Monday Last Day to Order Fresh Lobster

Monday, May 10, is the last day to place your order with the Dillon Lions Club for fresh Atlantic lobster. Order forms are available at Precision Eye Care and Optical on the north side of Safeway. Order forms can be filled out and turned in at that location as well.

You can pick up your live lobsters Saturday, May 15, between 1:00 and 3:30 p.m. at the Vigilante Electric Cooperative parking lot across from the courthouse main entrance. And if you'd like, Lions Club members will be glad to cook them for you right there on the spot for no additional charge. Please remember to bring a container to take your lobster(s) home in. Also, please wear your Covid mask while at the lobster pick-up site.

Brynley Fitzgerald selected top student-athletes

The 2020-21 Academic All-District® Men's and Women's Basketball Teams, selected by College Sports Information Directors of America (CoSIDA), recognizes the nation's top student-athletes for their combined performances on the court and in the classroom. The CoSIDA Academic All-America® program separately recognizes basketball honorees in four divisions — NCAA Division I, NCAA Division II, NCAA Division III and the NAIA.

Brynley Fitzgerald was selected to the CoSIDA College Division Academic All-District Team, district four for the 2020-21 season. She is the only member of the team selected from the Frontier Conference. District four is made up of schools from Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, New Mexico, Nevada, Oklahoma, Oregon, Texas, Utah, Washington, Wyoming, and Canada. Players are selected for both their athletic and academic prowess.

Fitzgerald, a 5-11 junior from Dillon Mont., earned NAIA Third-Team All-American and first-team all-conference honors this season. She led the Bulldogs in scoring with 387 points (30th in the nation) averaging 16.8 points per game. She scored a career-high 37 points in a game vs. Carroll in January which was the most points scored in a single game by anyone in the conference this season. She shot 43.8 percent from the field and 37.5 percent from the 3-point range. She averaged 5.8 rebounds, 2.0 steals and 1.9 assists per game. She is now eligible for the prestigious CoSIDA Academic All-America Team, which will be announced May 25th.

Fitzgerald is the first woman's basketball player selected from Montana Western since Britt Cooper was selected in back-to-back seasons in 2017-18 and 18-19.

Highest-grade point averages of the graduating class

Two University of Montana Western student-athletes were recognized for achieving the highest-grade point averages of the 2021 graduating class at the 124th annual commencement ceremonies.

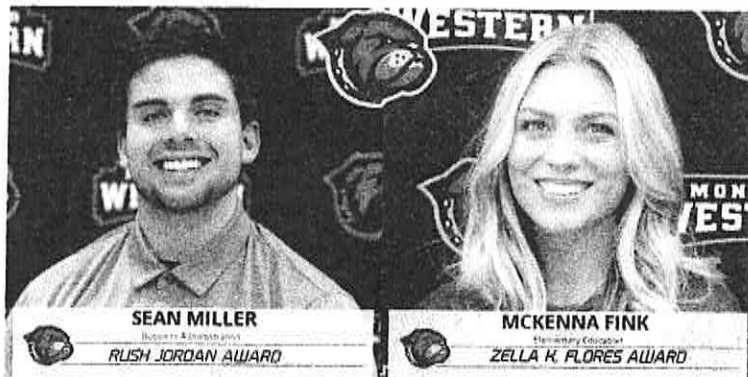

Sean Miller received the Rush Jordan Award and McKenna Fink received the Zella K. Flores Award.

First awarded in 1958, these awards are presented each spring to a man and woman having the highest academic standing. Rush Jordan was Montana Western's president from 1946-56. Zella K. Flores was an Associate Professor of Education at UMW from 1949-58. She was one of the founders and a past president of the Montana chapter of Delta Kappa Gamma, a national educational society for women.

Miller, a quarterback from Blackfoot, Idaho was recently selected to the National Football Foundation's Hampshire Honor Society. Miller completed his degree in business administration.

Fink, a setter from Highland, Calif. ranks third all-time in career assists for the Bulldog volleyball program. Daktronics Scholar Athlete who earned a degree in elementary education.

The recognition continues a streak of outstanding achievement by Montana Western student-athletes. In 2020, rodeo athlete Jacob Malek received the Rush Jordan award. Two-time All-American Cross Country athlete Mindy Kaufman received the 2019 Zella K. Flores Memorial award.

Letter to the Editor

Mrs. Jean Bergeson,

As I write this, I would guess that the ballots and being counted and time will only tell who should prevail. I wish there had been more open discussion of this issue and the community had more lead time to learn, ask questions and make thoughtful informed decisions about the question at hand!

I do have to ask though, did you intentionally open your defense by boldly admitting that the Form 990 Beaverhead EMS submits to the IRS was not factual? I should hope you merely tripped on your own anger as you tried to defend an organization you obviously care a great deal about.

From my reading the IRS Form 990 is a tax return for a Non-Profit Organization. I looked at the same 990s that Brandon shared and his assessment was verbatim from the documents, and as he indicated it seems to leave some unanswered questions. I would like to ask the following:

1. Who certified your 990? That individual should be held accountable for allowing the following egregious errors to go forth:

a. The number of employees. According to you there have never 20-36 employees – who are these mythical recipients of more than \$500,000 in salaries over the past four 990 cycles. Mistakes happen, counts can frequently wander a little, but I cannot see missing 36 W-2s?

b. It seems logical that your revenue stream is growing as your activity of volume is growing. Is the same individual who counts your employees responsible for calculating your cost of goods sold? If so, I believe we are well on our way to identifying the problem.

c. I would certainly like to know more about your retirement and replacement system. I did a quick google search and found that one ambulance dealer offered a 2021 model for \$89,000 to start and others priced at \$127,000. That same dealer had some used units with well under 100K on the odometer for less than \$50K. I am a lover of vehicles but I don't need a garage full of Cadillacs! Maybe look toward buying a unit used only for transfers.

d. How is it that outfitting the new unit with an AED and tools is so expensive. Why can't those devices be moved over from one to the next? What is the value of the used equipment as a trade in? Are you gifting that unit to other services in the area?

e. A deeper look at your 990 does reflect restricted and unrestricted funds. It does not reflect internal decisions to restrict those funds.

2. What happens with your equipment as it is retired? Do you auction it, do you trade it in, do you send it to other services with no compensation?

3. We can all understand that your revenue stream is subject to fluctuation, but from your comments lately it seems like a considerable portion of your workload is related to transfers from local medical facilities to other providers in the region. Certainly, there must be other ways to staff those transfers – can hospital staff take some of that burden? I am certain that there must be a way to accommodate that work load without the EMS having to tax a specific group of property owners. I looked up what medicare pays for an ambulance transfer and what a lot of ambulance transfers cost. According to your own comments – for 2019 you charged an average of \$670/run assuming 600 runs. That seems very low, extremely low even.

4. How is it that an ambulance service within fat-guy running distance of critical access hospital only receives \$12,000 in grant funds each year? Certainly, there is more grant money out there that could be taken advantage of to help underwrite the operations of Beaverhead EMS.

I would look forward to hearing more from you, regardless of which side of the line this ballot issue lands on.

Yours,
Ty Jacobsen

Southwest Montana Veteran's Home Update #102

By Mike Lawson

Greetings once again to you the Veterans/Counties/Communities of SW MT, who are the chief organizers and supporters of the SW MT Veteran's Home.

Excitement is rippling through the veteran ranks of Southwest Montana, who have supported and fought for so long, to make our Veteran's home to become a reality. The excitement for us is seeing that the Montana Legislature wrapped up their 2021 Regular Session on Friday and once more our Legislators came through for the Southwest Montana Veterans Home. On the very first page of the HB14 is the approved line item for the "SWMVH Enclosed Walkways" project. This is the greatest of news for those of us that have fought to make this home a reality. One of the original designs had connected cottages with central kitchens and common spaces but that was changed to our current model. The Cottages are beautiful but not practical for our long winters. This is why we fought for HB14 to update the design with enclosed walkways that will now connect the cottages to each other. Our Veteran Residents will now be able to easily travel between Cottages without exposure to the sometimes brutal Montana weather by walking through covered enclosed walkways, built to the same standards as the cottages. Because they are connected to the Cottages they will be heated and include fire sprinkler systems. This is another plus for our residents veterans, in that it'll make the SWMVH neighborhood a bit more neighborly, by allowing them to safely travel over to the next cottage and visit their Veteran resident friends. This also makes it less costly to operate the home by sharing staff, such as those making all the delicious food. The State had a hard time getting an operations contractor because of the current design. They had two failed requests for proposals processes and the potential bidder feedback was that it was too hard to staff each individual cottage. By connecting the cottages, the operator will be legally and practically able to share some of their staff. It will be challenging to build these walkways but the State has already begun the design process. I'll keep you up to date of the progress by them and how they plan to build them. Exciting stuff!! I received good feedback from my three go-to guys, Mark Gollinger/Mike Ascherman /John Kota and the end of the tunnel of completing this vet home construction is fast approaching.

Construction Updates:

Community Center: Change Order for covering on interior columns is completed. Looks very good.

Cottage #1: RK Concrete replaced defective sections of sidewalk in front of this cottage.

Cottage #2: Under the operating contractor Eduro's control and waiting for Resident Veterans to be admitted.

Cottage #3: Just a few minor things that were finished up. A bit on the painter final punch-list. John Kotka filled/turned-on the Spa Tub with everything working well. The door lock cores will be changed from the contractors to the States lock cores, as this cottage is scheduled to be turned over to the State this week. The fence between the unfinished cottages and the finished ones will be moved to be between Cottage #3 & #4.

Cottage #4: The Tile layers have their detra base material laid on the resident room bathroom floors in the east-wing and spa. They are now laying tile in these areas. The Carpenters are finishing the door hanging. Doors and windows are all trimmed and cased out. They have started out the FF&E package installation (grab bars, fold down grab bars, curtain rods, soap dispensers curtain/shower rods, etc.). Cabinet Masters, out of Great Falls, set cabinets/tops throughout the building except for the east wing. The ovens and cook-tops in the kitchen are installed. Plumber was working in the mechanical room on domestic water.

Cottage #5: Most of sheet-rocking is completed with the mud and taping continuing. The Sheetmetal guys from Tri-County Construction continue installing the HVAC Equipment. Plumbers are working on the gas and heat lines on the corridor Heat Exchangers. The Carpenters built air chase which allows heated air go through the soffits to keep the fire sprinkler lines from freezing.

Becker Landscaping continues installing the irrigation lateral and curb water lines. They are also spreading/leveling top-soil.

Zemlajk continues spreading more top-soil.

RK Concrete is working on concrete site punch list.

Our sister Veteran Medical Center project to the north of our Vet Home, is moving forward. White Resources poured the concrete slab floor and Wayne Paffhausen said they'll start framing this week. He got a lot of building material delivered and had Grizzle Fencing put a tall chainlink fenced area around it. With the high price of building materials, he also hired a night guard. His son Todd is the Construction Superintendent on this job. Todd was the quarterback for the Butte High Football team in the middle to late 80's. They're building the Portico footing in front of where the entrance will be, getting the drain pipelines dug and put in around the building. Once this is done, that will allow them to get the parking areas graveled too grade.

That's about a wrap for me this week. Please be safe as our Covid numbers are coming down and being vaccinated and safe practices are making this happen. Until Next time, take care.

Primary responsibilities will include answering phone calls, scheduling appointments, and receiving payments. Additional responsibilities may include assisting with veterinary procedures and animal handling, cleaning, and other tasks as they come up. Must be reliable, responsible, able to work as part of a team, and follow instructions accurately and completely. Please send a resume and cover letter to dillonvet@gmail.com outlining your experience, qualifications, and why you would like to work in a veterinary hospital.

Position Open 4/29-5/7 BILL

The City of Dillon has a position open for a Park Maintenance Leader/Animal Control Officer Park Maintenance Leader This person performs a variety of technical and semi-skilled maintenance tasks in the maintenance and operation of buildings, grounds, parks, open spaces, sprinkler systems, and recreation structures. They are responsible for the daily operation of the splash pad. Animal Control Officer This person is responsible for enforcing the animal ordinances of the city, providing timely and quality rescue and confinement of stray, exotic and quarantine animals in the community; providing services that address the public health and safety issues involved with stray and abandoned animals on the cities' streets; responding to animal service requests from various law enforcement agencies, training and educating the community on animal care and licensing ordinances. Complete job descriptions and requirements can be found at the City of Dillon website www.dillonmt.org If interested, submit a cover letter, resume and a City of Dillon application, which can be found on the City of Dillon website, before May 7th, 2021 at 5:00 pm at the City of Dillon offices. The City of Dillon is an equal opportunity employer
