Moose Creek Headwaters Acquisition

The Beaverhead-Deerlodge National Forest (BDNF) recently purchased a 160-acre parcel of private land, approximately 15 miles south of Butte. The acquisition of this land was made possible with Land and Water Conservation Funds (LWCF). The Land and Water Conservation Fund is a Federal program, established by Congress in 1964 to fulfill a bipartisan commitment to safeguard our natural areas, water resources and cultural heritage, and to provide recreation opportunities to all Americans.

After realizing this property had been listed for sale, BDNF personnel began working with the realtor and property owners to secure this property into public ownership. The Forest Service would like to thank the Brownell and Rosati families for their patience and willingness to work with the Forest on this project which will provide additional public access while protecting valuable habitat from the ever-increasing encroachment of residential subdivisions.

Butte District Ranger Tim Lahey said, "The Moose Creek Headwaters property is a wonderful addition to the Beaverhead-Deerlodge National Forest. The public will enjoy this new Forest Service land for generations to come. I would like to extend gratitude to the sellers for recognizing the value of placing this land in public ownership and the Forest Service staff that helped to make it happen."

The addition of this 160-acre property in the Highland Mountains will improve public access for hunting, fishing, and other recreation opportunities, as well as conserve the undeveloped landscape thereby securing habitat for a variety of wildlife and fish species. The headwaters of Moose Creek flow through the property before draining into the Big Hole River, south of the town of Divide. Acquisition of this inholding ensures the conservation of 1.2 acres of wetlands, 17.5 acres of riparian habitat, 0.8 miles of perennial stream and 0.7 miles of intermittent streams. Yellowstone cutthroat trout, (hybridized with Westslope cutthroat), occupy the upper reaches of Moose Creek, the Middle Fork Moose Creek, and an unnamed tributary to the Middle Fork on the property. The wetlands and riparian habitat on the parcel provide excellent habitat for migratory songbirds, mountain grouse, black bear, moose, mule deer, and elk.

The property will be incorporated into the surrounding Beaverhead-Deerlodge National Forest and will be managed under the existing Humbug Management Area plan. This area is managed for timber production, livestock grazing and dispersed recreational opportunities. The purchase of private inholdings within the Highland Mountains will continue to increase the management efficiency of the Forest Service and will improve wildlife habitat connectivity into the future.

For more information about the Moose Creek Headwaters property acquisition or to obtain a map of the new property, contact the Butte Ranger District at (406) 494-2147

NOTICE OF PUBLIC HEARING ON PROPOSED INCREASE IN CITY OF DILLON WATER RATES

The Dillon City Council will hold a hearing on June 2, 2021 at 6:00 P.M. in the Council Chambers at the City Hall, 125 N. Idaho, Dillon, Montana to take public comment on the proposed increase in water rates described below.

The proposed water rate increase is to pay for improvements to the City's water system, including the replacement of two existing cast-iron transmission mains with 5,500 linear feet of new water transmission main that crosses below the Beaverhead River and replacing approximately 7,000 linear feet of existing water mains in the City (the "Project"). On May 5, 2021, the City Council passed its Resolution No. 1384 of Intention to Increase Water Rates to pay the City's \$3,776,000 Series 2021 Water Revenue Bond to help fund the Project.

The City proposes to increase water rates by \$12.00 per month for each Equivalent Dwelling Unit ("EDU") times the EDU multiplier based on water service size as described below. The proposed effective date of the new rates is July 1, 2021.

Proposed Water Rate Increase to pay for the Series 2021 Water Revenue Bond:

Water Service Size	EDU Multiplier	Monthly Increase
1/2, 5/8 and 3/4 inch	1.0	\$12.00
1 inch	1.79	\$21.48
1 1/2 inch	4.00	\$48.00
2 inch	7.14	\$85.68
3 inch	16.00	\$192.00
4 inch	28.57	\$342.84

Any person desiring to comment on the proposed rate increase may make their comments in writing and file them with the City Clerk at or prior to the date of the hearing, or appear at the meeting in person or by representative, and be heard for or against the proposed rate increase. At the hearing, and at the times to which the hearing may be adjourned, the Council will consider the proposed rate increase and may correct, revise, raise, lower, change or modify the proposed rate increase or any part thereof.

For further information regarding the hearing or to review Resolution No. 1384, contact Jani Olsen, City Clerk at City Hall, 125 N. Idaho Street, Dillon, Montana, or by telephone (406) 683-4245.
