Wesley Lee Rampy Jr. "Lee"

Wesley Lee Rampy Jr. "Lee" was born Jan 12, 1927, in Three Forks, Mont. He grew up on various homesteads built by his dad in the Gallatin Valley. Lee met his lovely wife-to-be, Betty Jean Redfield, while working the Jumping Horse Ranch as a cowboy. Betty Jean was staying with Melvin Icenoggle and his wife, training their imported jumping horses. They were married on June 21, 1949 and were married for 72 years.

Lee worked various jobs throughout his lifetime. He worked as a pipeliner all over the country, his rig an 8'x40' camper hauled with his '57 Chevy Bel-air. He worked for Pfizer Talc for many years, then after retiring, traveled the state as a meter reader for Vigilante Electric.

Lee and Betty settled on Betty's Aunt and Uncle's lower ranch in Twin Bridges. Lee loved to tend his lawn, trim his trees and take long walks. He was a great horseman and loved to carve stone and sketch the cowboy way of life he loved so much.

Lee passed away peacefully, bound for heaven, on February 24 at age 95. He was preceded in death by two brothers and one sister. Lee is survived by his wife Betty Jean Rampy, sister Rosanne Coy of Laurel, Mont., brother Ed Rampy of West Yellowstone, children Karen (Ron) Goldsberry, Ralph (Mary) Rampy, and many grandchildren and extended family.

A funeral will be held Monday, February 28 at 10 a.m. at the Mountain View Chapel in Twin Bridges, Mont.

Beaverhead County Public Health moving forward with a new COVID-19 investigation procedure

Public Health is transitioning away from universal contact tracing and case investigations. Information shared from Montana Department of Public Health and Human Services (MDPHHS) with local public health departments stated the shift is based on current circumstances and epidemiology of COVID-19 in Montana and the United States. The information based on a statement released in January by the Association of State and Territorial Health Officials (astho) and Council for State and Territorial Epidemiologists (CSTE). The rationale behind the transition is based on several scientific factors that reduce the utility and feasibility of universal case investigation and contact tracing for each COVID-19 case.

These factors include:

- the large number of asymptomatic and mild cases resulting from changes in the virus and widespread vaccination
- many infections are never identified by public health because of the large number of asymptomatic and mild cases in people who do not get tested
- the increasing use of home COVID tests which many don't get reported to Public Health
- the shorter incubation period of the Omicron variant
- the highest risk of transmission to others occurring prior to symptom onset and during the first few days of symptomatic

illness

However, it is still important for epidemiology to obtain case information and one strategy being implemented throughout the state is the use of a survey-based system. JotForm is a free, HIPAA compliant forum that can be individualized for each county and sent to identified cases (positive lab reports) using a text messaging service, EZ Texting. Many health departments have already implemented this system and found that it is user-friendly. Beaverhead County Public Health will begin initiating this process the first week of March. People who test positive using a home test, are strongly urged to report their positive results to MDPHHS by going to the website, hometest.mt.gov. People who obtain their home tests through public health are provided an instruction sheet on what to do if they test positive. On that sheet, there is a QR code that can be scanned to access the website. The survey is quick and easy.

Public Health will continue contacting by phone, prioritized populations such as children 17 and younger, folks 65 and older, hospital staff/patients, long-term care and assisted living facilities.

Public health has received a large number of FREE COVID home tests. We will distribute the tests throughout the county for easier access to the rural community. These tests will be available at public health and within the next two weeks at the following locations.

**Hunter and Bowhunter Education classes
offered in southwest Montana***In-person classes offer hands-on learning
opportunities for new hunters*

Hunter and Bowhunter Education classes will be offered in several locations throughout southwest Montana this year. Many of these classes have been scheduled and will soon be opened for registration.

Hunter and Bowhunter Education classes are taught by skilled volunteer instructors and offer hands-on learning experiences, mentoring opportunities and the ability for students to ask questions of experienced hunters. Students learn how to handle firearms and archery equipment safely, basic survival skills, hunting ethics, wildlife management, game identification, landowner-hunter relations, and Montana hunting laws and regulations.

Montana law requires that anyone born after Jan. 1, 1985, complete a Hunter Education class or qualify as a youth apprentice hunter before purchasing a Montana hunting license. All first-time bowhunters must complete a Bowhunter Education course or show proof of a prior year's archery license from another state or province.

All classes are free, and students must be at least 10 years old to take a class.

As class schedules are finalized, they will be posted online and opened for registration at fwp.mt.gov/hunt/education. The following courses have been scheduled in southwest Montana:

- Livingston: Bowhunter Education, starting Mar. 12
- Twin Bridges: Hunter Education, starting Mar. 21
- Twin Bridges: Bowhunter Education, starting April 4
- Bozeman: Hunter Education, starting April 25
- Butte: Hunter Education, starting April 25
- Manhattan: Hunter Education, starting May 9
- Manhattan: Hunter Education, starting July 18

Hunter or Bowhunter Education courses are also being planned in Three Forks, Ennis, West Yellowstone and Dillon. Starting dates for these classes will be announced as they are finalized.

To see what classes are happening near you or to sign up for a class, check online periodically by visiting fwp.mt.gov/hunt/education. The webpage will be updated as more classes are scheduled.

DMS NEWS February 28- March 4, 2022

Here's the Dillon Middle School News for the week of February 28th through March 4th, 2022.

The lunch menu for the week is as follows: today, we will have beef tacos served with bean salad. Tuesday, chicken and sausage jambalaya will be served. Wednesday is Dr. Seuss' birthday so we will enjoy green eggs and ham. Unfortunately, no parents will be allowed to attend. Thursday we will have hamburgers with all the trimmings. And Friday, sub sandwiches will be served.

Congratulations to our Spelling Bee finalists. Ten students competed at the county spelling bee with 15 other students from around the county. After 5 rounds, our own Daria Adkins was crowned the champion. Daria will compete at the state spelling bee in Bozeman on March 11th. Good luck, Daria.

Last week was our Valentine spirit week. Many competitions were held, and we'd like to report on those. For Valentine's day, the classes competed by 8th grade wearing red, 7th grade wearing black and 6th grade wearing white. The 7th grade blew the competition out of the water, and will be receiving donuts soon for their class spirit. The doors were decorated for each 8th period class, and there were many amazing Valentine doors. The students were so creative. If you want to see pictures of the doors, go to dillonschools.org and then to the middle school and enjoy our rotating picture gallery. After the difficult deliberation by the judges, Mr. Williams' 8th period class was chosen, and they will enjoy a pizza party. For hat day, Adi Pilon and Kira Kempf were the winners. For twin day, it was Ashlyn Burke and Parker Mehring with their valentine candy box outfits. For the staff it was Mrs. Martin and Ms. Lynn, our science teachers with their matching lab aprons. There were many great twins that day. The winners also will be receiving a prize soon.

We have some wrestling results. In Townsend, our wrestlers did very well. Winning all three matches were: Hank Hagenbarth, Beaudry Payne, Dax Button, Terron Mussard, Logan Barnes and Andrew Frecker. Going 2 and 1 were: Tucker Crowe, Landen Wendland, Beau Reynolds, Jace Alvarez, Jayden Abbey, Andrew Bartolome, and Collin Peterson. Going 1 and 2 were Tristan Alvarez and Mac Campbell.

Last Saturday, the teams went to Butte East. Our champions from that meet were Hank Hagenbarth and Beaudry Payne. Andrew

Access Improved to Key Montana Elk Winter Range

A swath of vital western Montana elk winter range is now conserved and opened to public access thanks to a collaborative effort by a conservation-minded family, the Bureau of Land Management and the Rocky Mountain Elk Foundation.

"No matter the size, every piece of elk habitat counts. And protecting this small parcel keeps the landscape intact," said Kyle Weaver, RMEF president and CEO. "We appreciate the Webster family for recognizing and valuing public access while working with us to get this deal done."

The 40-acre tract in the Big Hole Valley was previously a private inholding surrounded on three sides by BLM-managed lands. Now falling under BLM management, it ensures winter range for elk, mule deer and moose remains connected.

"The Johnson Creek acquisition will maintain important habitat connectivity for wildlife and improve public land access for recreationists. We are grateful to our partners at RMEF and landowners like John Webster and Jennifer Gilchrist," said Lindsey Babcock, Butte field manager of BLM's Western Montana District.

"Wildlife habitat continues to be under increased development pressure in southwest Montana and we wanted to make sure this piece of land stayed the way it was," said John Webster and Jennifer Gilchrist. "It feels good knowing that we helped conserve a piece of elk country while expanding public access to both this parcel and neighboring public lands."

The property lies within the Fleecer Mountains approximately 10 miles northwest of the small community of Wise River near the Big Hole River. Adjacent to more than 12,000 acres of public lands managed by the U.S. Forest Service, State of Montana and the BLM, the transaction immediately improves access to 1,600 acres of those surrounding public lands. It also assists wildlife managers with over-objective elk populations in Hunting District 319 since the new access point helps hunters into areas previously difficult to reach because of steep terrain.

Wildlife-friendly fencing allows animals to freely move across a landscape that also includes vital riparian habitat supplied by Johnson Creek, a tributary of the Big Hole River providing spawning areas for trout, which crosses the property.

The Johnson Creek project is 15 miles from the Mount Haggin Wildlife Management Area, where RMEF carried out several land conservation and access projects as well as other RMEF work in the Big Hole Valley.
