ACCESS
HOSPITAL 2021**

Overall Winner

Barrett Hospital & HealthCare's CEO Ken Westman received notification that Barrett Hospital & HealthCare has earned a spot again for being an overall Top 20 Critical Access Hospital and for being the only critical access hospital from Montana recognized. The Top 20 Critical Access Hospital news was announced by Donna Douglas, spokesperson for the National Rural Health Association (NRHA), which is headquartered in Washington, D.C.

"We are proud of the efforts and dedication from our providers, staff, volunteers and board," said Barrett's Chief Executive Officer Ken Westman in response to the good news. "This designation is both a testament to the high-quality, patient-centered care available at our hospital and to the skill and dedication of our team. We are honored to serve the community and embrace the trust our patients have in us." The data analysis used to determine the National Rural Health Association's (NRHA) Top 20 CAH winners is specifically developed to assess healthcare delivery in vulnerable populations, particularly those in rural communities. Top 20 Critical Access Hospital recipients are those who have achieved success in overall performance that is based on a rating from eight indicators of strength: inpatient market

share, outpatient market share, quality, outcomes, patient perspectives, cost, charge and financial efficiency. Being a NRHA Top 20 Critical Access Hospital means Barrett Hospital & HealthCare overall out-performs 99% of the 1,300 critical access hospitals in the nation. In addition, Barrett's charges are extremely competitive. The Hospital is proud of the fact that it is in the top 3% of rural hospitals in the nation for the lowest charges.

Dillon BLM to analyze Medicine Lodge and Grasshopper watersheds
 The Bureau of Land Management's Dillon Field Office will spend part of this summer examining the current resource conditions on BLM-administered public lands within the Medicine Lodge and Grasshopper watersheds.
 The Medicine Lodge Watershed includes 18 grazing allotments and about 40,500 acres of BLM-administered public land. The Grasshopper watershed has 36 grazing allotments and around 119,650 acres of BLM-administered public land.
 Field office staff will review the five standards for rangeland health on an allotment-by-allotment basis to see if the standards are being met.
 Staff will look at maintaining a properly functioning ecosystem in upland and wetland areas adjacent to rivers and streams, assuring that water quality and air quality in those areas meet Montana's standards, and providing for biodiversity. The overall health of the forest, the condition of fuels, the presence of invasive species, and the encroachment of conifers are also included in those rangeland health standards. Where the standards are not being met, the team will identify contributing factors and recommend corrective action.
 The assessments, determinations, and any necessary National Environment Policy Act documents will be completed by resource specialists from the Dillon Field Office in coordination with permittees/lessees, other agencies and the interested public.
 NEPA documents will be initiated next year to analyze alternatives for revised management where resource concerns are found within the watersheds.
 To learn more about this process or to contribute information that may be helpful to BLM, call (406) 683-8000 or email MT_Dillon_FO@blm.gov.

15TH WEEKLY LEGISLATIVE UPDATE

BY REP TOM WELCH

On Thursday, April 29th, the 67th Montana Legislature officially concluded its' business on day 80 of a scheduled 90-day work session. Although much was accomplished, it is possible that a Special Legislative session may be needed later this year to deal with the still emerging guidelines surrounding the Federal American Rescue Plan Act (ARPA) and the related funding that the State is receiving.

Some random thoughts and information:

--As I have discussed in previous Reports, the Legislature's primary constitutional duty is to pass a balanced State budget. We created a conservative budget by keeping state spending below inflation and population growth. We reduced vacant government positions by 4%. In addition, we positioned our economy to come back stronger by reducing taxes and regulations. We bolstered reserves where needed and left the State in very good financial condition. Our finalized budget came in \$163 million below the proposed Executive Budget while still funding essential government functions as we continue the search for more efficiencies.

--This recent Legislative session, my third plus a special session, was certainly unlike any of the previous ones. Noteworthy were that in addition to finishing with 10 days left, we dealt with COVID issues at every turn, had approximately 40 first term Legislators, and had a Republican Governor for the first time in 16 years. All of these provided opportunities as well as frustrations at times.

--Over 1300 Bills and Resolutions were introduced in the 2021 Montana Legislative session with 771 of these starting in the House and 542 in the Senate. I took over 2000 individual floor votes in the House during the Session itself plus over 100 in my Committees. I was excused due to conflicts from just 7 votes.

--All Legislators, including myself, will be notified in the coming days of our Interim Committee assignments, if any. These committees will meet several times either in person or via Zoom over the next 16-18 months. Committee responsibilities include working with staff and the public to identify and study issues in more depth and make proposals regarding Bills needed in the 2023 Legislative session. Last Interim, I served on the Children, Families, Health and Human Services Interim Committee. This interim, I expect to be named to the Revenue Interim Committee.

THANK YOU for the opportunity to serve you and for your continued support Rep Tom Welch/ Montana House District 72
