ICYMI: Mexican Cartel-linked meth trafficker sentenced to 10 years in Billings

With the situation at the southern border continuing to deteriorate and leadership from the Biden administration nowhere in sight (Vice President Kamala Harris laughed when asked if she was planning to visit the border), Montana Attorney General Austin Knudsen is continuing to call on the federal government to secure the border.

He issued the following statement:

"The Biden Border Crisis is out of control. The apparent federal strategy of flinging the door open to illegal immigration and then pushing the problem onto states is completely unacceptable. If the Biden administration doesn't start enforcing the laws and securing our border, it will only make the meth problem in Montana worse."

Earlier this month, Attorney General Knudsen joined a lawsuit against the Biden administration over its dangerous immigration policy that halts nearly all deportations for 100 days, even for those charged with or convicted of crimes. Arizona and Montana also filed a motion for preliminary injunction asking the court to stop the Department of Homeland Security from implementing those policies.

A meth trafficker with links to Mexican Cartels was sentenced for his role in a drug ring that distributed pounds of meth around eastern Montana. More information from the District of Montana U.S. Attorney's Office follows.

California supplier for Montana methamphetamine ring sentenced to prison

A California man convicted in a methamphetamine distribution ring that supplied pounds of the drug to the Sidney area was sentenced today to 121 months in prison and five years of supervised release, Acting U.S. Attorney Leif Johnson said.

Marc Buetow, 53, of San Diego, California, pleaded guilty on Oct. 22, 2020 to possession with intent to distribute meth.

U.S. District Judge Susan P. Watters presided. Buetow was detained.

In court documents filed in the case, the government alleged that Buetow reportedly had a drug connection to the Mexican Cartel, would receive meth from his connection and supply individuals in California and Montana. Buetow was involved in supplying multiple pounds of meth to the Sidney area and eastern Montana from October 2015 through at least November 2017. Buetow became a significant source of meth for a Sidney distributor, who received 10 pounds in 2016 and another two to three pounds in 2017. Ten pounds of meth is the equivalent of 36,240 doses. In exchange for the meth, the Sidney distributor sent money to Buetow and eventually deposited money into accounts Buetow had at

banks in Sidney and in North Dakota. Buetow received approximately \$52,000 from these transactions.

Assistant U.S. Attorneys Zeno Baucus and Bryan Dake prosecuted the case, which was investigated by the FBI.

This case is part of Project Safe Neighborhoods, a U.S. Department of Justice initiative to reduce violent crime. Through PSN, federal, tribal, state and local law enforcement partners in Montana focus on violent crime driven by methamphetamine trafficking, armed robbers, firearms offenses and violent offenders with outstanding warrants.

Fitzgerald Named NAIA All-American

The National Association of Intercollegiate Athletics (NAIA) announced the 2020-21 Women's Basketball All-America Teams on Thursday. Brynley Fitzgerald was named Third-Team All-American.

Fitzgerald, a 5-11 junior from Dillon Mont., was also named first team all-conference earlier this month. The lead the Bulldogs in scoring with 387 points (30th in the nation) averaging 16.8 points per game. She scored 37 points in a game vs. Carroll in January which was the most points scored in a single game by anyone in the conference this season. She shot 43.8 percent from the field and 37.5 percent from the 3-point range. She averaged 5.8 rebounds, 2.0 steals and 1.9 assists per game.

"Brynley was really consistent for us all year," head coach Lindsay Woolley said. "I was happy to see that she received some recognition for the hard work she put in over the summer."

Hodges Named Honorable Mention All-American

National Association of Intercollegiate Athletics (NAIA) announced the 2020-21 Men's Basketball All-America Teams on Thursday. Jalen Hodges was named All-American Honorable Mention.

"I'm so incredibly happy for Jalen to get recognized as one of the nation's best," head coach Mike Larsen said. "Jalen has made an incredible impact on our program and I am extremely excited that he chose to be a DAWG!"

Hodges, a 6-4 senior from Duluth, Ga., earned second-team all-conference honors early this month. He started 14 of 15 games this season averaging 18.1 points a game (third in the conference). He shot 54 percent from the field and scored over 20 points in a game six times. He averaged 4.8 rebounds and 1.2 assists a game. He added 11 blocks and 10 steals.

ROTARY SPEAKER

Seth Wiley, Doctor of Physical Therapy and Certified Wound Therapist at Barrett Hospital & HealthCare, will speak to Rotarians and guests at noon Wednesday, March 31, 2021. He will provide information on the wound therapy program at Barrett Hospital. Visitors are welcome.

Judiciary Meeting Mar. 16, 2021

By: MJ

Members Present: Chair Mr. Nye, Ms. O'Rourke, and Mr. Graham.

City Officials Present: Mayor Klakken, Chief of Police Mr. Guiberson

The Judiciary Committee is Word-Smithing Title 10 of the City Ordinance. Word-Smithing documents may bring clarification by making additions or deletions and are a necessity to keep moving forward with the times. **NOTE:** When word-smithing is completed the changes become laws if approved by council and public hearings are held. That is why it is so important to make those changes with information that is factual. Listening to the meetings it appears that the changes being brought to the table for discussion are not back by facts. **Questions:** Is opinions/ideology the correct information to use when making the guiding document changes that affect the entire community via laws? Generating law without factual information may be destructive in the end and only be advantageous to a select few.

Note: Ideology, is a system of ideas that aspires both to explain the world and to change it. Ideology exists to confirm a certain political viewpoint and serves the interest of certain people.

The City government operates with a shoe string budget which does not allow them the resources to hire extra help to research issues. There are public members supporting the community by donating their knowledge with suggestions helping committees.

Several areas in the document that were a point of opinionated discussion were: railroad engine running in residential areas, trailers and long-termed parked cars on the streets. The committee member representing Ward 4 brought forth both complaints. She did not provide the facts; date & time railroad engine was parked in residential area while running, how long it was parked, location or the names of people affected to help validate the complaint... **Question:** Is this type of information needed when a committee is making laws?

2nd issue was the parked trailers and parked cars not being used that are parked on the city streets. **Question:** Is it important to know how many cars and trailers there are, where they are located, expense to the city to remove them, legality of moving them, what department would be responsible for identifying & marking them,

is there a wrecker business that would or could take on the storage of vehicles impounded, would the city have to hire more help and if so, what would the cost be to the taxpayers...?

NOTE: Mayor Klakken has open dialog with the railroad administrators and as soon as he hears about a problem, he has conversations with them to resolve the problem. **NOTE:** The problem here was Ward 4 representative was aware of the problem however, Mayor Klakken was not make aware or told about the problem. After this meeting the person with complaint came to the city and spoke directly to proper officials.

Words were spoken at the committee meeting along with other meetings, hinting the city government officials, including the mayor did not care about the citizens in the community. **Question:** Where were the facts that supported this statement? There was no evidence presented however the opinion and ideology flag was flying high. You want to trash talk someone, then give the reasons.

NOTE: The government is set up to allow everyone to have a say and participate in their community affairs. There are channels and a code of behavior to follow. The council members know how the procedure works. Let us remember to go through the proper channels and respect everyone. When representing people via working on any committee we must leave our personal feelings home and not bring them to meeting. If you have a problem with another party on committee then speak up and discuss it openly. Lets' work through the proper channels and respect everyone involved. If you feel there is wrong doing there are procedures to follow.

DMS News for March 29 - April 2, 2021.

The lunch menu for the week is as follows: Monday we will enjoy beefy noodles served with a biscuit. Tuesday, Hot turkey will be served with mashed potatoes and gravy. Wednesday there will only be a grab and go breakfast served as we release at noon on Wednesday and will be out for spring break Thursday, Friday, and Monday. School will resume Tuesday, April 5th.

We have results from our St. Patrick's Day spirit week. We had a jar of candy near the office all week. Many students participated by guessing how many candies were in the candy jar. Out of over 200 guesses, 3 students guessed exactly. With a guess of 300 were: Bridger Clements, Cole Ciocarlan, and Winona Wagoner. Great job guys. Students also competed all week for best leprechaun trap, by building during home room. The judges had such a difficult decision, they asked for three winners. Mrs. Waldorf's class won the best functioning leprechaun trap. Each student in her class built part of the trap which they then put together Rube Goldberg style. Mrs. Miller's class won most impressive attention to detail...their trap, propped up by books, was disguised as a leprechaun hat. The leprechaun was seen following a trail of gold. And Mr. Williams' class won best overall leprechaun trap. Their trap was by far the largest, having the gym to build in. Great job, students for participating in the St. Patrick's Day adventure. A big thank you to DMS student council for sponsoring this fun spirit week.

Congratulations to Paxton Puyear for winning this semester's bolf competition. Bolf is a combination of basketball and golf, and each year, Mr. Williams has the 6th graders compete. Mr. Williams is also allowing last semesters 6th graders a try. Stay tuned for results as Paxton battles last semester's winner.

Last Friday was the end of the third semester. Report cards will go home with students this Wednesday.
