facilities, and we would bring him sack lunches and water.

I was returning to my radio desk when I heard the Cessna start up. The pilot and his passenger took off and departed the area. I guess spending the day sitting in the shade of a wing did not appeal to him!

Sagebrush & Snowdrifts 4-H Selling Beaverhead Honey

As the days are getting longer, it is time to start preparing for our celebrated Dillon summers. Warm, sun drenched days, full of hard-work, memorable events and visitors wanting a taste of our Dillon lifestyle. You can savor those warm summer days right now, and get ready to share Dillon with your visiting friends and relatives with Beaverhead Honey.

During the month of February, the Sagebrush & Snowdrifts 4-H is selling Beaverhead Honey as a club fund raiser. "Beaverhead Honey minimally processes their honey to preserve the taste, quality and fragrance that makes it so popular" said Theo Van Deren. Theo added, "Beaverhead Honey is a local product, so all of the fund-raiser money stays in Dillon."

Theo continued, "The honey bundles fully customizable this year and the options include 12-ounce honey bears, 24-ounce squeeze bottles and 40-ounce and 5-pound honey tubs. Honey bears are the ideal 'Dillon' souvenir for visiting friends and relatives."

To purchase premium-quality Beaverhead Honey, or for more information, please contact any Sagebrush & Snowdrifts 4-H member or Theo Van Deren at 683-9510.

There is also an order sheet available at Womack's Printing Place.
