Letter to the Editor

An article was written in this paper last week that is untrue and biased. I want an opportunity to set the records straight.

What ever happened to "PRIDE" in your product, workmanship, reputation, and work ethic? When you pay for a very expensive concrete product that should last 30 + years, only to find it starts coming apart after two years, something is very wrong. When I confronted the individuals involved in the project I got a lot of finger pointing. The reasons for the product failure ranged from.... product recipe, chemical on the road, salt, flower planters, Contractor, the wrong tools used, to the Montana weather, all to shift the blame away from themselves.

What happened to taking responsibility? I was told I would have to pay up to \$200 a year to protect the concrete, this is on top of the \$5,000 from the start. I was also told by the owner "You are right, you shouldn't have to pay for the repairs even if it means replacing the whole slab." They never came over, as promised, to evaluate the replacement. This was only Lip Service, Misdirection and False Promises.

I teach students words like Accountability, Integrity, and Responsibility, all of which, in my case, has been pushed aside for GREED.

Greedy people are always in the want, and to get more \$\$ they cut corners and put the responsibility for repairs / replacement on the customer. Individuals in this situation may never get to retire and enjoy their later years because of the Fleecing of their savings. This is SHAMEFUL, DISHEARTENING & should not be tolerated by the community. "Doing the same thing over & over again expecting a different results, is the highest form of insanity". Companies should take responsibility for their product.

Dillon Middle School News May 24-28

The lunch menu for the week is as follows: Monday we will have chicken fajitas with trimmings and black beans. Tuesday, corn dogs will be served with mac and cheese. Wednesday, we will enjoy local beef hamburgers with trimmings and potato. Thursday, we will have hot roast beef sandwiches served with fruit and veggies. Friday, we will enjoy sloppy joes on a bun served with cabbage salad. Last week DMS students enjoyed a spectacular end to our cancer campaign. Students were first treated to a visit by the Pink Fire Truck. The students and staff had a great day and were happy to donate over \$2600 to the pink fire truck. The pink fire truck is a local cancer charity that helps those battling cancer here in Beaverhead County with finances for getting to appointments and other help. Students listened to an informative talk by Joan Grogan – owner of 3D – about the pink fire truck. Then they were able to look at all the signatures up close on the fire truck.

Next students tie dyed t shirts. Mrs. Miller gave creative tips on creating a tie dye shirt. The results were amazing. Next, they enjoyed a color fun run. Students who raised money for our campaign walked or ran around the track and were blasted with color at various points. Fun was had by all.

Finally, students and staff were treated to "Smuck for a Buck"another cancer campaign fund raiser. Students had paid for the chance to throw a pie in the face of a teacher or staff member. The staff members who were "Smucked" with a pie were: Mr. Rogers, Ms. Eller, Mr. Zitzer, Mr. Zier, Mrs. Miller, Mrs. DeMark, and Mr. Williams.

We had a special treat when police officers Alvarez, Rumsey, and Ternes showed up to participate in all the fun. They were each "Smucked" with several pies. The best was that officer Alvarez' son was picked to throw a pie in his dad's face. Also, one of our younger guest teachers, Mr. Warren DeMark, was "smucked" several times with a pie to the face.

A big thanks to Mrs. Williams for all her hard work to raise money for this important charity and for raising awareness in our student body of the need to be generous to others who are going through a difficult time.

Student Council recently had the opportunity to reach out to our teachers and staff during staff appreciation week. They were able to thank them with posters, cards and a small gift. Thank you, DMS teachers and staff members for all you do for the DMS student body.

In the lunchtime dodge ball tournament, the winners were the team of : Carter Curnow, Kyler Engellant, Layne Phillips, Marcus Lagunas, Taylor Handlos and Ian Singleton. Great job guys. Also, in the Robin Hood tournament, from the archery unit, the semester winner was: Carter Curnow. The winner for the whole year was Zach Sandall. Great job students. And thank you, Mr. Williams, for always holding such great lunch time competitions.

THE DILLON DOWNTOWN STREET DESIGN AND PLAN

The community is requesting the assistance of a qualified firm to develop a downtown street design and plan to create pedestrian improvements; improvements for the central business district and a corridor along Montana Street; and to expand upon a test project that was completed in 2017. This work will ensure that the community can grow while maintaining its unique character and creating an environment that will support economic development and small business growth. The Dillon Downtown Street Design and Plan should adopt a strategic planning process, including: analysis of existing opportunities and issues; direction setting (mission statements, vision and values, goals and objectives, etc.); alignment (determining our path); implementation and execution (layout an action plan for achieving the stated goals); and evaluation (regular check-ins, measuring performance and success, and course corrections).

MONTANA RANGE DAYS TOUR-
WEDNESDAY JUNE 23RD- \$20

MANAGING GRAZING DURING YEARS OF REDUCED PRECIPITATION

Bus departs the Fairgrounds at 8:00 AM to Hagenbarth Livestock

Hagenbarth Livestock: Hogsback: Jim Hagenbarth will discuss his research and implementation on how to manage grazing with reduced precipitation. The Beaverhead Valley loses .6 inches of precipitation each decade making it critical to find low moisture alternatives for grazing. Jim has worked with the Forage Range Research Lab in Logan, Utah, and determined that forage Kochia is the best option for a low moisture alternative supplement that will not harm native grasses but will provide high protein for fall and winter grazing. The tour will explore a 1000 acre plot of Forage Kochia at Hogsback and discuss how to manage prickly pear in dry regions.

As time allows we will have more speakers and one more stop but we will be back at the fairgrounds by noon.

REGISTER BY JUNE 1ST- ONLINE @ WWW.MONTANARANGEDAYS.ORG OR 406-683-3802

If the tour is not your cup of tea we also have a series of workshops that include: rangeland plant identification, plant anatomy, soils, ecological sites, rangeland monitoring, stocking rates, utilization, planning, and contests for all ages. **Register for the workshops and contests by June 1st at WWW.MONTANARANGEDAYS.ORG**
