Atlantic Street Renovation Project

Atlantic Street Renovation Project at Montana Western in coordination with the Montana Department of Transportation (MDT) and the City of Dillon, the University of Montana Western campus area facing Atlantic Street will be under construction this summer to enhance the safety and access to the campus and to allow for the MDT to resurface the street next summer.

While enhancing the safety and access to the campus has been a long-time goal for Montana Western, in large part, the timing to initiate and complete this project this summer came from the MDT's desire to resurface Atlantic Street next summer and their willingness to fund a portion of the overall project. The existing elevated sidewalk and retaining wall present significant safety concerns and the project will allow for the merging of a new road surface with updated access points and sidewalks along Atlantic Street that are ADA compliant and handicap accessible.

"With the MDT willing to fund a portion of the project, this is an exciting opportunity for the campus, and the city, to address some of the challenges that have faced us in the past when looking at renovating this border of our campus running along a high-traffic area," said UMW Chancellor Michael Reid. "We would like to thank both the MDT and the City of Dillon for their collaborative efforts in making these improvements a reality."

To be completed by mid-August this summer, the new UMW sidewalks and sloped lawn will be in place so that the MDT can then resurface Atlantic Street, which is planned to take place in the summer of 2022.

The first step in the process this spring is the removal of approximately 18 trees (primarily ash trees) along the sidewalk frontage. It was necessary to remove these trees as the campus lawn will be sloped down gradually to be level with the street to provide ADA-compliant access and to allow the new sidewalk to be level with the street. Once the sloping of the grounds and the majority of the project is completed, new landscape features will be added, including the planting of new trees on the campus in the areas that have been renovated.

Please be aware that the project will also include the demolition of the majority of the current sidewalk, retaining wall and railings along Atlantic Street this summer. There may also be road closures or detours as the project is in progress.

Montana Western would like to thank the Dillon community for their patience with the project and we look forward to providing safer access to the campus once the project is completed.

Skylar Martinell

406 Designs & Goods by Tammi Myers
Presents an art show by Skylar Martinell
"Depth Beyond the Bold"

Join us for a night with the artist! May 28th 6-8 P.M.

When a woman loves ranching and painting abstracts the two loves might become entwined. At first glance, Skylar's abstracts simply seem to be hard edged geometry but upon closer inspection recognizable elements become apparent. There is a depth beyond the bold.

Words hidden... meanings unknown. Weathered fence posts ...holding fast to their shifting environment. Barbed-wire...sharp and forbidding cut across the canvas as if it were a landscape.

These paintings are Skylar's thoughts recorded and obscured but intriguing nonetheless.

Tammi Myers, owner of 406 Designs and Goods was intrigued and now these beautiful canvases are displayed center stage among the other treasures in her shop. Come meet the artisans and makers of the 406.

Up Coming Chamber Events

Chamber Board of Directors Meeting *** New Location*** The Beaverhead Chamber of Commerce & Agriculture will be holding its June Board meeting Thursday, June 10th at 9:30am at The Crossing at Fetty's in Wisdom. 25th annual Auto Festival and Cruise

The 25th annual Auto Festival and Cruise at Depot Park and the Pioneer Scenic Byway on Saturday June 12th hosted by the White Hat Coalition and sponsored by Performance Truck And Auto.

Attorney General Knudsen Leads 20-State Effort

Montana Attorney General Austin Knudsen and 19 other state attorneys general called on the U.S. Senate to reject David Chipman's confirmation as director of the Dept of Justice's Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), citing concerns over his approach to public safety and Americans' right to keep and bear arms.

In a letter to U.S. Senate Republican and Democratic leadership, Knudsen and the coalition of attorneys general outlined the threat President Joe Biden's ATF nominee would pose to law-abiding gun owners if confirmed to lead the agency responsible for regulating firearms. Chipman has a long history of anti-gun rights lobbying and activism.

ATF agents play an important role in upholding the public safety of communities around the country and will be disserved by an agency director with a political agenda. Americans' Second Amendment rights do not need to be infringed to keep them safe from violent criminals.

"Its agents deserve a director who will inspire confidence from the people they serve. Given Mr. Chipman's history of anti-gun lobbying and political activism, Americans cannot be reasonably expected to believe he will be an unbiased enforcer of current laws," the letter stated. "As the chief legal and law enforcement officers in our respective states, we are concerned that Mr. Chipman will make Americans less safe by diverting ATF resources to attack the rights of law-abiding gun owners instead of cracking down on violent criminals and criminal organizations."

Attorneys general from Alabama, Alaska, Arizona, Arkansas, Georgia, Indiana, Kansas, Kentucky, Louisiana, Mississippi, Missouri, North Dakota, Ohio, Oklahoma, South Carolina, South Dakota, Texas, Utah and West Virginia also signed onto Knudsen's letter.

Southwest Montana Veteran's Home Update #105

By Mike Lawson

Greetings once again to you, the Veterans/Counties/Communities who are the chief organizers and supporters of the SW MT Veteran's Home.

The month of May in Montana is a big question mark as to planting a garden, unless you plant it in a greenhouse. I have 5-6 inches of snow on my deck table, as I write this. If the Mountains are accumulating two to three times this amount, then we are in much better shape concerning water shortages/forrest fires. Easy to complain but this really is a good thing and for we who are native to Montana or have lived here for any great amount of time, we know to expect it in May. I have a friend, Whitey, who just returned from wintering in the Phoenix area. I ribbed him about coming home too early, but his response was that it was getting into the 90's down in Arizonia country and even with the snow, coming home was the better choice. Southwest Montana is a good place to live and come home too, for sure.

Our Vet Home is getting closer every week to being done and Mike Ascheman is looking forward to that day when things are completely done done. Seeing the landscaping taking place gives that done-feeling a very real fuzzy place within one's self.

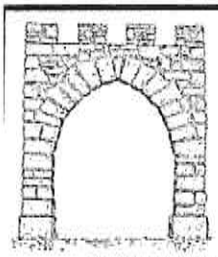

Some things coming up is the expectation of the long awaited Medicare Inspection, hopefully happening this week. Another thing is the loss of our Veteran Liaison Mark Gollinger who has resigned and will be moving on to another job. Mark is well known/respected for being a Veteran Advocate while working for the State Unemployment Office in Butte and creating a network across the state for agencies who focused on Veterans. He retired from 20 years of being a Sea Bee in the Navy, attaining the rank of Master Chief and went on to supervisory positions for a number of construction companies in California. He's in Butte because he loves this part of Montana and its home. He'll continue to address veteran's issues from the Veteran's organizations he's a member of and from being a regular Montana Veteran. It's a big loss for the SW MT Veteran's Home and I would hopefully expect that another veteran would be hired to take his place versus a non-veteran.

Our SW MT VET Home is starting to get inquiries from different groups to have Veteran Ceremonies or Ceremonies honoring our Veterans, taking place there. The SW MT VET Home Foundation will be in discussion concerning these possibilities and will keep you posted. It is a great way for our Vet Home Residents to interact with veterans and our communities. With the Covid -19 restrictions being lifted, we should expect these residents to have more open dialog and interaction with their

families/veterans in the near future.

My great go-to guys Mike Ascheman, John Kotka and Liaison Mark Gollinger have less and less to report to me. Most of the Buildings are completed and the ones not completed are quickly moving in that direction.

Vet Home Construction Home Updates:

Community Building Building, Maintenance Building, Cottages #1, #2 & #3 are turned over to the State and if not staffed by Eduro, the nursing operations contracter, they are ready to be once the Medicare Inspection takes place. The Enduro folks, who are not already working on site, are signed up/processed into the system and ready to start work/training. This hold-up by the "State Entity" who does the inspections is not only a hardship for the "Resident Veterans" and their families, but is a hard burden on the Vet Home Operator Enduro in terms of training and expense. Hopefully this week will be the week.

Cottage #4: The Carpenters have been busy doing the finishing work of installing the FF&E package for each resident rooms and in the greater areas of the building. As the Tile Guys finished each bathroom, the Carpenters rehung doors and installed door-hardware on all the doors, which consisted of wall/door stops/knobs/etc. The Tile Guys will have all the tiling of this building finished, when this article comes out. The Painters are painted-out and ready for their touch-up inspections, The Plumbers are caught-up until start-up time. The Electricians are doing their trim-out work of installing receptacles/switches/lights/etc.. The Floor-layers have laid the linoleum in the East Wing resident rooms, have moved into the kitchen/pantry area and then will move into the resident rooms in the North Wing.

Cottage #5: The Sheet-Rock Tapers are taping and running mud to a Level-5 wall finish in the south-east wing resident rooms/corridor. The Plumbers are hooking up valves and running copper piping to the VAV's (Air Handlers), which are considerable and take time. The Sheet-Metal guys are hooking in the big metal duct-work to the heat-exchangers in the Mechanical Room.

Outside Site Work: The Becker Landscaping continues to install their irrigation laterals with some sprinkler head installation. Zemljak Excavating continues with spreading top soil and contour landscaping where needed.

Outside Site Work: The Becker Landscaping continues to install their irrigation laterals with some sprinkler head installation. The borders for the lawn/flower bed/scrub beds/etc is becoming more prominent to the eye. Zemljak Excavating continues with spreading top soil and contour landscaping where needed.

Our neighboring Veteran Medical Center,, being built right across the street to the north of Three Bears, Is taking shape in spite of the weather. With the exterior walls standing, the focus has been on framing the interior walls and getting them stood-up. Lots of walls to do and they're made a good dent in this interior framework. Easy to check out if you're going to Three Bears or just driving by on Highland View Drive.

With Memorial Day happening this week-end, please remember our Veterans who gave so much and are no longer with us. Many of our Veteran Organizations and local volunteers in our communities throughout Southwest Montana ,and beyond, will be putting flags on our Veteran graves. If any of you can give a hand in this solemn endeavor, it would be more than appreciated.

Until next time, take care.

Attorney General Knudsen Statement on Chipman Confirmation Hearing

Montana Attorney General Austin Knudsen issued the following statement on today's U.S. Senate Committee on the Judiciary hearing on the nomination of David Chipman to be Director of the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF):

"Americans deserve an ATF director that will crack down on violent criminals and criminal organizations – not law-abiding gun owners. President Biden's nominee clung to his position that commonly owned firearms should be taxed and registered in a federal database. Senator Steve Daines is standing with Montana gun owners and has said he will vote against David Chipman's confirmation. Jon Tester must do the same if he supports the right to keep and bear arms."

Attorney General Knudsen is leading a 21-state effort of attorneys general in opposition to Chipman's confirmation to protect Americans' right to keep and bear arms.

THE DILLON DOWNTOWN STREET DESIGN AND PLAN

The community is requesting the assistance of a qualified firm to develop a downtown street design and plan to create pedestrian improvements; improvements for the central business district and a corridor along Montana Street; and to expand upon a test project that was completed in 2017. This work will ensure that the community can grow while maintaining its unique character and creating an environment that will support economic development and small business growth. The Dillon Downtown Street Design and Plan should adopt a strategic planning process, including: analysis of existing opportunities and issues; direction setting (mission statements, vision and values, goals and objectives, etc.); alignment (determining our path); implementation and execution (layout an action plan for achieving the stated goals); and evaluation (regular check-ins, measuring performance and success, and course corrections).

See the full RFP at this link:
bit.ly/dillonrfp

All proposals must be received by 5:00pm MST on Friday, June 4, 2021.

NOW HIRING 4/21- WC BILL

Part or full time, starting at $10.50. Apply at subway.com/en-us/careers on Facebook or text subhire to 242424

TIP SHEET: TIPS FOR STAYING MENTALLY HEALTHY

Mental health is an essential part of your overall health. We all have mental health, just as we all have physical health. Mental health is more than just the absence of mental illness. It's a state of well-being in which you realize your own abilities, can cope with the normal stresses of life, can work and study productively and are able to make a contribution to your family and community.

Being aware of your mental health is important because it affects every single aspect of your daily life and ability to function. Without awareness, it's difficult to pinpoint why you are so stressed or having problems coping. Maintaining your mental health is a lot like staying physically fit: it requires a little effort every day. But the rewards are great! Mostly, it's about finding balance in your life. Everyone has to face stresses and demands, but we all need and deserve a break sometimes. Devote a little of each day to improving your mental health. You'll reap the benefits in the same way that daily physical exercise makes you stronger and fitter.

EVERYDAY TIPS FOR STAYING MENTALLY HEALTHY

Here are a few healthy practices that can be easily integrated into your daily life. The idea is that a lot of small, concerted actions can add up to a significant overall effect. Apply some of these ideas on a regular basis and you'll find yourself feeling rejuvenated and more confident:

- **Learn how to cope with negative thoughts:** Negative thoughts can be insistent and loud: don't let them take over. Distract yourself or comfort yourself if you can't solve a problem right away. Try seeing the issue from all sides rather than from just one point of view.
- **Be in the present:** When you're out for a walk or socializing, turn off the cell phone and take in all the sights and sounds around you.
- **'Collect' positive emotional moments:** Make a point of thinking about the times when you've felt pleasure, comfort, tenderness, confidence or other positive emotions.
- **Enjoy hobbies:** A hobby helps bring balance to your life. You're doing something because you want to, not because you have to. There's no pressure. It's a form of mental stimulation too.
- **Treat yourself well:** It could be a good meal, a bubble bath, a movie, or just sitting in the park enjoying nature. Small daily treats have a cumulative effect.
- **Live a healthier, more active life:** Eat healthy foods, be active and get enough sleep. Regular physical activity is good for the mind. It can even reduce depression and anxiety. Share your activity with others; social connections are beneficial too.

REAL, COMMON, AND TREATABLE

If you are experiencing a mental health problem, you are not alone. Every year, 1 in 4 Americans experiences a mental health issue. Help is available.

My Mental Health: Do I Need Help?

First, determine how much your symptoms interfere with your daily life.

Do I have mild symptoms that have lasted more than two weeks?

- Feeling a little down
- Feeling down, but still able to do job, schoolwork, or housework
- Some trouble sleeping
- Feeling down, but still able to take care of yourself or take care of others

If so, here are some things that can help:

- Exercising (e.g., aerobics, yoga)
- Engaging in social contact (virtual or in person)
- Getting adequate sleep on a regular schedule
- Eating healthy
- Talking to a trusted friend or family member
- Practicing meditation, relaxation, and mindfulness

If the symptoms above do not improve or seem to be worsening despite self-care efforts, talk to your health care provider.

Do I have severe symptoms that have lasted more than two weeks?

- Difficulty sleeping
- Appetite changes that result in unwanted weight changes
- Struggling to get out of bed in the morning because of mood
- Difficulty concentrating
- Loss of interest in things you usually find enjoyable
- Unable to perform usual daily functions and responsibilities
- Thoughts of death or self-harm

Seek professional help:

- Psychotherapy (talk therapy) – virtual or in person, individual, or family
- Medications
- Brain Stimulation therapies
