Letter to the Editor

Why is it that Barrett Hospital is not allowing even one family member to be in with a patient? My husband went to the E. R. as instructed by his Dr. on 10/15/21. I was told I could not accompany him and that the hospital was not allowing visitors period.

Because there was no surgeon available in Dillon, we had to go to Anaconda for emergency surgery. Lo and behold! Anaconda allows ONE family member in with their love ones. After a few days in the Anaconda Hospital we transferred to Community Health Center Hospital in Missoula. Once again ONE family member allowed to be with the patient.

I cannot and do not understand BHH position on no visitors. When a patient is in pain I try very ill and needs the support of a family member, not only for moral support, but to listen to health care providers when they explain what is happening with their person in the hospital. It seems only right and fair to the folks in Dillon who love their people and NEED to know what is going on.

BHH needs to take a look at this harsh policy. It's highly unfair to folks. Hinders the well-being of patients and family members.

I am disappointed in our hospital in Dillon. Anaconda and Missoula were much more caring and sensitive to the needs of the patient AND Family members.

Hopefully a change will be made so folks can be with their loved ones in Dillon MT.
