### Frank Ernest Buhrer

Frank Buhrer, 85 passed away 2/15/21. He was born 8/8/35 in Dillon, Montana then taken home to the family ranch in Glen, Montana where he grew up. He lost his father at 2 years old and took over the ranch after high school. Due to health issues, he sold the ranch in 1963 and moved with his young family to Spokane Washington, where he lived until his death.

After leaving ranching Frank followed his entrepreneurial spirit and owned several businesses including laundromats, a bar, taxi and a used car lot. While he enjoyed them all, they did not define him. What defined him was his love of people. He was the kind of man that said 'hello' to

everyone he passed and struck up a conversation with every cashier. Truly, no one was a stranger. And while he didn't have much himself, he was always helping those in need, especially those who others had forgotten or turned away. He didn't just help them; he became their friend. Several have told his family he was the finest man they ever knew.

Second to people, Frank loved sports. His favorites were baseball (Yankees) and football (Rams and Seahawks), but he would watch just about any sporting event on TV. One of the highlights of his life was a trip for his 80th birthday to New York with his kids to see the Yankees. No one could have been happier. He also loved to go to casinos and play slot machines. He never won big but sure enjoyed trying.

Frank was preceded in death by his parents, Frank and Genevieve (O'Leary) Buhrer, numerous Aunts and Uncles, including his beloved Aunt Martha, his only sibling and much-loved sister, Mary Louise Diehl (Sissy) and niece Denise Smith. He is survived by his 3 children, Jeff Buhrer of Houston, TX, Patti Charlton and husband Dave of Austin, TX and Sheila Buhrer and husband Troy Wilkerson of Portland, OR., stepson, Shawn Clanton of Spokane, WA, 4 grandchildren and 4 great-grandchildren and numerous nieces, nephews, grand-nieces and grand-nephews. A memorial will be held later in the year when we are able to congregate again. In lieu of flowers the family suggests making a donation to your local food bank, homeless shelter or mental health organization.

## Top 3 Scam Protection Tips as Part of National Consumer Protection Week

During National Consumer Protection Week, Attorney General Austin Knudsen is urging Montanans to be vigilant and contact the Department of Justice's Office of Consumer Protection (OCP) if they think they are, or may be, victims of a scam.

The Office of Consumer Protection seeks to protect Montana consumers from, and educate them about, harmful and unfair practices by retail businesses. The Consumer Protection Act prohibits businesses from taking advantage of consumers.

"Scammers are more active than ever and show no signs of slowing down. Montanans can take steps to protect themselves and loved ones so that their hard-earned money and identities are not used by con artists and criminals," Attorney General Knudsen said.

Attorney General Knudsen encourages all Montanans to keep learning about common scams and offers these consumer protection tips:

1) For COVID-19 related charities, give to an established organization, rather than one that has sprung up overnight. Pop-up charities probably do not have the infrastructure to get help to the affected areas or people, and they could be collecting the money to finance illegal activity.

2) Don't send money to someone you don't know, including someone you've only met online and over the phone. While real relationships are increasingly being started through online dating sites and mobile apps, it's unfortunately extremely easy for scammers to set up a fake profile in order to connect with genuine users of the matchmaking services and then exploit the person's feelings for the fake profile.

3) Don't send money to a "government" agent who calls and threatens to arrest you. Thieves call taxpayers and claim to be IRS or law enforcement officials. They misrepresent that you owe taxes or other debts. They threaten to arrest you unless you immediately pay your "taxes" through a prepaid debit card or wire transfer. They often alter telephone caller ID to make it look like the IRS or a law enforcement agency is calling. The callers use IRS titles and fake badge numbers to appear legitimate. They

## Fwp Reminds Recreationists To Stay Vigilant For Avalanche Danger

Avalanche danger is high across Montana, with the addition of new snow and weather systems moving across the state. People recreating outdoors are advised to use caution and stay up to date on the avalanche dangers in their area.

There are three regional Avalanche Centers in Montana. Their work provides quality and timely forecasts, education and materials to meet a growing user base both of local recreationist and visitors from outside Montana.

For statewide and regional avalanche forecasts, please visit:

- Nationwide: [Avalanche.org](http://Avalanche.org)
- Southcentral Montana: Gallatin National Forest Avalanche Center
- Northwest Montana: Flathead Avalanche Center
- Southwest Montana: Missoula National Forest Avalanche Center

Montana Fish, Wildlife & Parks provides funding for all three avalanche centers in Montana through Recreational Trails Program (RTP) funding. This can include supporting innovative approaches like the free community avalanche awareness and safety classes in Cooke City, Montana:

## Did You Know

By: MJ

We have had a year of destruction combined with anger and hatred running rampant in America. Let's us not forget the pandemic where people have been programed by leaders to fear others around them. Humans need people to interact with, isolation is not part of a human's wheelhouse. Individuals make up societies' and without them there is no support, honor, commitment, growth... Societies collapse without people working together, however when working together they thrive.

Throughout the summer it seemed that defacing America, via killing/beatings anyone that was in the way, burning private property, thieving, disregard for law and order was the way to be an American. Why did W.D.C leaders not stop this brutality and destruction yet they were johnny on the spot when it come to breaking into the capitol? Killings, looting, destruction of property is all wrong and should never go unpunished. Past history has taught us that this type of action solves no problems, is a dead-end street and ends up in some kind of conflict. Question: In your eyes what would a 'world conflict' look like? Would America remain a country of freedom & be governed by the people?

**Question:** Did you know; that on the evening of November 7, 1973 the U.S. Capitol was warned that there was a bomb in the building and it would be going off. IT did go off at 11:00±p.m. on the second floor. The bomb shattered glass, chandeliers, brick, plaster... It supposedly cost \$1 million± worth of damages. The "Armed Resistance Unit" took the credit for the bombing. Susan Lisa Rosenberg, an American activist, writer, cancer research scientist was the person charged with a role in the bombing. Ms. Rosenberg was a member of the "Weather Underground" organization that was most famous American radical group committed to political violence in the late 1960s and early 1970s. Ms. Rosenberg served 16 years of her 58-year sentence. President Clinton pardoned her. The way the

media portrayed the latest break-in it sounded like that was the only time the White House had been attack. We forget so easily, however this is a reminder that history does repeat itself.

It appears that the only real important issues in the last couple months were the Capital break-in and Pandemic. Would these events have provided a curtain for newly elected Biden and his staff to work behind without public interference?

Should President Nixon have built a 12± wall, with a razor wire topping around the White House in 1973 when Susan Rosenberg left a bomb behind?

**NOTE:** This past year has proven and taught us, that isolation and separation divide people.
