Frederick T. "Butch" Girard

Frederick T. "Butch" Girard of Dewey, MT went to his art studio in heaven Sunday, March 21, 2021 as a result of a heart attack.

He was born November 17, 1954 at St. James Hospital in Butte to Frederick L. "Butch" Girard and Martha A. May.

Butch was raised in Dillon, MT and was quite an athlete for the Dillon Beavers, holding school and state records for a time in shot put. He was also an outstanding football player receiving a unanimous coaches choice for the 1973 East West Shrine game both on offense and defense. He received a scholarship to Montana Tech to play football but suffered a knee injury while being scouted by his beloved Green Bay Packers.

So, in 1974 it was off to the Army where he served in Germany in the 708th Maintenance Battalion working on American tanks. He received several commendations for outstanding performance. He learned how to parachute while there and had a love for sky diving much to his Mother's horror.

Upon completion of his military service he worked in Afton, Iowa in his family's excavating business. It was in Iowa where he reconnected with his musical talent and toured the Midwest as a lead guitar player with a band named 2nd Time Around. Butch was very proud that he was able to support his family doing something that he dearly loved. He played with several other bands, the last being the Rejects with good friend, Justin Stanchfield.

Butch always felt very fortunate to have moved back to Montana in the early 90's. He worked as a mechanic for several businesses. Butch then found the profession he loved and dedicated himself to the most - law enforcement. He began his new career as a Detention Officer at Beaverhead County which lead to becoming a Deputy Sheriff, a Dillon City Police Officer, and retiring as the head Detention Officer in 2014.

Butch was an amazing artist; he enjoyed airbrushing, painting, carving and was proud of creating the logo used by the Jack Pine Savages Snowmobile Club.

Butch was often described as a gentle giant and was known for treating everyone equally. He loved nature of any kind, especially bald eagles.

Butch loved telling stories and if you didn't get it the first time you didn't worry because after a couple of beers you would hear it again.

Butch is survived by the love of his life, Sandy; his "Dad"

WINDY

The wind in Dillon Sunday night was 71 mph at the airport. It blew metal on a vehicle on the west side of town. There were power outages, phone lines down, broken branches and many things laying in the streets. Monday morning the wind caused several highway accidents between Dillon and Butte on Interstate 15. The conditions were windy, icy with ground blizzards and no visibility.

Declared Moose War

Bryce Angell

I gazed in plumb amazement! Talk about the dangest luck.

Some stupid clunk had rubbed some dirt 'long side my Chevy truck.
He'd roughed up all the paint and tried to wipe the windows clean.

I hoped he chewed tobacco, gulped a chew, and turned to green.
I moseyed back inside and asked the wife to take a look.

While I'm thinking paint replacement with a flattened pocketbook.
With my wife at side, we made a beeline for the carport door.

I gave the door a swing and dang near fell flat on the floor.
A moose's hairy butt was staring inches from my face.

I backed away and slammed the door and gave the old gal space.

Some say a moose is ugly but up close to their rear end, gives
new meaning to "Butt Ugly." Caused me trauma that won't mend.

Soon, I recognized old Molly, a familiar moose out here.

She was licking on the salt my truck had gathered up this year.
I yelled out from the window but that didn't do the trick.

She weren't about to leave. She'd found a giant-sized salt lick.
I must admit old Molly Moose was stubborn to the core.

So, I kept my wits about me and declared a "Cow Moose War."
I envisioned moose hamburgers and steaks two inches thick.

But old Molly was so skinny. Bet her meat had forty tick.
My wife was yelling at the moose, then Molly looked her way.

I leaped out through the window, to the truck, backed it away.
The look that Molly shot me is still messing with my head.

'Cuz if looks could kill, I'd surely be the colder side of dead.
The declared war ain't over, but is Molly keeping track? She's the
price to pay when living where wild game's right at your back.

STEP UP AND TAKE RESPONSIBILITY

Dog waste and dogs off-leash in busy parks and trails are among the most common complaints of citizens who use Dillon's trails, parks, and playgrounds. Pet waste can spread disease. Off-leash dogs can scare citizens, impede bike travel, or disrupt others' use of parks. Pet owners need to step up and take responsibility for their pets, keep their pets safe, keep parks clean, and respect other users.

WEEKLY LEGISLATIVE UPDATE *By Rep Tom Welch* MARCH 28, 2021

This past week, the House passed House Bill 2, which is the State's main budget Bill. It will now go to the Senate for further consideration. As it stands, it is one of the most responsible State budgets that we have seen in recent years and comes in well below the threshold that many have set for a conservative budget. This budget adequately funds State government yet gives Governor Gianforte the tools that he needs to continue finding efficiencies in State government.

This coming week, we expect to review and vote on House Bill 632 which contains the latest round of COVID relief funds. This Bill, which we refer to as 'the Beast' outlines the manner in which Montana's latest round of COVID relief funds totaling approximately \$3 billion are to be spent. While I believe it may well have been fiscally irresponsible for Congress to take out more debt nationally to fund this, if Montana does not accept our portion, it will just go to another State. These are one-time funds and thus their use is best for one-time only expenditures and not on-going programs or projects. I am committed, along with many others, to using these funds for critical State wide infrastructure such as water, sewage and broadband.

As of this past Friday, we had completed 60 of our authorized 90 working Legislative days. All Committees are working feverously to get thru the many introduced Bills remaining to be heard and acted upon. The two Committees on which I sit, Taxation and Human Services, have had full agendas in recent days. Many Committee meetings are lasting well into the evening in order to complete their work. In addition, daily Floor sessions are often lasting longer as more complex and, in some cases, more continuous Bills are now being debated and acted upon.

Last week, I noted that Governor Gianforte would be signing two of my Bills which he did this past Friday with me watching. Additionally, three other Bills I sponsored and which have recently passed the Legislature, HB 37 Requirements for Medically Needy Medicaid, HB 139 Board of Funeral Service Funding, and HB 566 Clarifying the Existing Guarantor Exoneration Law will arrive on the Governor's desk for his signature in the coming days. Another of my Bills, HB 235 Revise Renewable Energy Laws should pass

3rd reading in the Senate Monday of this week, while HB 170 the Hydrogen Bill is expected to be reported out of the Senate Energy and Technology Committee this week with an amendment added and lastly one Bill, HB 235 Create Nutrition Incentive Program for SNAP Participants has been tabled and is likely dead for this Session. Bottomline is that 7 of my 8 Bills introduced this Session have either been signed into Montana Law or are still alive in the process. Springdale Bridge Fishing Access Site closed due to fire

The Springdale Bridge Fishing Access Site is closed until further notice due to a wildland fire that burned at the site on Sunday.

Strong winds caused the fire to spread rapidly, but Park County firefighters responded and contained the fire. Mop-up operations continued Monday. FWP staff are working closely with staff from the Montana Department of Natural Resources and Conservation to assess the damage and investigate the cause of the fire.

The Springdale Bridge Fishing Access Site is a half mile north of Springdale, about 15 miles west of Big Timber, along the Yellowstone River.

ROAD SCHOLARS ARE NO ORDINARY TRAVELERS

At Road Scholar, we develop learning adventures for those who want a depth of perspective not found on standard travel excursions. Working with expert faculty, we create one-of-a-kind experiences.

Road Scholars are a diverse community of knowledge seekers and explorers, typically over the age of 50 from diverse cultural and professional backgrounds. They are solo travelers. They are couples—partners or friends. They are retirees and busy professionals. They are farmers and urbanites. Intellectuals and adventurers united in the belief that lifelong learning is a vital part of overall wellbeing. We believe in living life to the fullest at every age — by experiencing the world, and not just looking at it. By meeting new people, touching history where it happened and delving deep into the cultures and landscapes we explore. **JOIN US IN EXPLORING OUR OWN BACKYARD.**
