Randy Albrecht

July 31, 1961 to April 22, 2021

Surrounded by his loving family Randy passed away in Butte April 22 due to complications from a massive stroke.

Randy had many jobs throughout his life in Dillon. His last job being a yard man at standard lumber.

His favorite past time tho was spending it hunting and fishing with his many friends and family. His many camping trips spent with his family though we're always an adventure.

From exploring or making his new roads in the hills to catching his many fish and getting caught by our favorite game warden he enjoyed it all.

Randy survived by his loving wife Jodi of 27 years his daughter Debra and his son Matthew. He's also survived by his sister Linda Drew and his brother Dennis Albrecht and his many nephews and his great nieces and nephews.

Services will take place at Mountain View cemetery Wednesday, April 28 for immediate family only.

Happy fishing in the great beyond you'll be missed HBFU we love you!

Springdale Bridge Fishing Access Site reopened

Hazard trees removed following March wildfire

Fisheries staff with Montana Fish, Wildlife & Parks have reopened the Springdale Bridge Fishing Access Site.

The site, just north of Springdale along the Yellowstone River, had been closed since March 28 when a wildland fire damaged many trees there, creating unsafe conditions for visitors. A logging crew removed the unstable trees, which have been placed in a slash pile at the site. FWP staff plan to burn the slash pile at the end of 2022.

FWP staff made efforts to retain as much wildlife habitat at the site as possible, while accounting for visitor safety. Visitors are asked to stay clear of the slash pile and avoid walking in the burned area, due to stump holes. For public safety, no firewood cutting or scavenging from the slash pile is permitted.

Fire is a natural process that can eliminate fuel build-up and promote healthy regeneration over time.

I Hate Willows

Bryce Angell

I grabbed my irrigation boots and set out for the creek.
But I couldn't find the water 'cuz the willows were too thick.
I'd never seen so many shrubs with bark so green and slick.
Enough for a million naughty boys to cut their whipping stick.
At first, I thought of burning but I'd burn the forest down.
They'd throw me in the slammer. Call me "Willow Pyro Clown."
I set my mind to thinking. It's a dangerous thing to do.
My wife said, "Call the county agent. He will see it through."
I have to give her credit. She has witnessed all my schemes.
'Cuz half the time my good intentions come from boyish dreams.
I phoned the county agent. Didn't hear a word he said.
My brain contrived a fool proof plan, just stuck there in my head.
Our Massey 1190 was my workhorse master plan.
I'd pull the clumps of willows. Didn't need no middleman.
So, I rummaged through the tool shed, found a cable long enough.
Then looped it 'round the willows. Thought, "This job won't be that tough."
I chained the cable to the tractor. Now it's do or die.
Then, hopped up on my Massey, promptly shifted into high.
It only took a second till I reached the cable end. When my thick head snapped to forward, but my neck froze to a bend.
I wondered could this be another one of my mistakes.
'Cuz my Massey tractor slammed to stop. I hadn't hit the brakes.
So my good wife asked, "You've stopped and left your foolproof plan alone? I sighed then said, "Please get the county agent on the phone."
Well, my neck brace fits me nicely, just a bit of minor pain. But my eyes are seeing double. Must have jarred my nimble brain.

Lady Beavers Softball

(Friday) the Lady Beavers travelled to Frenchtown and played 2 games in the annual Frenchtown tournament. In the first game of the sunny but windy day they defeated Hellgate's junior varsity squad 18-6, and in the 2nd game of the day they took down Browning 16-13. Please see the recap for both games below:

Lady Beavers Grab Lead In Third Inning To Defeat Hellgate JV

The Lady Beavers got things moving in the first inning. They showed their patience at the plate drawing several walks leading to 5 earned runs. The game was tied at five with Lady Beavers batting in the top of the third when Kellsey Allhands was hit by a pitch, bringing in a run. The Lady Beavers put up seven more runs in the fourth inning. The offensive onslaught came from doubles by Makiya Dubois Guildy Browning and Lexi Johnston.

DuBois got the start for Lady Beavers. The righthander went four innings, allowing six runs on six hits and striking out four. Lady Beavers tallied seven hits. Christina Hernandez and Johnston each collected two hits to lead the Beavs. Four RBI Day For Emily Brevig Brings Victory For Lady Beavers Over Browning

Emily Brevig wasted no opportunities at the plate on Friday, driving in four on two hits to lead the Lady Beavers past the Browning Indians 16-13 on Friday. Brevig drove in 2 runs on a home run in the first, 1 run on a double in the second, and one more with a sacrifice fly in the fifth.

Bats blistered as the Lady Beavers collected seven hits and Browning tallied nine in the high-scoring game.

Browning took an early lead in the first inning, scoring four runs. But, the Lady Beavers took the lead for good with seven runs in the second inning. In the second Lexi Johnston drew a walk, scoring one run, Abby Johnston drew a walk, scoring one, Brevig doubled on the first pitch of her 2nd at bat, scoring one, and Tori Anderson drew a walk, scoring one run. Browning scored six runs in the fifth inning to close the gap, but the Beavs held on for the win.

Abby Johnston was in the pitcher's circle, throwing to her twin sister Lexi behind the plate. The righthander lasted four and a third innings, allowing five hits and 11 runs while striking out six.

The Lady Beavers launched two home runs on the day. Brevig went for the long ball in the first inning. Makiya DuBois went deep over left in the fourth inning.

IN RESPONSE TO THE QUESTIONS NEVER ASKED

Letter to the Editor

Mr. Brandon Olivier:

The Beaverhead EMS Facts which you have presented, are not in actuality - facts. They are derived from the 501(c)(3) information available on the IRS website. The reports filed puts general information into categories, in a snapshot, but do not show the facts of the day-to-day operations. Let's go through the Facts, as you have presented them.

At no time has BEMS had 20 or 36 employees. In 2019 BEMS had 1 actual employee, who would come from Belgrade and work shifts for the service. He was not a member of BEMS. Therefore, we had 35 volunteer members of this community that responded on runs, including non-EMT drivers, as allowed by Montana statute. It would not matter if they were paid $20 or $2500, they were identified as employees on the report.

As you can see, between 2017 and 2019, our revenues from services (billing for ambulance runs) increased. Salaries went up from $112,866 to $182,739. Everything else on the Primary Expense list, except cash, clearly increased. That increase can be attributable to the increase in the number of ambulance responses between 2017 and 2019. Following the same pattern, in 2020 the salaries increased to over $200,000, as did all other expenses. Our liability insurance just increased $6,000, supplies continue to go up in price, everything costs more each year.

While most services, but not all, are billed, you appear to believe that all patients that we transport are covered by Medicare, Medicaid and private insurance providers and we receive 100% payment. Certainly not the case; the service does not collect on all ambulance responses billed, nor are we always paid, even if the patient is covered. We use Pintler Billing out of Eureka Montana as our billing provider to comply with the cumbersome requirements of insurance billing.

With regard to the Savings & Investment, the numbers do not reflect restricted and earmarked funds. BEMS replaces an ambulance every 5 years. Each ambulance replaced will be 15 years old. In 2019 BEMS replaced the oldest of its ambulances. The initial base price, for a truck and a box, was $180,000. Not a single piece of equipment, a bandaid or anything else in it, not even an emblem on the side. By the time the ambulance was finished and received, with the modules, outlets, and built-in features needed to install the other necessary equipment, the price was $251,000. Then we had to install a $40,000 cot system, a $38,000 AED, and stock it. The final dollar figure, well over $300,000. We just got a base price quote on another ambulance (truck and box). The base

price - - $225,000, a significant increase now, but by the time it would be available in 2022, even more. We have an ambulance replacement account and budget money into the account every year. The funds in that account are restricted for the purpose intended.

There is an appreciation fund which we started putting money into in 2001. Because of the long-term volunteer membership we have, in 2000 we felt it would be nice to thank a retiring member, or a long-term member, in appreciation. We built the fund over several years, and began actually paying in 2015. The requirements, a volunteer has to have actively served 10 years or more. Depending on the years of service they can receive appreciations payments. It is a self-limiting declining fund, but it is in an investment account showing in the total in your 'facts', restricted for the purpose intended. We have two inheritances we received, which are restricted for use. One is for training and was received over 20 years ago. We use that fund to replace training equipment and supplies. And, when we receive donations from any source, those moneys are put into a separate account and not run through our operating budget. The money is available for things we may need outside of normal operations, such as building and equipment. If it is not needed it remains available. But inheritances, donations, and even grants, are the types of income that can not be counted on to be received annually. Assets are obviously the building and four ambulances.

We operate strictly off our revenue from services. The income and expenses have been carefully budgeted. It is a viable business, carried on by a few committed volunteers, and the DEMAND is growing. We are well aware that as a volunteer service this service will not survive. We are also aware that hiring employees will have additional expenses not currently incurred. Whether the services are billed does not guarantee the demand can be met without people to respond.

As always, Mr. Olivier, we invite anyone interested in providing volunteer service to this community to take an EMT class and join us. It is frequently heartbreaking, stressful, but incredibly rewarding when we can help those in crisis. I am confused how an ambulance service responding to over 600 runs annually is an 'unnecessary bureaucratic position'.

Beaverhead Search & Rescue News

Submitted by Mel Rice – Public Relations

Sunday Morning at 12:15 a.m., the Beaverhead Search and Rescue was paged out to look for a lost party in the Crystal Park area. A 53 year old gentleman and his 16 year old son had been reported missing from a day trip to Crystal Park. The lost party is from Anaconda. The incident actually started the day before. The reporting party called the Sheriff's office at 7:52 p.m. Saturday evening and reported the two individuals had not returned home. A Sheriff's deputy was dispatched to the Scenic By-Way from the Grasshopper end of the highway. A Highway Patrol Trooper was also dispatched from the Wise River end. Searches at either end of the byway did not produce the lost individuals or their vehicle.

The Dillon deputy found car tracks going around the road closure barrier just below Elkhorn Hot Springs. Upon further investigation the deputy, while following the tracks, became stuck in a snow bank. After digging for two hours and finally getting some help from one of the Grasshopper Volunteer Firemen, he got out and returned to Dillon. At that time the Beaverhead Search and Rescue was called out to aid in the search. Tara Remely, Alex Dunn, Lawrence Morrisroe, and Mel Rice responded to the call out. Rice acted as the IC while Dunn, Remely, and Morrisroe were deployed to the Scenic By-Way with a side by side and snowmobile.

The side by side and sled ventured up the By-Way behind the closure gate. The side x side had been stuck twice and was about 300 yards short of the Price Creek Campground. They had found nothing. At that point the sled went on into Crystal Park and over to Moose Park. Nothing was located and it was determined the Nisson car the party was driving would not have been able to make it that far. There were no tracks from a car in the area. It was also determined a car of that nature would not have been able to advance beyond the road closure barrier on the Wise River end of the By-Way… Therefore, the S&R members terminated the search in the area and returned to Dillon, arriving back in town at 6:10 a.m. At this point the Sheriff's office called individuals in Anaconda and was informed the individuals were home. Approximately 36 man hours were spent during the search.

"Your Beaverhead Search and Rescue would like to remind the public that the Scenic By-Way is closed to car and truck traffic until such time as the road barricades are opened. Please honor the closure until such time as it is formally opened. There is still quite abit of snow up on top".

Flags for the S.W. Montana Veterans Memorial

The S.W Montana Veterans Memorial will be replacing all the flags at the Memorial for Memorial Day. Anyone wishing to donate a 3x5 flag in honor of their favorite veteran, their branch of service, a loved one or all of those who served can do so by purchasing a military flag at the 3-D store. We will pick them up. It will be flown in their honor.

Your help would be greatly appreciated!

Please call Harvey Lake Sr if you have any questions at 683-4514 or call Joan at The 3D Store to place your order, 683-4261.
