Salvage Safari Art Exhibit. Meet the artist reception

5-8 Saturday, August 21st

Susie's. 120 N Montana Street in downtown Dillon.

The Salvage Safari exhibit is an adventure into assemblage art.

Artist Steve Cook is known locally for his whimsical sculptures around town. You can see Paint Horse & The Piano Bench in front of our library or visit Bovine Bibliophile as he reads a book just outside The Bookstore.

Inspired by fun, Steve created Salvage Safari as a kid friendly exhibit with the hopes it would bring out the inner child in all of us. He will be handing out safari hats & animal stickers to the kids (while supplies last) and to make everyone giggle we will even have "Moose Poo" trail mix as a snack.

Join us for a fun night as we go on safari hunting exotic animals with silly names. Let's find the elephant "He's got junk in his trunk" or search for "Dan D Lion". If you are lucky you might even spot Gavin Gucci Gator!

Join us at Susie's for an evening of art and great conversations.

Hunters encouraged to check for restrictions and closures on Block Management Areas before heading out

Despite recent rains, high fire danger conditions persist throughout much of Montana. As a result, hunters may encounter closures or restrictions at Block Management Areas.

Closures could change daily. The best resource for hunters making plans for late summer trips is the BMA closures and restrictions webpage at https://fwp.mt.gov/hunt/access/blockmanagement/restrictions. This page will be updated as closures or changes occur. Changes will also be shown on the Hunt Planner Map on the FWP website.

Hunters and landowners with questions can also contact their local FWP office.

Caverns Campground Amphitheater Program: 'Goodness Snakes Alive!'

Lewis & Clark Caverns State Park will present a free talk entitled "Goodness Snakes Alive!" on Saturday, Aug. 21, at 8 p.m. in the park's campground amphitheater.

Montana Fish, Wildlife & Parks ranger Ramona Radonich will speak about the prairie rattlesnake that is native to Montana, including the Lewis & Clark Caverns State Park ecosystem. You will learn about what makes these reptiles rattle, how to avoid being bitten and what to do if you are ever bitten by a rattlesnake.

When helping people learn about snakes, Radonich points to a quote from renowned physicist Marie Curie: "Nothing in life is to be feared, it is only to be understood. Now is the time to understand more, so that we may fear less."

"By understanding the nature of the rattlesnake," Radonich said, "we can come to fear it less and instead develop a healthy respect for these amazing reptiles that will help keep us safe in rattlesnake country."

Buck Ford, performing at Horse Prairie Stage Stop

Buck Ford, performing at Horse Prairie Stage Stop on Aug 20, 8:00 PM, does more than play country music; he feels like country music. On or off stage, Ford's energy is a reminder that while the crown may change hands, country music is its own king, and he's humbly accepted the challenge of carrying on the bloodline.

A former professional motocross rider, Buck Ford traded one circuit for another when he entered into the world of country music.

Ford's headlined international events, including the Equiblues Rodeo in St. Agreve France, and has shared stages with the likes of Cody Johnson, Jon Pardi and more.

Buck Ford's most recent single "Savin' the Planet" captures tried and true cowboy logic—why overthink about it when you can drink about it? The first glimpse of his upcoming album, " Savin' the Planet" is available now on all platforms.
