Jodie Oswald Harris

August 26, 1971 - January 11, 2022

Former Montana resident Jodie "Jo" Pauline Oswald Harris, age 50, died at home on January 11, 2022, in Moose Creek, Alaska.

Jo was born August 26, 1971, in Butte, Montana to Joseph (deceased) and Rosemary Lenegar Hall. Jodie was adopted at a young age by her lifelong father, Richard Oswald. Jodie attended Beaverhead County High where she was very active in sports such as basketball and volleyball. She attended WMC while working various jobs in Dillon. Jodie went on to graduate from Airline Academy in Vancouver Washington and became a flight attendant, but her love for adventure took her on a new path to Alaska where she met her husband, Daniel Harris. They dated for several years and were married in 2005. She loved Alaska and had many adventures with her family. She was known for taking in extra children into her home as well as rescuing animals until homes could be found. Jodie was a 23 year survivor of MS and made sure her family was the most important part of her life.

Jodie is survived by her husband Daniel Harris, her daughter, Morgan Harris, and son Cade Hamilton (Ashley Ward) and her granddaughter Chloe Hamilton, all of Moose Creek / North Pole, Alaska. Dan's parents, Buck and Betty (North Carolina), Sisters-in-law Rachel (Anchorage Ak) and Nova (Fairbanks AK).

She is also survived by her parents Richard and Rosemary (Lenegar) Oswald of Dillon, Montana. Her sister Leslie Dawson (Aaron) of Spokane, Washington. Her sister Teresa Smith (Mike) of Bonners Ferry, Idaho, and her brother Nathan Oswald (Shannon) of Dillon, Montana, as well as many nieces, nephews, aunts and uncles.

Jo will always be remembered for her love of animals, her lively spirit, and quick wit. She will be greatly missed by family and friends.

In memory of Jodie Pauline, contributions may be made to the MS Foundation.

Arrangements are entrusted to Fairbanks Funeral Home.

Moving On

By: MJ

The time has come when Covid needs to be something we learn to live with. It is not going away no matter how many people receive the vaccine.

I see on social media today where you could order home testing kits for Covid. Every household could have 4 tests according to article. Question: What good is the test if you are unable to receive early treatment? Why is not the FDA insisting on treatments developed and made available? Let us remember the Covid vaccine was approved by the Federal Drug Administration, FDA as they viewed Corvid as a "Public Health Emergency." It was known about in 2019 and in 2020 it was clear that the virus was a rapidly spreading and a dangerous disease yet only a vaccine that knowingly does not stop the virus and no early treatment medicine were okayed. Today in 2022 still very few early treatments available. *Is this all about politics controlling people or people directly involved with the production of vaccine making million-billions of dollars?*

The vaccine does not stop the virus, it only lessens the severity of virus if you become ill with it. Here in-lies the questions. *If the vaccine does not prevent the virus, then every person that has accepted the vaccines is a potential carrier of Covid without even knowing they have it.* **Question:** If the vaccine lessens severity of Covid for a person. what does it do to stop the spreading of disease?

Many facts have come to light, like majority of masks

worn by the public do nothing to stop the virus and may be causing adverse reactions.

Let's move on, listen to doctors that have found successful treatments and let's get approved drugs for initial early treatment. Doctors that were having success with medications were labeled "quacks" by social media, media, CDC, Fauci… Wrong, Why?

The push for the vaccine has done nothing for the working- or middle-class people except caused them to lose businesses, delays in services, lose jobs, be shunned and misidentified as spreader if not vaccinated…

Change is a part of life. *Covid is part of that change. Look around how nature changes every day. Each element impacts the next. If anyone thing fails to fulfill its role the whole will be affected. Example: a tree does not shed leaves in fall may die. Our lives also have a path that naturally unfolds. When we complain, wish things were different and fight to make things go our way, we may be missing the best course right in front of us. The things we push will push back against us. Often, we think we are in conflicted with others (vaccinated verses unvaccinated), reality is we are in conflict with ourselves. When we understand that the things, we encounter can help us grow, our fear, resistance, and the urge to control can transform into faith, trust and surrender.*
