Wood Bank Re-Dedication April 24

On Sunday April 24, 2022 at 2 pm the Beaverhead Community Wood Bank Ministry will celebrate 14 years at their current location, and rededicate the wood processing yard in memory of their founder, Father Harry Neeley.

The public is invited to a brief ceremony followed by refreshments at the wood yard, located at 175 Lovell Road. This is an outdoor event – please dress for comfort according to the weather. Following an invocation by The Reverend Jane Shipp, and remarks by Wood Bank volunteers, “Moosejaw” Geoff Roach will provide music.

The Wood Bank is a unique all-volunteer nonprofit inspired by the late Father Neeley, retired Episcopal priest. Volunteers cut, split, and deliver wood to households in need (low income, disabled) throughout Beaverhead County.

This season, since September 2021 the Wood Bank has distributed about 115 cords of wood among 43 households.

For information about this event, contact Rick Hartz at 406-683-4506.

RECEPTION AND BOOK SIGNING

Join us Friday, May 6th
for a reception and book signing
featuring Mary Frances O'Connor.
5:00-7:00

The Grieving Brain:
The Surprising Science of How We
Learn from Love and Loss

A renowned grief
expert and neuroscientist shares
groundbreaking discoveries about
what happens in our brain when we
grieve, providing a new paradigm

for understanding love, loss, and learning.

For as long as humans have existed, we have struggled when
a loved one dies. Poets and playwrights have written about the
dark cloak of grief, the deep yearning, how devastating heartache
feels. But until now, we have had little scientific perspective on
this universal experience.

In *The Grieving Brain*, neuroscientist and psychologist Mary-
Frances O'Connor, PhD, gives us a fascinating new window into
one of the hallmark experiences of being human. O'Connor has
devoted decades to researching the effects of grief on the brain,
and in this book, she makes cutting-edge neuroscience accessible
through her contagious enthusiasm, and guides us through how
we encode love and grief. With love, our neurons help us form
attachments to others; but, with loss, our brain must come to
terms with where our loved ones went, or how to imagine a
future that encompasses their absence.

Based on O'Connor's own trailblazing neuroimaging work,
research in the field, and her real-life stories, *The Grieving
Brain* does what the best popular science books do, combining
storytelling, accessible science, and practical knowledge that
will help us better understand what happens when we grieve and
how to navigate loss with more ease and grace.

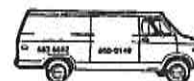

*Happy Healthy Smiles
are our business!*

Friday night the Old Depot Theater was packed to standing room only as musicians, family members, and friends came together to celebrate Dillon's own Queen of Country - Boots Lake.

Through the direction of Steve Ingram musicians Monty Hankinson, Whitney Longie, Joel Longie, River Delasio, Whitney Olsen, Ronnie Russell, Buddy Hughes, Johnny Bacon, Joan Bacon and Lois Johnson. Took turns singing and playing tunes that either were favorites of Boots or songs that they performed with Boots.

The night had a special guest when Beaverhead EMS showed up with Boots herself. Rolling her into the theater, she was able to hear the music in person and enjoy the evening with so many others that came out to say thank you for the 30 plus years of entertainment she has provided Dillon and the surrounding areas. If you would like to see the concert you can find it here <https://youtu.be/7SAybur4AmQ>

SIDEWALK RENOVATION PROJECT

Happy day to our wonderful community of Dillon, Montana! Monday was the start of our Jaycee Park Renovation Project. Please excuse our mess and we appreciate your patience while we work rigorously to get the job done.

We will be posting pictures and updates on our progress, so stay tuned in on facebook with RE Miller.

In addition, the park is not closed but there are areas that are marked off to block public access to our work area for safety precautions. We ask that you please do your best to avoid those work areas and keep in mind that our work areas will be changing as our work progresses.

Thank you everyone!
RE Miller

The Friends of the Jaycee Park would like to ask PARENTS and KIDS visiting the park to stay safe and stay off RE Millers equipment. It *is not a new attraction* or ride to play on and for every ones safety and liability please stay off the equipment.
