AG Knudsen Leads 15-State Effort Opposing Dettelbach as Biden's ATF Director Nominee

Montana Attorney General Austin Knudsen and 14 other state attorneys general in a letter today urged the U.S. Senate to reject Steven Dettelbach's confirmation as director of the Department of Justice's Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF), citing his history of anti-gun rights activism.

"In recent years, the ATF has proposed various rules that over-step the authority Congress has granted it, threatening those jobs and the rights of our constituents," Knudsen and the other attorneys general wrote. "So far in his confirmation process, Mr. Dettelbach hasn't indicated that he would attempt to rein in any of these overreaching actions. And given his previously expressed gun restriction predilections, it appears he would likely continue or even accelerate the ATF's attempts to restrict Americans' rights and erode constitutional restraints on federal power."

"As Americans continue to suffer from the crime wave, the ATF desperately needs a director who will crack down on violent criminals and organizations—not one who will pursue an anti-gun political agenda under the guise of law enforcement," the letter stated.

Attorneys general from Alaska, Arkansas, Arizona, Georgia, Indiana, Kansas, Louisiana, Missouri, Oklahoma, South Carolina, South Dakota, Texas, Utah, and West Virginia also signed onto Knudsen's letter.

Last year, Attorney General Knudsen led a coalition opposing David Chipman's confirmation as director of the ATF for his threat to Americans' right to keep and bear arms, a nominee that President Biden was ultimately forced to withdraw.

Give your old eye glasses a second life!

The Dillon Lions Club will be at the Farmer's Market on Saturday June 25th. We will be accepting donations of old unwanted eye glasses. Your donated eye glasses are recycled and are used to support Lions Club International's vision programs in other countries.

The Lions Club is passionate about our vision screening program. Experts say that roughly 80 percent of what a child learns in school is information that is presented visually. It has been noted that children with vision difficulties typically do not complain. For these reasons, we, the Lions Club of Dillon, Montana, screen students in Dillon as well as all Beaverhead County rural schools. The club screens students in the fall as the school year begins. We also screen the Montana Youth Challenge Cadets at the beginning of each session, (3 times a year). Our club's members volunteer their efforts and travel many miles throughout the county to provide this vision service.

The club may offer assistance in purchasing eye glasses and eye examinations.

If your child has had their eyes checked, stop by and say Thank You, to a Lion.

Farmers - Ranchers, thank you

By: MJ

With Mother Nature providing the Winters Chill and Summers Heat, the farmer continually works so the world can eat.

What is it going to cost you to buy the farmers product produced this year? After growers pay for the higher cost of irrigation, diesel, repairs, equipment, employees etc., what will you end up paying at the grocery store for food? Those high prices to operate will be passed onto you.

Question: After the higher costs of producing food, will your paycheck have increased to offset the inflated costs? According to economists the average middle class workers paycheck will not increase enough to fill the gap. **Question:** What will be deleted from your lifestyle for your family to have food on the table? *Many Americans have far more then needed and can cut back on their living comforts, however others have only what they need and no extras.* **Question:** Are the cuts going to require reductions in the bare family necessities like; food, medical, water, heat, electricity, jobs, home...

While figuring out how you are going to handle the higher prices, we need to take a moment to thank the farmers for providing the food. Many farmers will be the victims of the higher prices and will go out of business because of this higher operating expense.

Thank you farmers.

FWP seeks comments on proposed habitat program on Fleecer Mountain WMA

Montana Fish, Wildlife & Parks staff are seeking public comments on a draft environmental assessment for a proposed nine-year habitat management program on Fleecer Mountain Wildlife Management Area.

The comprehensive program is designed to improve range conditions on the WMA for wintering elk and other wildlife species. Specific actions include renewing an exchange-of-use agreement and an exchange-for-services agreement with local ranchers and incorporating controlled burning as needed on smooth brome fields on the WMA. The proposed plan would extend from May 2023 through October 2031.

Fleecer Mountain WMA provides habitat for a variety of wildlife throughout the year. The WMA is near the Big Hole River just north of Divide, about 20 miles south of Butte.

A draft environmental assessment on the proposed plan has been published online at go.usa.gov/xJEed. Comments on the draft are due by 5 p.m. on July 1 and can be submitted by email to vboccadori@mt.gov with "Fleecer Grazing" in the subject line or by mail to:

Dillon City Council - Part 2

Jeremy Crawford Southwestern Montana News

Minutes moved freely up to the discussion of the Normal Street bridge closure. The closure is due to the condition the bridge is in. A few members of the city council along with an engineer who volunteered to look at it, recommended it be closed and removed as it is not safe to be used. At this point Council Person O'Rourke spoke and made a motion to reopen the bridge and remove the dangerous concrete barriers that the city has placed in front of the bridge. Reopen the bridge and allow it to remain open till the city provides a written report describing the process the city uses for closing bridges, roads, and other infrastructure. Also, a written report from an engineer describing the current conditions of the walking bridge, structural deficiencies of the walking bridge, the life of the current walking bridge, options for replacing the bridge including cost estimate, and the fifth was engineering recommendations for the walking bridge.

Director of Operations Mr. Hazelbaker said as a correction.

"Right now, we do not have concrete barriers in front of it, we just have chain-link fencing on it with a warning." Council person O'Rourke responded back.

"Right now, there are blockades surrounding the bridge that are dangerous. The most dangerous part of that area is the sidewalk. The sidewalk that boundaries that area on the block on either side. There are several pieces of that sidewalk that have jumped up and one of those has been placed in front of the bridge and that needs to be removed. I don't care. I have a motion on the table, since we have closed that bridge, I have received more than thirty phone calls, emails, and text messages from people who live in the area who regularly use that bridge. We have a process, and they include getting engineering reports and other steps we need to go through."

At this point Mayor McGinley said we have a motion to reopen the bridge. Does anyone second the motion. George Johnston seconded the motion. The mayor then opened it up for comment. Council Person Nye brought up during the discussion put into closing the bridge; it was recommended

in 1981 that the bridge needed to be closed and or replaced due to structural integrity.

The mayor stated that this has shown a problem with the bridge and if someone were to fall off the bridge or get hurt while using it, the city's insurance would not cover them if they were to be sued. It would be passed onto the taxpayer.

Council member O'Rourke stated "We have a process we go through by law when we decide we are going to close different portions of our infrastructure. I will not go through these as we have a City Attorney here that can go through these. We should not just decide to close something because we think we should. We need to go through the professional process. We need to get an engineer to look at that bridge and give us a written professional report."

City Attorney Marta Farmer stated that if something is an immediate hazard, we do need to close it off. That process can be started but if something is an immediate hazard it needs to be addressed. Council member O'Rourke continued to argue stating she has had 50 plus people who must use the bridge daily they have no other route. When asked for the emails and text messages she refused to present them. The argument went back and forth when Council person Hand asked if she wanted to go through this process. Do you really want to spend up to \$60,000 on seeing if it is liable, she stated yes. Southwestern Montana News went and looked at the bridge, there are no concrete pillars blocking the bridge many of the statements made were false. The motion to have it reopened was rejected with only council person O'Rourke and Johnson voting yes on it.

Compliance/Bank Secrecy Act (BSA) Assistant

This position is responsible for supporting the Compliance Officer in ensuring compliance with all regulations and guidelines in accordance with federal and state banking laws. This position also has the responsibility for the day-to-day monitoring of the Association's BSA/Anti-Money Laundering (AML) program and assists with other regulatory developments pertaining to the Association as they arise.

Essential Duties and Responsibilities:

- Serve as point of contact for regulatory and external BSA audits, including gathering information, answering inquiries regarding processes and procedures.
- Conduct annual BSA training for all employees and Board of Directors.
- Develop, monitor, and update policies, procedures and risk assessments relating to BSA, Office of Foreign Assets Control (OFAC), USA Patriot Act and other regulations as assigned.
- Monitor and document high-risk accounts and perform enhanced due diligence.
- Review, file and monitor Currency Transaction Reporting (CTR) and Suspicious Activity Report (SAR) reporting.
- Loan file review on in-house originated loans
- Contributes to the development of forms and disclosure documents for compliance with bank policy and regulatory requirements.
- Studies new banking products and services to evaluate risks.
- Manages and prioritizes incoming workflow to meet all deadlines.

Qualifications:

- Detail-oriented, self-starter, proactive, and resourceful in problem solving.
- Be able to communicate effectively with subordinates and superiors
- Flexible and possess the ability to manage multiple projects simultaneously with minimal supervision.
- Bachelor's degree in business administration, banking, economics, accounting/auditing or related field; or equivalent work experience.
- Experience preferred in one or more of the following areas: Compliance, BSA, AML, OFAC, Internal Audit, Information Technology

Benefits:
