Sally Joan (Lutzow) Richardson

Sally Joan (Lutzow) Richardson died peacefully on March 26, 2021 in her home in Dillon, MT. Sally lived 83 great years and was ready to journey on.

Sally was born in Lone Pine, CA and lived most of her life in Independence, CA. She retired from the County of Inyo after many years of service. Sally graciously relocated to Montana in 2017 to live near family. Sally will be remembered as a most generous and caring mother and a friend to laugh with, confide in and complain to. Sally loved all animals, never meeting one she didn't like. She undoubtedly has been welcomed across by a herd of furry friends.

Sally is survived by her daughter Cindy (Jim) Yarbrough of Dillon, MT.

Sally was preceded in death by Baby Boy Richardson and her parents Wilbur and Beth Lutzow.

Special thanks to Sally's friends Margaret Mairs of Independence, Cathy Shinkle of Dillon and the nurses of Barrett Home Health and Hospice. These ladies helped make Sally's last years, days and hours comfortable, peaceful and full of laughter.

Sally has been cremated and her ashes will be laid to rest in Independence. In lieu of flowers, please donate to Barrett Home Health & Hospice or any animal related charity.

Editors Note: The following information from Beaverhead Ambulance Services will be a three part series Wednesday, Thursday & Friday. There will be a couple maps that are in black and white so coverage areas are hard to define. On Thursday there will be an insert also with the Medical Services by numbers.

BEAVERHEAD AMBULANCE SERVICES SPECIAL DISTRICT INFORMATION FOR VOTERS

There are many questions about the letter that was received regarding the Beaverhead Ambulance Services Special District. Not the least of which is what is this ambulance service special district thing and why did I get a letter about voting on it. The following information hopefully will answer some of those questions and clarify what is being requested by Beaverhead Emergency Medical Services for the support of the people that live within the proposed Beaverhead Ambulance Services Special District. proposed Special District is attached. Beaverhead Emergency Medical Services is asking for the support of the voters to establish the Beaverhead Ambulance Services Special District, to assist the service in its efforts to maintain adequate staffing to provide emergency medical services and transport.

Beaverhead Emergency Medical Services (BEMS) is the oldest existing, continuous operating ambulance service in the State of Montana, established in 1953. Some very forward-thinking members of the Beaverhead Foundation recognized the need for an organized emergency medical service, and established the ambulance service under the name of Dillon Ambulance. Some of the first people to go through the new emergency response training program established by the U. S. Department of Transportation came from Dillon. BEMS is also by default then the oldest all volunteer service in the State. It has never received any public funds from taxes. In its infancy the "ambulance" that was available for an emergency response was a vehicle, borrowed from the mortuary – a hearse. That has changed and over the years the service now has a fleet of three ambulances. A fourth ambulance was retained when retired as an option to use for fire contracting and as a back-up unit to be pressed into service when needed, but fully stocked. On many occasions three ambulances have been out on runs at the same time.

The service, which is a non-profit entity, has been run and operated by dedicated volunteers who recognized the vital need to continue to have available an emergency ambulance service for our community. These volunteers were willing to put in the hundreds of hours of training to obtain and maintain skills, licenses and certifications in order to provide the emergency transport services to our local community. On most occasions leaving meals, beds and jobs to provide critical aide and transport to friends, family members, neighbors, and the complete stranger passing through the area. For many years the service averaged a membership of 25 persons. But, as with many volunteer services,

the volunteer numbers would ebb and flow. While the membership numbers would fluctuate and have generally decreased, the number of ambulance runs were consistently increasing from less than a hundred responses a year, to over six hundred runs in the last two years.

BEMS provides emergency medical services for a large area of Beaverhead County. In addition, the service is regularly enlisted to transfer patients from Barrett Hospital and Healthcare to other hospitals in order to receive a specialized or higher level of care not available at our wonderful local hospital. A few years ago BEMS made a decision to pay our volunteers for responding to out-of-town transfers given the time involved. The payment for response has been expanded and all responders are now paid for response time in order to try to ensure coverage at any time, day or night.

Letter to the Editor

Wow! Can you believe that tomorrow is April 1st? Time flies! With such a trying last year it is so important that we take time to smile and laugh. Here are some April Fool's facts.

57 Million dollars was spent on a study why some buffalo don't roam but just seem to mosey around. This study took ten years. Some say the taxpayers got buffaloed.

45 million dollars was spent on an investigation and a study where Dr. Pepper received his Doctor degree. It was discovered that Dr. Pepper was and is an impostor. Many authorities said he should be put on ice.

37 million dollars was spent on a study showing people with bad breath are far superior to people with no breath. Many have criticized this study and said the entire study stinks.

47 million and fifteen cents was spent on a study that found out the majority of people who live on a dead end street are actually alive.

38 million was spent on a study. Why is it if you talk to yourself, they say funny things about you, but if you sing by yourself you are very artistic person and a happy person. Part of this study was done in a shower.

39 million was spent on a study if it rains on you parade what should you do? The main conclusion was either buy an umbrella or get out of the rain. Many of the scientists wanted to know what kind of parade they were studying.

65 million was done on the study, "if opportunity knocks what should you do?" The main conclusion was if opportunity knocks that means the door bell doesn't work.

There were many other studies but for a fee of \$ 257.00 dollars the entire list will be sent to you. Remember and don't forget. Have a fun April First.
