Inez Olind Reynolds

Inez was born October 5, 1925 and died on December 14, 2021. She was the fifth child born to Ed and Edna (Parsons) Olind of Harrison Montana. She grew up in the area graduating from Harrison Highschool in 1943. Her life desire to be a teacher was accomplished in 1959 graduating from U of M Western.

Inez married William Reynolds Jr. of Pony on May 3, 1945. Three sons were born to this union, Harvey Dean, David Mark and Robert Joe. She taught three years in Norris and eleven years in Harrison. Shaping the minds of young children within the valley kept her busy for years not to mention following her sons through their activities and work. Upon retirement, she continued to visit the school regularly to read to the children which she looked forward to every week. Inez had such a gift of sharing stories and memories that she was able to share with not only her family but friends and the community. These stories will be greatly missed by all.

Inez loved to travel visiting all 50 States, Canada, Mexico, Australia and Europe (twice). She especially loved traveling with her grandson Travis by her side even if that meant enduring Space Mountain at Disney Land (one time was her limit). She cherished her close relationship with her granddaughter Morgan brought about by being close neighbors in Norris and the countless hours teaching granddaughter Lisa how to sew in the summers which later became Lisa's lifelong passion. Inez was very proud of grandson Gary's adventure to France as an exchange student and admired his courage visit new places. And finally, she had such a special place in her heart for her grandson George who went out of his way to spend a weekend with her when visiting in nearby Bozeman.

She was preceded in death by her parents Ed and Edna, husband Bill, son David, two brothers and two sisters-in-law Ed Olind and Marian, Jim and Betty Jo Olind, 2 sisters and brother in laws Kay and Ernie Maack, Rose and Fred Zier, an infant brother Theodore and daughter in-law Ann Phillips Reynolds.

She is survived by her sons Harvey and Joe, and brother George Olind. Five grandchildren Gary (LeAnne) DeFrance, Lisa (Steve) Creson, Travis (Melinda) Reynolds, George Reynolds, Morgan Reynolds and, six great-grandchildren Taya, Derik and Aaron DeFrance, Fern Creson, Riley and Madison Reynolds and also many beloved nieces and nephews.

Services will take place next spring. Cremation was her choice.

FRANCES CASEY KERNS

22 February, 1937 – 6 December, 2021

Casey, as she preferred to be known, was born Doris Frances Casey in rural Marion County, in the Ozarks of Arkansas. At the age of two, spinal meningitis resulted in lifelong blindness. She attended Oklahoma School for the Blind, then Centenary College in Shreveport and University of Colorado, where she obtained an

MA in psychology. She passed away from a lengthy illness in Sheridan, Montana. She is survived by a son from her first marriage to Lee Jobe, Alan Jobe; a daughter from her second marriage to Jack Kerns, Reyna Bjorgan; and grandson Liam Bjorgan.

Casey published eight historical and contemporary novels in the 1970s and -80s, some of which were published internationally, and was listed in the Who's Who of American Women. She also worked as a Braille proofreader for the Library of Congress and other organizations. She was an avid fan of folk music, helping to found Denver Friends of Folk Music in the 1960s. Other loves included long road trips, breeding dogs, and reading almost continuously.

\$50,000 Donation to Western Ag Research Center from Northwest Farm Credit Services

Northwest Farm Credit Services made a significant contribution of \$50,000 to the facility expansion and improvement project at Montana State University Western Ag Research Center. The 2021 Montana State Legislature approved \$1.2 million in funding to build a new office, lab and education facility to replace the current buildings that are outdated, unsafe & undersized. MSU has pledged to raise \$300k in donations from individuals and industry to support the new facilities.

Megan Shroyer, Montana President of Northwest Farm Credit Services says, "as part of Northwest Farm Credit's stewardship commitment to improve the lives of our customers, communities, and industries we serve, we are investing funds in education and research that will benefit our customers as well as our agriculture industry."

Our contribution to the Western Ag Research Center (WARC) will boost their research efforts and their ability to strengthen Montana's ag sectors. WARC is an excellent resource for farmers and ranchers throughout the state."

Since its inception in 1908, WARC has fulfilled the need for horticultural research across Montana, addressing issues and answering questions for local farmers, homeowners & businesses. WARC is the only center focused specifically on horticulture, specializing in high-value specialty crops, fruit and vegetable production, local food security and increasing sustainability and economic returns for small acreage operations. The station also conducts important research on row and forage crops, labor and labor efficiency, the complexity of the small business aspects of value-added products and start-to-finish operations.

A new facility will contain three labs for chemical/microbiological research, a covered loading dock, cold storage for crops and seed, storage room for seed and research equipment and meeting spaces with updated technology for communicating to producers. There are no similar facilities in communities nearby and it is expected the facility will be heavily used for outreach and educational events.

Donations checks can be made out to MSU Alumni Foundation and write 93627 - Western Ag Research Center Improvements in the notes of the check. The mailing address is MSU Alumni Foundation, PO Box 172750, Bozeman, MT 59717. Online donation link is: <https://www.msuaaf.org/give-warcc>.

An Open Letter to the Dillon 7th Grade Boys' Basketball Team:

Thank you to every member for a fabulous season of Boys' Basketball! As spectators at all but one of your games, you provided my husband and I with afternoons of exciting sports action. You should be proud of your accomplishments and efforts! You each played a key role during the games, and your achievements were proven by the final score of each game. We are honored to say, "We live in Dillon" because of the sportsmanship each of you portrayed both at Home Games and Away Games.

I would especially like to give a "Shout Out" to the 7B Team for going the season UNDEFEATED! Congratulations!!

Finally, thank you to the 7th Grade coaches for volunteering their time to coach, encourage and mentor each of these players. THANK YOU!!

I look forward to watching you boys grow over the next six years, knowing that your skills will only increase with each passing year.

Go Cougars!!

61 New Officers Graduate from the Montana Law Enforcement Academy

Sixty-one new officers who will serve in 41 agencies across the state graduated from the Montana Law Enforcement Academy (MLEA), which is part of the Montana Department of Justice. MLEA provides basic and advanced training for state, county, city, and tribal law enforcement officers throughout the state.

Attorney General Knudsen addressed the class and was in attendance to congratulate them as they received awards and diplomas.

"Dangerous addictive drugs like methamphetamine and the violent crimes that go along with them are destroying lives and livelihoods, wreaking havoc on communities and tearing apart families," Attorney General Knudsen said. "The graduates here today have stepped up to do something about that problem and they need our support. I'm committed to working with them and their agencies to get crime under control in Montana."

The number of homicides, rapes, robberies, and violent assaults in Montana has increased 91 percent from 2013 to 2020, according to the Montana Board of Crime Control.

Hunting for female mountain lions to close in hunting district 314

The hunting of female mountain lions in hunting district 314 in southwest Montana will close at one-half hour after sunset on Thursday, Dec. 16.

Wolf trapping to open in Wolf Management Unit 121 in northwest Montana

After monitoring grizzly bear activity in the area, Montana Fish, Wildlife & Parks recommends opening Wolf Management Unit 121 for wolf trapping in northwest Montana. WMU 121 contains a portion of the Cabinet-Yaak Grizzly Bear Recovery Zone.

FWP biologists have been monitoring grizzly bear activity with a variety of methods since early November. This includes monitoring collared grizzly bears, sightings of bears in the field, weather assessments and reports from the public. Based on the best available information in WMU 121, local biologists recommend opening wolf trapping for that unit.

However, trappers need to be aware that grizzly bears could still be active and should avoid any area where bear sign is observed.

The Montana Fish and Wildlife Commission adopted final changes to the 2021 wolf trapping regulations at its Oct. 28 meeting. The adoption included a "floating" start date for wolf trapping in areas with grizzly bears to be no earlier than the Monday after Thanksgiving, and no later than Dec. 31.

The commission directed the department to assess grizzly bear activity outside of dens to determine the potential for trapping conflicts and to open the wolf trapping season in grizzly areas when that risk is low.
