## Montana Western Regents Professor Wins High Plains Book Award

Dr. Robert Thomas is a Regents Professor of Geology in the Environmental Sciences Department at the University of Montana Western and co-author of "Roadside Geology of Montana". The publication has been awarded the 2021 High Plains Book Award in the Medicine & Science category. The High Plains Book Award was established in 2006 by the Billings Public Library Board to recognize regional literary works which examine and reflect life on the High Plains, including the states of Montana, North Dakota, South Dakota, Wyoming, Nebraska, Colorado and Kansas, and the Canadian provinces of Alberta, Manitoba and Saskatchewan.

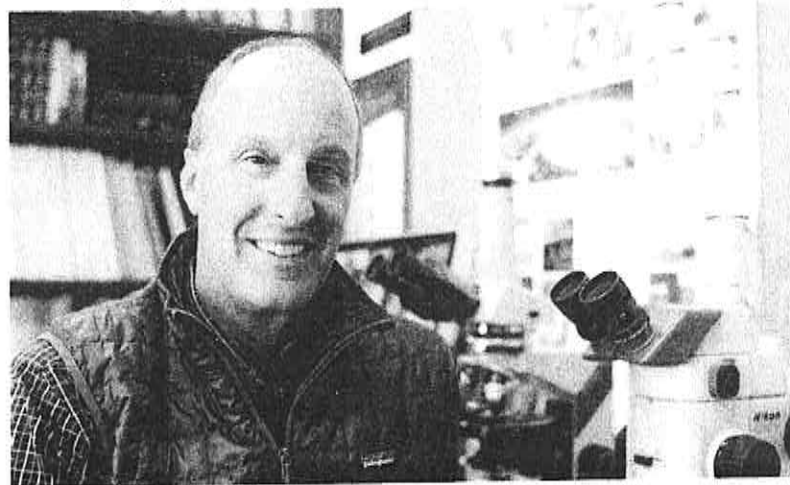

The 2021 winner in the Medicine & Science category, "Roadside Geology of Montana", is a complete guide to the geological history of Montana designed to be utilized from the state's many roadways by professionals and amateurs alike.

"A person could spend hours poring over the wonderful illustrations and diagrams in this book. This is definitely a book that you come back to again and again as you journey across Montana," said a High Plains judge.

The publication is a completely revised second edition of the original "Roadside Geology of Montana" authored by Don Hyndman and Dave Alt in 1986. Hyndman is a retired Professor of Geology at the University of Montana and taught Thomas when he earned his master's degree in the late '80s. Hyndman approached Thomas about being a co-author for the updated second edition due to the quality of his work on the Roadside Geology of Yellowstone Country book published in 2011.

"Roadside Geology books are a very important point of access for the layperson to understand the history and processes that formed their planetary home," said Thomas. "To have been asked by Don Hyndman, my former professor, to create an entirely new version of his landmark book with Dave Alt was a great honor."

The project took Hyndman and Thomas five years to

complete and required traveling to almost every corner of the state gathering data, taking photos, creating illustrations, and researching literature to confirm that the geology was correct and up to date. Thomas's focus was on his backyard of southwest Montana, but he has traveled from the Yaak in the northwest to Alzada in the southeast, filling in new road guides and other gaps in the book. Thomas says that even though it is technically a second edition, everything is new and is an entirely different book.

The update was successfully launched by John Rimel and Mountain Press Publishing in Missoula in 2020.

"The accessibility is really what sets this book and the Roadside series apart. Not only does it inform, but it also inspires the average individual that wants to learn more about the place that they live," said Mountain Press CEO John Rimel. "And there couldn't be better ambassadors of geology in the state of Montana than Rob Thomas and Don Hyndman."

Thomas would like to extend special thanks to Rimel, editor Jennifer Carey, and illustrator Chelsea McRaven Feeney for making the project possible.

The Roadside Geology series originated in 1972 with "Roadside Geology of the Northern Rockies." Now, nearly every state and one Canadian province has a book of their own.

"Of the more than 75 peer-reviewed publications in my career at Western, I am most proud of this book. The most valuable contribution I can make in my academic career is to help all people understand and be excited about how the Earth works. 'Roadside Geology of Montana' is that contribution for my friends and neighbors in Big Sky Country!" said Thomas.

Thomas hopes to tour the book this fall at local bookstores for signing events and presentations on Montana geology.

For more information, please contact Robert Thomas at Rob.Thomas@umwestern.edu. To purchase a signed copy of the "Roadside Geology of Montana," call The Bookstore in Dillon, Montana at 406-683-6807 or you can visit mountain-press.com.

## Learn to play Pickleball

Pickleball started during the summer of 1965 on Bainbridge Island, Washington. Pickleball is a paddleball sport (similar to a racket sport) that combines elements of badminton, table tennis, and tennis. The game is designed to be fun for all ages.

The Dillon YMCA will be offering instruction on this rapidly growing sport starting in October with sessions on the 6th, 13th and 20th at the "Y" in the new gym starting at 6 pm. Rackets and other playing materials will be provided.

If you are interested sign-up at the "Y". Please note space is limited to the first 12 people to sign-up. The non-refundable cost is \$10 for members and \$25 for non members.

## Food Pantry match by Town Pump

To benefit the Beaverhead Community Food Pantry, the Town Pump Cash Match has begun again. All cash donations we receive from September 1, 2021, through November 30, 2021, Town Pump will match dollar for dollar up to \$15,000.

This match program that Town Pump offers is always one of our largest donations which helps us with purchasing groceries and pay operational expenses.

The Food Pantry is a 501©3 non-profit organization. We run entirely on volunteers.

Please help us reach our goal by sending your donations to the Beaverhead Community Food Pantry at PO Box 1356, Dillon, MT 59725.

## A Summons to My Dillonites

Those of you who journey to downtown Dillon have surely notices the window art done by our lady, Jocelyn. These works of art are very appealing and very well done.

So now, my appeal. Jocelyn is in the process of doing 13 windows to honor and tribute the 13 service men and women who were killed by a terrorist strike at the Kabul, Afghanistan airport. A very solemn and beautiful tribute. Jocelyn is doing these 13 windows free-of-charge.

I am asking you to join me in making a contribution, either in cash or courtesy card at one of our cities dining facilities. Contributions will be collected at Womack's Printing.

## Virtual open houses scheduled to discuss potential changes to hunting regulations

FWP regional staff will hold virtual meetings across the state to discuss potential hunting regulation changes for 2022 and 2023.

These meetings will be held via Zoom and allow the public to hear directly from FWP staff and ask questions about the proposed changes.

The potential hunting regulation changes are available online for the public to review. The potential changes are coming now during the normal biennial season setting year to help make Montana's hunting regulations simpler and easier to understand.

Over the last several weeks, FWP biologists have worked on these potential changes with a sharp focus on the science behind the regulations. The potential changes focus primarily on deer and elk regulations; some regions have included regulations for other species as well. The potential changes include a reduction in the number of hunting districts (i.e., making them larger) and simplification of license structures.

To see the potential changes and make comment, visit <https://fwp.mt.gov/aboutfwp/public-comment-opportunities/hunting-reg-changes>.

Public comment will be taken through Oct. 20. Virtual open houses are scheduled as follows and will run from 6 to 8 p.m. with the exception noted below:

- Region 1: Oct. 14
- Region 2: Oct. 5
- Region 3: Oct. 13
- Region 4: Oct. 7
- Region 5: Oct. 6
- Region 6: Oct. 12 (5:30 to 7 p.m.)
- Region 7: Oct. 12 (7:30 to 9 p.m.)

Zoom sign-in information will be posted on the FWP website closer to the meeting date.

After Oct. 20, FWP biologists and other staff will sort through the public feedback collected and develop proposals for all game species for the Fish and Wildlife Commission meeting on Dec. 14. Following this meeting, a second 30-day public comment opportunity will begin on the commission-approved proposals for all hunting regulations for the 2022 and 2023 seasons. This public comment period will also include regional FWP Citizen Advisory Council meetings.

The commission will adopt final hunting regulations at their meeting in early February.

Please read all the way to the bottom:

*Friendship Week Is this week and I would like to share this message written by Andy Rooney, a man who has the gift of saying so much with so few words.*

I've Learned.... That the best classroom in the world is at the feet of an elderly person

I've Learned.... That when you're in love, it shows.

I've Learned.... That just one person saying to me, "you've made my day!" makes my day.

I've Learned.... That having a child fall asleep in your arms is one of the most peaceful feelings in the world.

I've Learned.... That being kind is more important than being right.

I've learned.... That you should never say no to a gift from a child.

I've learned.... That I can always pray for someone when I don't have the strength to help him/her in some other way.

I've Learned.... That no matter how serious your life requires you to be, everyone needs a friend to act goofy with.

I've Learned.... That sometimes all a person needs is a hand to hold and a heart to understand.

I've Learned.... That simple walks with my father around the block on summer nights when I was a child did wonders for me as an adult.

I've Learned.... That life is like a roll of toilet paper. The closer

it gets to the end, the faster it goes.

I've Learned.... That we should be glad that God doesn't give us everything we ask for.

I've Learned.... That money doesn't buy class.

I've Learned.... That it's those small daily happenings that make life so spectacular.

I've Learned.... That under everyone's hard shell is someone who wants to be appreciated and loved.

I've Learned.... That to ignore the facts does not change the facts.

I've Learned.... That when you plan to get even with someone, you are only letting that person continue to hurt you.

I've Learned.... That love, not time heals the wounds.

I've Learned.... That the easiest way for me to grow as a person is to surround myself with people smarter than I am.

I've Learned.... That everyone you meet deserves to be greeted with a smile.

I've Learned.... That no one is perfect until you fall in love with them.

I've learned.... That life is tough, but I'm tougher.

I've Learned.... That opportunities are never lost; someone will take the ones you miss.

I've Learned.... That when you harbor bitterness, happiness will dock elsewhere.

I've Learned.... That I wish I could have told my Mom I loved her one more time before she passed away.

I've Learned.... That one should keep his/her words both soft and tender, because tomorrow he/she may have to eat them.

I've Learned.... That a smile is an inexpensive way to improve your looks.

I've Learned.... That when your newborn grandchild holds your finger in his/her little fist, that you're hooked for life.

I've Learned.... That everyone wants to live on top of the mountain, but all the happiness and growth occurs while you're climbing it.

I've Learned.... That the less time I have to work with, the more things I get done.

*To All Of You....*
