Campground Amphitheater Program: Night skies at
Lewis & Clark Caverns

The stories behind the stars shining above Lewis & Clark Caverns State Park. Lewis & Clark Caverns State Park will present a free talk entitled "Night Skies at Lewis & Clark Caverns" every Saturday this month: July 3, 10, 17, 24 and 31.

This weekly program will begin at 8 p.m. in the park's campground amphitheater.

FWP Ranger Ramona Radonich will guide visitors through the constellations and tell the stories behind the stars that you see when you look up at the night sky. Among the dazzling stars you'll meet is a star that powered the lights to open the 1933 Chicago Worlds Fair, as well as the famous "double-double."

Even though the night sky isn't visible when these presentations are held, FWP staff will provide materials and information that will guide you in your own star-gazing pursuits.

These presentations are free to Montana residents. Nonresidents must pay the normal entrance fee when visiting Montana state parks.

Lewis & Clark Caverns State Park is about 15 miles southeast of Whitehall, along Montana Highway 2. For more information about the park, please visit stateparks.mt.gov/lewis-and-clark-caverns or call 406-287-3541.

Depot Theater Open

The Museum would like to announce that the Depot Theater is available for rent and presentations. The cost is \$150 per day. Contact the Museum Director Candi Whitworth at the Museum or call 683-5027. Volunteers are needed and welcomed. Again, please contact Candi.

Southwest Montana Veteran's Home Update #110
By Mike Lawson

Greetings once again to you the veterans/Counties/Communities who are the chief organizers and supporters of the SW MT Veteran's Home. The word is out about our SW MT Veteran Home and how beautiful it is becoming, both inside and out. I'm excited for the public to see it.

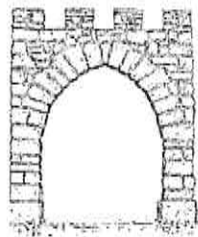

Other news concerning the covered walkways isn't the greatest. The issues are whether a simpler design would be better to consider, as construction material prices are going out the roof. Another issue is connecting each Cottage with a covered walkway, without doing major construction to each Cottage, where they would connect. Heated walkways versus non-heated, etc., might be another point of discussion. Money was allocated at our last Legislative Session earlier this year, for those walk-ways. The question now is, was it enough?? The different agencies involved, are in the talking stages to try and figure it out. Hopefully something positive will be figured out and the ball will get rolling, sooner than later.

Down the road the new CBOC (VA medical building), continues to make progress. The roof was added too with sections added, called crickets, that are sloped to guide the water to flow to the roof drains. The water empties into drain piping that take it underground to the drain sumps, located around the outside property perimeter (neat concept). Blocking continues on the interior walls. Remember these are short boards that are cut to fit between the studs to prevent a possible fire from drafting up between the studs into the attic area. This is a fire-code regulation. The other type of blocking is having these short boards put on edge between the studs where sinks/ toilets/dispensers/towel racks/etc., need to be mounted on the finished wall. Hoffman Construction, who is doing the ground work, has been bringing the parking lot too grade, so the water will drain into drainage ditches on the outside perimeter. They just brought a cement curbing machine onto the site. The anticipation is they'll be pouring cement curbing and sidewalks, maybe this week. I need to make a correction, even thought our Veteran's Home is on Blacktail Loop Road and the CBOC is on this same road, going north to where it hits MT Highland Drive, once you cross Mt Highland Drive, the name changes to Three Bears Drive. One day when it's finished, the correct address will be important.

I want to again thank Mike Ascherman and John Kotka, from Markovich Construction, who have been so generous in giving me an update every week for the last 110 weeks that I've written this update. Their professional insights and willingness to contribute are to be greatly commended.

Maintenance Building/Electrical Vault/Well-Pump House are all turned over to the State and in the Operator Eduro's operational control.

Cottage #4: The Electricians were pulling some wire but mainly doing trim-out work of installing switches/outlets/lights/etc. They are close to having their work done in this Cottage. The Floor Layers are coming in to make a big push in getting the second wing's resident room's linoleum flooring laid, followed by laying flooring in the kitchen. The last thing will be the carpet in the corridors and the nursing station. The Cleaners have been cleaning the resident rooms and will be doing the deep cleaning within the next couple of weeks. This Cottage is expected to be turned over to the State, as completed, within two weeks.

Cottage #5: Like I have said before, it seems like the construction in this Cottage is moving faster than the other Cottages. The Sheet-Rock tapers are wrapping their work up in the Central Area. The Painters have all the Resident Rooms painted, with some of the Central Area left to do. The Sheetmetal guys were installing louvers in the Resident Rooms for heat/cooling control ventilation. The Plumbers were installing hard copper piping in the Mechanical Room. The Carpenters were building/installing/trimming-out window jams/casings. The Tile Layers are installing the Delta underlayment for the Resident bathroom shower walls/floors. Once this is dried they can lay the tile over it. They have a lot of this labor intensive work left to do.

Beckman Landscaping has a hard working crew, who are turning our Veteran Home's grounds into a beautiful oasis. The sod has been laid at both the Community Building and Cottage #1. A lot of the scrubs/trees/bushes/ etc., have been planted. Ground sheeting has been laid around these plants. Either river rock or bark has been laid around them, on top of this ground sheeting.

Lots happening in our different communities this 4th of July weekend. With this heat wave we're experiencing, things are quickly drying out. I'm hoping people will be safe with shooting off their fireworks, as we don't need a major fire burning up our country side. Wishing you a great 4th. Until next time, take care.
