Forest Service Permitting for Morel Mushrooms

Following last summer's wildfires, the Beaverhead-Deerlodge National Forest (BDNF) has developed a morel mushroom permit system for the anticipated surge in personal and commercial mushroom collection. In order to provide opportunity for both groups to harvest mushrooms while minimizing the social and resource impacts that may occur, commercial mushroom harvesting has been designated for the previous year's Trail Creek and Haystack Fire areas. Commercial harvesting is not authorized for other previous year fire areas on the Forest. Residents can gather up to five gallons of mushrooms before being required to get a permit, free of charge, from the Forest Service.

Mushrooms are considered a forest product and are categorized for incidental use, personal use, or commercial use. Incidental use does not require a permit, allows an individual to collect up to one gallon of mushrooms per day, but no more than five gallons of mushrooms per season. Mushrooms must be sliced in half lengthwise from stem to cap, and resale is prohibited. A Personal Use (Free) permit allows an individual to pick up to 5 gallons (12.5 Lbs.) of mushrooms per day. A maximum of 20 gallons (50 Lbs.) can be harvested per season. A permit is required and must be in

possession when collecting and/or transporting mushrooms. Personal Use permits are valid through September 30, 2022. Commercial harvest is only allowed in designated areas on the BDNF and a permit is required that is price-tiered according to the amount collected or duration of collection time. Campsites have been designated for commercial harvesters and maps for these areas, as well as complete information for permitting are available at <https://www.fs.usda.gov/main/bdnf/passes-permits>.

Beginning May 23rd, 2022, the Wisdom Ranger District of the BDNF will be selling commercial mushroom permits for the Trail Creek Fire area on Mondays from 0800 to 1630 MST and the Darby-Sula Ranger District on the Bitterroot National Forest will sell commercial mushroom permits for this fire area on Tuesdays from 0800 to 1630 MST. The Butte Ranger District will have commercial permits available for purchase on Wednesdays during the same time slot for the Haystack Fire area. Please refer to the BDNF website for complete contact information for each district.

"I look forward to the public being able to take advantage of harvest activities on their public lands and hope they can do it safely," Molly Ryan, Wisdom District Ranger of the BDNF said. "Remember to look up and around to make sure an area is safe from overhead hazards before harvesting mushrooms. In these burned areas, the potential for snags or trees to come down are higher due to instability. I'd also ask everyone to be mindful of increased foot and vehicle traffic on roadways in the harvest areas and to not park where it is not fully safe to do so."

For further information and questions, please contact the BDNF Public Affairs Office at (406) 925-3353

LADY BEAVS SOFTBALL

The Lady Beavers suffered a tough loss to Butte Central tonight 6-14. I think we must've left our bats in Stevensville because we couldn't get anything going offensively tonight. We only managed to get 3 hits, all from our first three batters. Lexy Johnston went 1 for 2 with 1 RBI. Emily Brevig with 1 for 3 with a triple. And Kinzy Creighton went 1 for 4 with a homerun deep over center driving in 2 runs.

Defensively we did great. We only had 2 defensive errors which is what we've been striving for. But, I have to give credit to the Maroons for their patience at the plate tonight. they tallied 12 hits, drew 19 bases on balls. And all 14 of their runs were earned runs.

I felt like we battled, and the girls stayed focused.. it just wasn't our night which is unfortunate because we really needed this win to qualify for the state tournament.

Attorney General Knudsen calls on DHS to disband its Orwellian 'misinformation' board

Montana Attorney General Austin Knudsen called on the Biden administration to disband its Orwellian "Disinformation Governance Board" before it further chills free speech, calling it "unconstitutional, illegal, and un-American."

In a letter to Department of Homeland Security Secretary Mayorkas, Attorney General Knudsen and 19 other state attorneys general decried the administration's attack on the First Amendment. The creation of a "Disinformation Governance Board" violates the constitutional freedoms that state attorneys general are responsible for defending.

"The Disinformation Governance Board, by its very existence, and almost certainly by design, threatens to 'enforce silence' when Americans wish to express views disfavored by the Administration. It is therefore already chilling free speech and impeding the political process," the letter states. "This is unconstitutional, illegal, and un-American. Unless you turn back now and disband this Orwellian Disinformation Governance Board immediately, the undersigned will have no choice but to consider judicial remedies to protect the rights of their citizens."

The board's creation itself, which has been compared to the "Ministry of Truth" from George Orwell's novel 1984, abridges a citizen's right to express their opinions and disagree with the government, furthering self-censorship rather than protecting freedom of speech. The board's creation is also another example of federal overreach from the Biden administration as there is no statutory authority to support it.

Beaverhead County Road Department opened the Pioneer Mountain Scenic Byway and Lemhi Pass yesterday, May 12th.

Montana State Parks sees slight decrease in visitation so far for 2022

Temperate weather with a few cold spells during the first quarter of 2022 contributed to a slight decrease in the number of overall visitors to state parks in Montana.

The state park system recorded 358,230 visitors in the first quarter, a decrease of 8.6 percent from 2021, but an increase of 9.3 percent over the same period of time in 2020 and an increase of 62 percent over 2019.

"We're grateful for the cooler temperatures and some moisture along with the benefit that has for the habitat and resources at our sites," said Hope Stockwell, administrator of the Parks and Outdoor Recreation Division at Montana Fish, Wildlife & Parks. "While that may have contributed to a decrease in visitation this quarter, our numbers remain high compared to historic levels. We appreciate our users continuing to recreate responsibly and practicing 'Leave No Trace' principles during their visits."

Visitation snapshot for the first quarter of 2022:

Southwest Montana: Region 3 saw an estimated 21,755 visitors across its six parks reporting visitation figures during the first quarter of this year, an estimated 11.3 percent decrease in visitation compared with last year.
