The ticket office opens at 9 a.m.

The Paradise Tour will be offered throughout May, and the Classic Tour will be added in June. The campground and trails are open now, and the showers, comfort station and water stations will reopen as weather allows.

Paradise Tour

The Paradise Tour includes a view of the largest and most decorative room in the cave — the Paradise Room. This 1-mile tour lasts 90 minutes. It includes 15 stairs between two rooms, but the path is mostly level and partly wheelchair accessible. Because the paradise tour provides better accessibility and easier passage, this tour is highly recommended for anyone with small children, claustrophobia concerns or mobility challenges.

The Paradise Tour will be offered on the half hour from 9:30 a.m. to 3:30 p.m. Wednesday through Sunday until Memorial Day weekend. Starting Memorial Day weekend, reservations can be made, and tour times will change to 10:30 a.m., 12:30 p.m., 2:30 p.m. and 4:30 p.m. These times are subject to change, so visit fwp.mt.gov/stateparks prior to your visit.

Tickets for the paradise tour are \$10 for seniors ages 62 and older, \$15 for visitors ages 15 to 61, \$10 for kids ages 5 to 14, and free for anyone 4 or younger.

Classic tour

The classic tour features a 2-mile journey through the majority of the developed cave tour route, including the second-largest and longest rooms in the cave. This tour lasts for two hours and includes more than 600 stairs, stooping and tight squeezes. It is not recommended for small children, or visitors with mobility limitations or claustrophobia.

Bats occupy some rooms that are part of the classic tour. Bats can be susceptible to pathogens carried by people. To reduce risks to sensitive bat populations at the park, visitors will be asked to wear facemasks in rooms that contain bats.

The Classic Tour will be offered starting in June on the hour from 10 a.m. through 4 p.m. by reservable tickets and as staffing allows.

Circus Fantastic

Jeremy Crawford - Southwestern Montana News

Circus Fantastic made its debut in Dillon Wednesday afternoon at the Frontier Events Center. Children of all ages took delight in a show that was entertaining. The show featured clowns, contortionists, a high wire act, and even a Transformer.

The show also served out traditional circus treats and memorabilia one would expect. The performances featured a variety of different performers and stunts, some of which included audience participation and a few that had an audience member or two ducking.

O'Connor Signing Books at The Bookstore

The Bookstore will be hosting a reception and book signing on Friday, May 6th from 5:00-7:00 featuring Mary Frances O'Connor. She will do a reading from her "The Grieving Brain: The Surprising Science of How We Learn from Love and Loss" at 5:30.

O'Connor, a Beaverhead County High School graduate and renowned grief expert shares groundbreaking discoveries about what happens in our brain when we grieve, providing a new paradigm for understanding love, loss, and learning.

For as long as humans have existed, we have struggled when a loved one dies. Poets and playwrights have written about the dark cloak of grief, the deep yearning, how devastating heartache feels. But until now, we have had little scientific perspective on this universal experience.

In The Grieving Brain, neuroscientist and psychologist Mary-Frances O'Connor, PhD, gives us a fascinating new window into one of the hallmark experiences of being human. O'Connor has devoted decades to researching the effects of grief on the brain, and in this book, she makes cutting-edge neuroscience accessible through her contagious enthusiasm, and guides us through how we encode love and grief. With love, our neurons help us form attachments to others; but, with loss, our brain must come to terms with where our loved ones went, or how to imagine a future that encompasses their absence.

Based on O'Connor's own trailblazing neuroimaging work, research in the field, and her real-life stories, The Grieving Brain does what the best popular science books do, combining storytelling, accessible science, and practical knowledge that will help us better understand what happens when we grieve and how to navigate loss with more ease and grace. Call The Bookstore at 683-6807 if you have any questions or would like to reserve a copy of the book. Please note that there is parking available on the street in front of The Bookstore at this time.

Letter to the Editor

America is sinking Fast!

Never dreamed that I would have to face the prospect of not living in the United States of America. I've never wished to live anywhere else. This is my home; I was very lucky to have been brought to this country when I was 7 years old.

What has happened to this once great nation? I realize now that everything has changed for the worst. No matter how I vote, no matter what I say, no matter how much I pray, something evil has invaded our nation. Our lives will never be the same.

We have become a nation that has lost its collected minds, as well as our moral compass. Here are some the following reasons:

1. If a guy pretends to be a woman, you are required to pretend with him.
2. Somehow, it's un-American for the census to count how many Americans are in America
3. Russians influencing our elections is supposed to be bad, but illegals voting in our elections, that's good.
4. It's cool for Joe Biden to blackmail the President of Ukraine, but it was an impeachable offense if Donald Trump made a phone call to inquire about it.
5. 20 years of age is too young to drink a beer, but 18 is old enough to vote.
6. People who have never owned slaves should pay "Slave Reparations" to those who have never been slaves.
7. People who have never been to college should pay the debts of college students who took out huge loans for virtually useless degrees.
8. Foreign doctors and engineers who want to emigrate to America must go through a rigorous vetting process but any illiterate gang member or terrorist who jumps the southern fence.... they're welcomed.
9. 5 Billion for border security is too expensive, but 1.5 trillion for free health care and free college...that's not.
10. If you cheat to get into college you go to prison, but if you cheat to get into the country, you go to college...for free.
11. Throughout history more than 200 nations have gone to socialism and have ultimately collapsed, but it seems like a great plan for America.
12. Criminals are caught and released to hurt more people but stopping them is bad because it's a violation of their civil rights.

Nothing makes sense anymore. No values, no morals, no civility. We are clearly living in an upside-down country. Where right is wrong.... wrong is right...morality is immoral.... immorality is moral...good is evil

and evil is good.

Wake up America! The great unsinkable ship "Titanic America" has hit an iceberg, it's taking on water and is sinking fast. We (legal ones) are drowning. Speak up while you still have a breath and a voice to do so. For soon, you won't have either one.

Nikita Khrushchev once quoted: "I can prophecy that your grandchildren in American will live under socialism - Our firm conviction is that sooner or later Capitalism will give way to Socialism. Whether you like it or not, history is on our side. We will bury you!". Unquote.
