Did the City have a Legal Meeting or not?

Special Council meeting, August 23, 2022

By: MJ

August 23, 2022 council meeting was to discuss Fairground Change Orders for water line installed. These Change Orders were CO5-1 and CO5-2.

NOTE: *Appears that there may be a question. Was the law followed during the August 23rd Special Council meeting. The public was not given a right to speak before any votes were taken by the council. There is a supreme court ruling dealing with this issue and it may be in question if the meeting was properly done or an illegal meeting. Question is: Would this open the doors for lawsuits?*

One of the change orders, CO5-1 was for the extension of water line at cost of \$101,188.26 and other various additions at cost of 3,484.98. With the council being the strong structure of city government, the council needed to be addressed and approved these changes. A council person asked Dowl Representative who had given permission for work to be done as the council had not approved this work. A representative told the council that, city personnel had given approval. **Remember:** The city is a strong council structure which means the council must approve a contract before the mayor can sign it. **Question:** Was this a verbal agreement with city personnel or is there a signed contract and who signed it?

The council did vote to approve accepting the bid for CO5-1 and CO5-2. **Note:** The public was not allowed to speak before a vote was taken. It was not a unanimous vote as several council persons voted against accepting the change orders.

The council was voting to approve the bids and not voting to pay the statement. **Question:** *Is voting to approve the bid saying you will pay the statement? Are you confused yet?* Clarification: If the job is not done according to contracts the council can still refuse to pay it. Not likely to happen. DOWL is the engineering company and Mungas Company, Inc. is the contractor.

Near the end of the meeting, it was suggested to close the meeting and then have continued discussions. That is a **big NO**. Direct violation of Open Meeting Law. People have a right to a government that is transparent. *Transparency, is perhaps most commonly used in a figurative way to refer to a state in which things are free from any attempt to hide something. To even make this suggestion is against the Open Meeting Laws.*

Mineral Oil

Bryce Angell

I remember when I worked as a post-surgery RN.

I'd see patients suffering side effects from surgeries back then.
Each morning when the elevator opened on my floor,I would get a list of patients who were feeling mighty sore.
They all had major surgery. Let's say they'd been tuned up.But now were nauseated 'cuz they seemed to be plugged up.
I'm not talking 'bout their sinus or that brown stuff in the ear.I'm talking down there farther south and a little to the rear.
There is an old time remedy of mineral oil to cure.

It's awful to the taste, but it will loosen you for sure.

That mineral oil will clean you out. It'll find a way somehow.

I told an older patient, "Just be glad you're not a cow."

That fellow gave a look at me like, "Have you lost your mind?"

He was hobbling for the toilet, left me standing there behind.
I couldn't help but notice how he hobbled extra fast.He was 'bout to feel relief, his constipation wouldn't last.
I said, "You see when I was young, we milked cows on the farm.Those danged old cows would get plugged up. A sure cause for alarm.
"But we always had a quart or two of mineral oil on hand.We'd pour it down the cow. If not, the cow would soon expand."
I wondered how a cow could drink a quart of mineral oil.

It wasn't long before her innards rumbled in turmoil.

The growling and the gurgling gas would soon come flying out.

The mineral oil had remedied the plugged up cow, no doubt.

I learned that you should never, ever stand back at their rear.

My cousin caught a blast and it was more than just a smear.

So then I told him, "Sir I see you've been up twice to go.

The mineral oil has done its job, and not a bit too slow.

"I'll stand back here and help you make your way back to the john.

But please give me a warning if a cough is coming on."

Attorney General Knudsen asks federal panel to overturn BLM's bison grazing decision

Montana Attorney General Austin Knudsen asked a federal board
to overturn the Bureau of Land Management (BLM) decision to grant a
permit change allowing bison grazing in Phillips County. The permit is
a part of the American Prairie Reserve's broader effort to expand bison
grazing on the plains across northern and eastern Montana.

Attorney General Knudsen's appeal asks the U.S. Department of the
Interior Office of Hearings and Appeals to overturn the decision and issue
a stay until the appeal is resolved to prevent irreparable harm.

BLM's decision violates the Taylor Grazing Act, Federal Land Policy,
and Management Act, Public Rangelands Improvement Act, which all aim
to improve public range lands and uplift ranching communities.

Grazing indigenous animals like bison can be accomplished through
special use grazing permits, but BLM gave APR preferential treatment
through bypassing that permit process, upending its statutory scheme, and
prioritizing outside groups over Montana ranchers.

The BLM failed to adequately consider these economic impacts on
local communities as required by law as well as the interference a large
bison herd would cause surrounding cattle operations. Additionally, BLM
held a single virtual meeting "in the middle of the day, in the middle of
the work week, in the middle of haying season—a time and format that
precluded the participation of those individuals most impacted by the
proposal and most likely to offer salient feedback."

Last September, Attorney General Knudsen held a public listening
session in Malta. More than 250 Montanans came to the meeting,
including agriculturalists who said the BLM effectively ignored and shut
them out from its public comment process. Following that, he filed formal
comments with the BLM that spelled out the legal issues with the agency's
inadequate review process and with the APR's proposal itself.

WESTERN BULLDOG FOOTBALL

Montana Western Bulldog football team fell to the Carroll College Fighting Saints on Saturday afternoon at Nelson Stadium in Helena, Mont.

How It Happened

The Bulldogs started the game with a strong eight minute and 67-yard drive. The drive stalled after a touchdown was called back on a penalty and the Saints defense picked off a pass from senior quarterback Jon Jund. The Bulldog defense held strong that forced a Carroll field goal for the first score of the game.

After a Bulldog punt in the second quarter, Carroll got the ball at their own 42 yard-line. They scored on a third down pass to Carroll College tight end Tony Collins. The Bulldogs then went on a 10-minute drive for 81 total yards that led to a field goal made by sophomore kicker John Mears. The Bulldogs trailed at half 3-10.

The third quarter saw the Bulldog defense force four straight three and outs. The Bulldogs then started the fourth quarter with a 12-play 50-yard touchdown drive that culminated in a Jon Jund pass to senior wide receiver Blake Sentman to tie the game at 10. On Carroll's next two drives, the UMW defense held them to two field goals. Down 10-16, the Bulldog offense had the ball with 2:32 remaining, but were unable to put together a game-winning drive.

Notables

Jund threw for 127 yards, one touchdown, two interceptions, and ran for an additional 91 yards. Sentman caught a six-yard pass for the lone touchdown on the day. Kameron Rauser led the defense with seven total tackles. Tanner Harrell and Hirkley Latu combine for two sacks.

The Bulldogs defense held Carroll to 195 total offensive yards, including just 47 rushing yards.

Up next

The Bulldogs will look to pick up their first win of the 2022 season at home next Saturday at 1 PM against Eastern Oregon University.

Letter to the Editor

I sat in Jaycee Park this afternoon. The sky was cobalt blue, the air pure and clean, the breeze just perfect - and I was humbled by this perfect moment. Children were playing, a family was picnicking, and I was heartened that there were no dogs present.

This letter is my heartfelt plea that you who walk your beloved pets stay off this one beautiful block in the middle of our small community. There is a whole town, a whole county where dogs and their owners can be exercised. The lush new sod in the Park, the former grass restored by water except in the rash of irretrievable dead spots between the pavilion and sidewalk left by thoughtless walkers and dogs in the past. Please don't excuse a dog only peeing on the grass for children run on that grass, people put down blankets, others walk barefoot, and watering the grass dilutes animal urine into the groundwater. This Park is at its most beautiful right now, and for everyone's sake, please keep your dog away from it. You who do right by your pets have the responsibility to do right by your neighbors.

Sincerely, Val Neeley

WANTED - OLD AMERICAN MADE GUITARS 9/26 PD

Wanted- Old American made Guitars Hi, my name is Rich Dixon and I live near Salt Lake City. I'm an older musician in my later 60's (still working) and I am trying to find guitars to play like those I had in my younger years ...I am looking for American made instruments from the 1960's and earlier.

The brands I'm most interested in are Gibson, Fender, Martin, Gretsch and some by Guild and Mosrite ... These are the instruments that suit my music and playing the best. I'm interested in both electric and acoustic instruments and also old tube amplifiers from that era as well...

I want them to Play (I'm not a collector) so they don't have to be in pristine mint condition; used but not abused is fine. I'm just after instruments that haven't been altered and have their original parts and electronics so that they sound and play like they did back when I used to own them ...

If you have something like that that you might consider selling I'd love to hear about it ! If it's something I really want or could use I would pay in cash and drive up there to pick it up ... Please feel free to call or text me at (801-319-1109) and Thanks so much for taking the time to read this!

Living Legends of Greece Tour

Fourteen full days in Greece, May 8-May 21, 2023, plus two travel days.

Day 1, Sunday, May 7, Depart Montana
Day 2, Monday, May 8, arrive at Thessaloniki Airport
Day 3, Tuesday, May 9, Thessaloniki
Day 4-14, May 15-20, Travel across stunning Macedonia and Northern Greece
Day 15, May 21, Return to Thessaloniki
Day 16, May 22, Depart Macedonia for Montana
Cost: Approximately \$5000 all inclusive (airfare, hotels, and most meals)

The tour begins in Thessaloniki (Thessalonica), Makedonia (Macedonia), second largest city in Greece and a UNESCO World Heritage site. Founded in 315 BC, it is the country's cultural capital with ancient buildings, top museums, festivals, cultural events and a key political, economic, military, and transportation hub throughout its twenty-three centuries of history.

Classical Greek antiquity (8th century BC and the 6th century AD) King Phillip of Macedonia, and his son Alexander the Great ruled the area from the city.

The Roman Empire (27 B.C. to 476) Thessaloniki was a co-capital with Rome in the later years of the empire and the Edict of Thessalonica made Christianity the state religion of the Roman Empire was signed here.

Early Jewish and Christian History, the city housed a major Jewish community until the middle of WWII, and it was one of the first places where Christianity was preached when Apostle Paul visited the city in 50/51 AD.

Byzantine Empire (395 until 1453) also called Byzantium, was the eastern half of the Roman Empire, it survived over a thousand years after the western half dissolved. Thessaloniki has been called the "co-reigning" city of this empire, alongside Constantinople.

Muslim Ottoman Empire, (1299-1922) Thessaloniki had more than thirty-five minarets and the White Tower of Thessaloniki, a symbol of the city, is an Ottoman building.

Modern Greece, (1821-today) Learn about the history of wars, monarchy, dictatorship, military regime, and the self-governing country we see today.

In addition to Thessaloniki, the tour will play out in stunning locations throughout the Macedonian plain, highlighting its rich history and beauty. Participants will be immersed in archeological sites, art, culture, religion, and nature. Tour beautiful villages, churches and ruins reflecting the best of its multicultural heritage.

Stand in awe of natural wonders including majestic peaks, gorges, national parks, rivers valleys, wetlands, lakes, islands, and a biodiverse ecosystem of hundreds of flora and fauna. There will be many opportunities to sample some of the best and most delicious local food products during the travels such as meat, fish, cheese, wine, pastries, and much more.
